

WILLIAM S. HART'S NEW
PICTURE "SELFISH YATES"

Popular Ince-Artcraft Star Has Role
of Selfish Man Whose Nature Is
Changed by Love.

"Selfish Yates," the new Artcraft
photoplay featuring William S. Hart.

the famous Thomas H. Ince star in western productions is said to be one of the most remarkable pictures in which that sterling portrayal of western roles has yet been seen. Imagine Mr. Hart as a confirmed egotist, whose motto is "myself first and to the devil with all others." That is "Selfish" Yates, the supreme master

of the sordid clique in Thirsty Center over which he presides.

But it is the woman, the simple, sweet, innocent little woman, who, by the magic force of her compelling eye and soft yet rigorous example, redeems him from his shocking mental condition and brings him to a realization that the love for a noble woman has a subtle power to the force of which egotism and selfishness must succumb.

As "Selfish" Yates, Mr. Hart affords his admirers another of those strong, robust western characterizations, for which he is famous. When the selfish devil in his breast is finally evicted, Yates fights fiercely to win and retain the respect and love of the girl he has learned to reverence for her sweetness, self-denial and purity. He saves her from a scoundrel from an avenging mob at her own request. Then he is left looking at the light in her cabin window—a man transformed, purified, forgetful of self and seeking happiness in the love of her through whom this magic transformation of his nature had been effected.

This is a great theme treated in a big broad way. "Selfish Yates" will be shown at the Liberty theatre next Sunday, and all who see it will agree that Mr. Hart never has done a better thing than this, and that, like all of his pictures, "Selfish Yates" conveys a splendid moral lesson.

The picture was directed by Mr. Hart himself under the supervision of Thomas H. Ince, and in his support appear such notable players as Jane Novak, B. Sprotte, Harry Dunkinson, Ernest Butterworth, Thelma Salter and others.

The "Amerocs" or army of occupation on the Rhine have gotten out a stunning manifesto describing their life as all joy and sunshine and calling on fifty thousand volunteers to enlist. But we have yet to learn that these heroes make any request to have their time extended when the government calls them home.

The world has no use for the quitter. In the prize ring, on the battlefield, and in the whole field of human endeavor, there is nothing but contempt for the man who fails to see his effort through. America's reputation for gameness is at stake in the Fifth Liberty Loan. All the fruits of victory will be lost if we fail to finish. It is for every money-earning individual to do his or her part for the nation's good name. Let the world say: "America saw it through—those Yankees never quit!"
