

ARMY TO GET TALKS IN THRIFT CAMPAIGN

To teach thrift through subscriptions to the Victory Loan and War Savings stamps, three lectures on wise buying will be delivered to 1,500,000 soldiers now in the service. The talks will be made under the approval of Brigadier General Edward L. Munson, General Staff, U. S. A., and will be given under the direction of the Y. M. C. A.

OUR SOUL WILL PAY

There was very little to find fault with in the spirit which the American people showed when the war was brought home to them daily by deeds of heroism sent back from the fields of France. In those days, beneath the selfishness of commercialism, was laid bare the soul of our people. It was the same true, untarnished soul which built the country through nearly a century and a half of struggles which tested every fiber of our being as a nation.

It is this spirit and soul of our nation which makes possible the achievement by the American people of any task which they set themselves to do from the bottom of their heart. Our nation never went into anything with a more determined will than it did to defeat the abominable militarism which had been the lone star of the German people. The American people won that battle.

The government is now making an appeal to the same spirit which won that victory. The only work that remains to be done to make sure of an oversubscription to the fifth loan is to bring home to the American spirit which won the war the realization that there is another great task which it is right to be done. That is paying the bill of the war. The American people know the bill is just and will pay it.

OH LORD! HIT US ALL!

Former Secretary of the Treasury William G. McAdoo is telling this story to get buyers for the Victory Liberty Loan:

"A pastor in a New Jersey village," he said, "devoted a half hour one prayer meeting night to a loan appeal. His appeal was forcible. It even touched the rich old deacon, who hadn't subscribed to the loan hitherto on the ground that he could get a better rate of interest elsewhere."

"I'll take \$50," announced the deacon solemnly from his pew.

"Then, as he sat down, a piece of plaster fell from the ceiling, striking him a pretty hard blow on the head. He rose again hurriedly. He had a scared, awed look."

"I mean \$500," he said.

"Then Brother Jimmy Connor shouted lustily from the amen corner:

"Oh, Lord, hit him again!"

41 LANGUAGES AID FIFTH LOAN DRIVE

Pamphlets, posters, advertising and newspaper copy will be printed in 41 languages during the Victory Loan drive so that the campaign may be carried among people of foreign birth. All organizations with a foreign birth membership will be sent form letters and special appeals will be written by racial group leaders for publication in foreign language newspapers.

CHICAGO DAILIES HIT AT LOAN SWINDLERS

Chicago newspapers have made an agreement not to accept advertising of financial pirates offering to trade "gilt edge" securities for Liberty bonds and have started a campaign to educate the public against this swindle, through which it is estimated the public has been cheated out of more than \$500,000 a year.

Beware of small expenses. Stop them with War Savings Stamps.

"I BELIEVE IT SAVED MY LIFE," SHE SAYS.

Former Trained Nurse, Graduate of Bellevue Hospital, Gains 25 Pounds Taking Tanlac.

One of the most interesting of the many remarkable statements yet made in connection with Tanlac was given by Mrs. Mary J. Howard, who resides at 402 Westlake Ave., North, Seattle, recently. Mrs. Howard has been a resident of Seattle for the past eighteen years, and before her marriage, was a trained nurse and a graduate of Bellevue Hospital, New York. When asked if she would be willing for her statement to be published, she said, "yes, indeed, and you may start it by saying I believe Tanlac saved my life."

"I have suffered from stomach trouble and disordered liver and kidneys for five years and had gotten in such a bad condition, that I honestly felt like I was going to die. Everything I would eat would ferment in my stomach and the gas formed by it

NOT THE SHADOW OF A DOUBT

would cause my heart to palpitate so my breath would almost stop. There were intense pains all through my back about my liver and kidneys and I can't begin to tell how I did suffer. I had fearful headaches and was so nervous I hardly knew what sleep was. I was often down in bed for a week at a time, hardly able to raise my hand. Then I would manage to stay up for two or three days, but would have to give up and take to my bed again. I would often go for two or three days without eating a mouthful of anything. I lost weight right along and am telling the positive truth when I say I was in such an awful condition that I thought I was going to die.

"After reading and hearing so much about Tanlac I bought a bottle, thinking if it did others so much good, it

perhaps it might help me too. Well, it has not only helped me, but I have actually gained twenty-five pounds since I began taking it and have never felt better in my life. My appetite is good and my stomach in such splendid condition that I can hardly eat enough and I don't suffer a particle afterwards. All my pain and misery is gone, my kidneys and liver are acting splendidly and my nerves are perfectly strong and normal. I sleep every night like a child, and don't know what it is to have the headache. My husband has also taken Tanlac with wonderful results. In fact, I think it has done him as much good as it has me, and we both consider it the finest medicine made."

Everything for Everybody

BUY IT FROM US IT PAYS

This is a general store and we are supposed to sell everything, and we live up to the general supposition.

You can buy anything you want here, from hardware to groceries, from needles to a good smoke.

It pays to buy from us, because we sell for cash, and an enormous amount of goods, and we can therefore sell at a closer margin of profit than some others.

You CAN'T lose, and you WILL gain. Now doesn't this line of argument appeal straight to your good common sense?

Why the Essex Motor Car will be the sensation for the coming season

Every part and every detail of the Essex construction is of proved worth. It was designed and built by some of the foremost engineers of America, the same men whose genius produced the Super-Six. Many points of superiority in the Super-six which have proved themselves in years of service, have been incorporated into the Essex. The engine, only twenty-nine inches long, cast in one block with detachable head, readily develops more than fifty horsepower. Long life is assured by the ample proportions of the counterbalanced crank shaft, supported by three large bearings.
