**THE FIRST NATIONAL BANK OF BURNS. CAPITAL AND SURPLUS \$100,000. "THE BANK THAT MAKES YOUR \$\$\$ SAFE." ACCOUNTS INVITED.**

Mrs. S. F. Tyler and children desire to express their sincere thanks to the many friends who were so kind and thoughtful during their recent bereavement.

Clarence Luckey has returned from a visit to Seattle to which point he took the trick stallion of Smith Crane where he turned it over to a carnival company for exhibition purposes.

Mrs. J. O. Alberson and daughter and Mrs. R. M. Briscoe arrived in town today. The Albersons are now living at Alberson, having moved from Denio. Mrs. Briscoe resides at Crane.

Mrs. Grover Hudspeth and little son are guests of Mr. and Mrs. Joe Thompson. Grover expects to come over from the Riley store this evening and will take them back with him tomorrow.

W. C. Cecil and his son Pat were over from their Silver Creek home yesterday. Carroll was one of the road delegates to Portland. He and Bill Johnson were the young men of the crowd who set the pace for the other fellows.

Wm. Sherburn was up from his home in the Denio country during this week, having accompanied a wool buyer up. From the latter we learn that wool has advanced very much recently and he said he would not be surprised to see it go as high as 60 cents.

George Simmons has purchased the barber shop of Raymond Sizemore and took possession of it last Monday. Raymond is still at work in the shop but expects to quit about the first of the coming month when he contemplates going to Portland to reside.

Mr. and Mrs. A. J. Jones went to John Day today. They were accompanied by Miss Helen Sayer who goes for a short visit with her sister, Mrs. Hal McLean, and other relatives. Mr. Jones and Miss Sayer expect to return home tomorrow, but Mrs. Jones will remain there for a time, to visit with relatives and friends and take a needed rest as she has been quite constantly engaged in nursing for most of the winter and spring.

A telegram received by a friend in this city from B. F. Jones, who was in Portland, states that a straw vote was recently taken on the street at Tillamook upon the proposed initiative amendments to be voted on at the June election. Two hundred and eighty-one votes were polled on the question of the Roosevelt highway and but one negative was registered. The proposed guarantee of bonds for irrigation projects was also put before them, and two hundred forty-seven were favorable to seventeen against.

**ZBYSZKO IN LINE FOR TITLED MAT MATCH**

A great wrestling match is promised when Champion Earl Caddock returns to his Iowa home from France, where he is now serving as a private in the U. S. army. Wladek Zbyszko's defeat of "Strangler" Ed Lewis and Joe Stecher will force Caddock into another match with the giant Pole. This is a new picture of Zbyszko.

**A FIRM FOUNDATION**

**ATTRACTIONS FOR THE COMING WEEK**

The management of the Liberty has just arranged for some exceptional pictures to come from this date on. The first special will be seen tomorrow night, "The Hun Within." This is one of the big plays of last season but as soon as things are shaped around the patrons of this house are to be given later releases and will be treated to some of the best photo plays produced.

The Liberty has contracted with the Paramount-Artercraft producers for all their releases and these will be seen from this date on. By making an enlarged contract the management has been able to secure the special productions at a rate that will permit them being produced at the regular prices. At any rate this is going to be tried at first, as it is believed the patrons will appreciate this progressive move sufficiently to justify it. All that is necessary to keep these best pictures coming and showing at regular prices is to have the public show its appreciation and turn out in sufficient numbers to make it possible.

The people of Burns are seeing the same class of photo plays at the Liberty in this city that the people in Portland do at the best play houses there and at practically the same prices. When one considers the cost of transporting the films to and from Portland the slight advance in admission charges here are insignificant. Besides in Portland these programs are shown over and over again while here we have but one program. The lights do not come on early enough to even permit two shows in one evening, so these condi-

tions must be taken into consideration.

Some of the productions for the coming week at the Liberty are:

Sunday night, May 11, "The Hun Within."

Wednesday, May 14, Mme. Petrova in "Exiles."

Saturday, May 17, J. Stuart Blackton in "The Judgment House."

Sunday, May 18, Elsie Ferguson in "A Doll's House."

C. H. Leonard has returned from Pendleton, where he went to attend to some legal matters before the Supreme Court. Mr. Leonard extended his visit to Portland while out as he was one of the party to go by auto to Bend and he found the other members, who were delegates to the road meeting, would not return for a day or two, so he decided it better to loaf in Portland than to await their arrival in Bend.

**He Does Heavy Work**

"I do heavy work, and that is a strain on a man's kidneys," writes Bert Dawson, Canton, Ill. "My trouble started with sharp pains over my back. I bought a bottle of Foley Pills and before it was gone, my pain had entirely left me." They banish rheumatic pains, backache, soreness, stiffness. Sold by Reed Bros.

**WISE AND OTHERWISE**

In the peace reconstruction in Europe the American porker is becoming a prominent element.

President Wilson could apparently find plenty of peace-making right here at home among his cabinet.

If Postmaster-General Burleson is thrown overboard to lighten the ship of state, will she reach a safe harbor?

The central powers may have been "chasing rainbows," but our Rainbows in Europe did all the chasing themselves.

Besides carrying their fifty-pound packs, the Rainbow division came staggering home under the weight of their citations and decorations.

It is noted this year that instead of the song-sparrow's usual strain, "Sweet, sweet, sweet, very merry cheer," he is singing, "Wheat, wheat, wheat, very, very dear."

President Wilson must not be surprised at the failure of his popularity in Italy. An earlier and greater than he heard the cry "Hosanna" today and "Crucify him" tomorrow.

The soldier's mess kit has been so long his plate and salad plate and bread-and-butter plate and vegetable dish that he is astonished to realize once more how much china it takes to serve a simple meal.

"Who shall decide when doctors disagree?" And who can be expected to be peaceful when a peace conference can't?

**CROPS WILL NOT BE HARMED BY LOCUSTS**

**REAL LOCUST-THE GRASSHOPPER**

The 17-year locust has lost its sting. In fact it never had any, scientists now tell us. It will arrive as scheduled this year, but it will do no harm. Its right name is the periodical Cicada, often mistaken for the locust. The grasshopper, the real locust destroys crops.

**What One Mother Does**

Mrs. P. Bennett, 7 Wawayanda Place, Middletown, N. Y., writes: "I have given Foley's Honey and Tar to my little boy, and cannot recommend it too highly as I think it is the only medicine for coughs and colds." Fine for croup and whooping cough, as well as coughs and colds. Contains no opiates. Sold by Reed Bros.

The statement made in a recent sermon that "In this life we only reach the stage of leaf and blossom" recalls to us that we have met various people who had apparently reached the nut stage.

In Chicago every purchaser of \$25,000.00 worth of Victory Loan is entitled to a ride in an aeroplane. Some of us would pay \$25,000.00 (if we had it) to stay out of the darned thing.

**BUY IT FROM US IT PAYS**

This is a general store and we are supposed to sell everything, and we live up to the general supposition.

You can buy anything you want here, from hardware to groceries, from needles to a good smoke.

It pays to buy from us, because we sell for cash, and an enormous amount of goods, and we can therefore sell at a closer margin of profit than some others.

You CAN'T lose, and you WILL gain. Now doesn't this line of argument appeal straight to your good common sense?

**Why the Essex Motor Car will be the sensation for the coming season**

Every part and every detail of the Essex construction is of proved worth. It was designed and built by some of the foremost engineers of America, the same men whose genius produced the Super-Six. Many points of superiority in the Super-six which have proved themselves in years of service, have been incorporated into the Essex. The engine, only twenty-nine inches long, cast in one block with detachable head, readily develops more than fifty horsepower. Long life is assured by the ample proportions of the counterbalanced crank shaft, supported by three large bearings.
