## EAT MORE and PAY LESS

That is what everybody wants to do. It is what people DO do when they buy their groceries and provisions at this store.

We are always on the watch to keep an inferior article or a high price from creeping in. We don't like that any more than you do, for we are strictly alive to the fact that as long as we sell quality goods and make lower prices than the other fellow we will hold your trade, but that the moment we allow him to get ahead of us you'll go right over to him and we couldn't blame you.

That, plainly speaking, is why we ALWAYS make it possible for you to "Eat More and Pay Less" when you trade with us.
