

LOCAL AND PERSONAL.

Auto electrical repairs. Jack McAlister.

Joe Chlopa is home after spending the winter at outside points.

S. N. Bolton was a business visitor to our city during the week.

Found—Boy's watch, with cat or pressed steel fob. Owner may have same on identification. This office.

J. W. McCulloch, formerly district attorney of this district, and who lives at Ontario, is in the city to look after the interests of his clients in the circuit court.

Dick Hayes came in Wednesday. He got over to France, but said the armistice signed the right quick when they found he was over and ready to go to the front. He is looking fine and received a hearty welcome from his former school mates and friends.

C. A. Bedell is in town looking after some business interests. He has been over with Charley Lillard for the past several weeks, since he no longer resides in Winnemucca. He says he's just making himself welcome with his friends and has no permanent home.

THE FIRST NATIONAL BANK OF BURNS. CAPITAL AND SURPLUS \$100,000. "THE BANK THAT MAKES YOUR \$\$\$ SAFE." ACCOUNTS INVITED.

It is perfectly silly to make the assertion that the move toward a big irrigation district is not sincere and that the men who signed the petition are not favorable to a real irrigation system. That's exactly what is wanted and the object in forming the district. What else can they have?

E. B. Clark, the Happy valley stock man, was in town the other day on business. He was one of those who very enthusiastically signed up as a guarantee to the Chautauqua to be held in this city in June, as he realizes the attractive entertainment it will afford home folks.

R. D. Cooper, the civil engineer who has been associated with C. B. McConnell at intervals in his irrigation project investigations during the past several years, arrived here from Salem the fore part of this week. He has gone out to Silver Creek to give his aid in getting in readiness for the establishment of a reservoir for that district. He left Mrs. Cooper in Salem and reports for the benefit of her many friends in this vicinity that she is well.

The irrigation problem is becoming more settled as those interested get together and discuss its importance and its benefits. When they begin to get their fellow isn't entirely a hog and a really favorable to giving the neighbor a "look in" they get to a place where they can work. Instead of going at the thing right off the bat and getting at the meat in the coconut, some fellows have just taken it for granted that they are going to get the worst of it without minding the attitude of the other side.

Mrs. B. E. Ralston, one of the teachers in the high school, returned Tuesday evening from Portland, where she had been for several weeks. Since there is to be no more school for this session she is disposing of her things here and will return to Portland in a day or two, where she joins her husband. Mr. Ralston is with the Standard Oil company at present. He was formerly principal of the high school here, but resigned to enter the war service just before the armistice was signed, therefore got only as far as the officers' training camp at Eugene.

Sam Goodman was up from Lawen during the week.

Wray's stage leaves Sunday morning for Bend.

Prestley Smith has been over from his home at Diamond for a few days on business.

Sam Timbrell, the popular manager of the Vale Trading company, at Crana, was in town Wednesday.

W. H. Morrison was down from his home near Harney Wednesday taking in the "Dollar Day" bargains and visiting friends.

New seven-room house, 8 acres on river in city limits. Take part cattle, balance easy terms. Box 272, Burns, 4-26.

Thomas Bain and his son, Ralph, were down from their home near Harney Wednesday for a short business visit.

Wheat for sale at Brown's Quality Store. Sold only by the sack. No phone orders. No charge accounts for wheat.

M. Saunders, the sheepgrower, is back at his ranch in the Warm Springs district after spending the winter in Lake county.

Melvin Loan, one of the pioneer stock men of the Denio section, is in town on business before the circuit court.

Mr. and Mrs. J. M. McDade are up from their home on Trout Creek near Denio. Mr. McDade is extensively engaged in the stock business, being associated with J. W. Biggs.

Both the Wray stages came in on last Tuesday evening from Bend each with a load of passengers. This was the first trip this spring but from this time on they will make regular schedule time.

The Burns Garage has received a car load of Fordson Tractors and has disposed of one to Dr. Griffith and two to the William Hanley Company. These tractors seem to be quite satisfactory in operation and it is likely many of them will be used in this country if they can be obtained, the unfortunate thing being at this time they are hard to obtain because the factory has been busy with war orders until recently.

Mrs. F. E. Foren came in on the Wray stage Tuesday evening to look after some business affairs at home. She and Mr. Foren have been at Prineville since along in January and the lady informs us they will continue to make their home there for some time as her mother is quite old and feeble and it is her intention to remain with her so long as she needs her. Mr. Foren has been working since going over there and expects to enter the flour mills as soon as they open this spring, where he was employed for many years previous to coming here.

W. P. Barbee is a guest at the home of Mr. and Mrs. W. M. Sutton in this city. The gentleman arrived here Tuesday from Portland where he had been employed on the staff of the Morning Oregonian. Mr. Barbee is a Linotype operator and has spent a little of his time in this shop, keeping in practice. His wife and little daughter are quite well known to the people of this city as they are "home folks." Mrs. Barbee having been an operator on the telephone switch board for a time last year and the little daughter has been making her home with the Suttons for quite a while.

Notice of Estray Sale.

Notice is hereby given that the undersigned, Myrtle Haines, of Voltag, Harney County, Oregon, did on the 20th day of March, 1919, take up the following described estray, viz: One small red cow branded what appears to be a Woodman Stump, on left hip, and marked with a small bit in right ear; age about eight years.

That on the 21st day of March, 1919, the Justice of the Peace for Burns District, Harney County, Oregon, made and entered its order that the sale of said estray be given by publication in The Times-Herald, the said Times-Herald being the County official paper of Harney County, Oregon.

In pursuance of this order I will on the 12th day of April, 1919, at 10 o'clock in the forenoon of said day, at public auction offer the said estray for sale to the highest and best bidder for cash to satisfy cost of taking up and keeping and all expense incurred including the justice fees and all other expense that may have been regularly made.

Said sale to take place on my ranch about four miles east of Narrows, in Harney County, Oregon.
MYRTLE HAINES.

Dr. Smith performed a serious operation on Mrs. F. P. Hunt at the Haines hospital last Thursday. The patient is reported recovering nicely.

W. J. King is here from his home at Boise on a visit to his mother, Mrs. J. C. Freeman, and his brothers, Dick and Frank King.

Please fix this John

"Yes, I would, but I haven't the tools necessary."
"Well, I know where you can get just the thing."

AND JOHN FIXES IT

He ran down to the most reliable hardware store, where his wife had evidently been before and he was surprised to see many things that he needed to repair this and that about the house.

YOU

might profit by John's experience and repay yourself and mend your home by inquiring for what you need at

Everything for Everybody

Anything for Anybody

BUY IT FROM US IT PAYS

This is a general store and we are supposed to sell everything, and we live up to the general supposition.

You can buy anything you want here, from hardware to groceries, from needles to a good smoke.

It pays to buy from us, because we sell for cash, and an enormous amount of goods, and we can therefore sell at a closer margin of profit than some others.

You CAN'T lose, and you WILL gain. Now doesn't this line of argument appeal straight to your good common sense?

HOME INDUSTRY FACTS

The most active dollar in the world is the local payroll dollar. It never lies idle in the bank. Like the man on the payroll, it is always working—doing something for somebody.

It is the most democratic dollar—it serves the common people, not the rich—and it sustains all kind of business and professional life in the community. Don't let it leave Oregon. Keep it here by USING LOCAL PRODUCTS.
