In telling the Washington story the teacher emphasizes the circumstances of George's truth-telling. But the man who owns cherry trees and a hatchet and a family of boys places a very strong emphasis on the fact that cherry-tree boughs made most excellent switches.

Turkey has made application to be placed under the guardianship of Uncle Sam. What Turkey needs is a guard, not a guardian.

When we realize the present crying need for reconstruction in every line we sometimes wonder if we were really ever constructed in the first place.

Would it not be dreadful if in five years' time there were no one in the United States who could tell the difference between Bohemian beer and Bavarian beer and Beck beer?

Many of our old salts (say 18 to 22 years old) are reaching home these days, hanging up their uniforms and their sea legs and their choice marine vocabularies, and getting ready to plow the fields instead of the raging main.
