RECONSTRUCTION AND RECLAMATION BILLS

(Continued from page 1)

have always felt was coming to us from the Federal Government, take part in the big reconstruction movement and develop Oregon's great agricultural resources.

It requires a vote for both the constitutional amendment, ballot No. 306, "Yes" and also a vote for the statute putting the constitutional amendment into effect, ballot No. 312, "Yes," to make these funds available.

The reconstruction measure in addition to providing for the issuance of two million dollars for reclamation in cooperation with the Federal Government, provides funds for land settlement, the construction of buildings at the Oregon Agricultural College, the University of Oregon, the Mouth Normal, hospital buildings at Pendleton, buildings at the Soldier's Home at Roseburg, a penitentiary at Salem and armories at Astoria, Baker, Bend, LaGrande, Medford and Marshfield.

REBUILDING BABEL.

Mr. Albert Mamaty of Pittsburg is president of the Slovak League of America, and he seems to be worried by the activities of the interior department touching the subject of Americanization.

Many of the speakers gave warning that no attempt should be made to force American citizenship upon an alien, for that would give him a reason to believe that this country was attempting to submerge minority nationalities.

Before these foreigners tell us not to dare to do this or that they should first find out the details of our program. Before accusing a man of murder it is advisable to produce a corpse as evidence—or at least, some proof that a certain party is missing.

Who is trying to force citizenship on aliens? Who is forbidding foreign born residents to speak their native tongue? And it would be interesting to learn what argument there is against the submergence of a miscellany of nationalities on this soil.

The attempt is obviously to cloud the issue. There is, very properly, a movement to prevent schools from teaching subjects in any language but English; there is no attempt being made to forbid foreigners to

speak their own language among themselves. There is no reason why taxpayers should support school chieftains to perpetuate any language but our own—unless it forms a subject in the curriculum.

OPENING OF WELL WAITS ON LEASES.

M. G. Nease and some of his associates in the oil prospecting field, who are interested in the oil well

at Dog Mountain, are still in this vicinity negotiating for leases of property in the vicinity of their well. Mr. Nease says this is necessary for the protection of the stockholders of his concern and that it is not the intention to open the well and do any more work until this is accomplished.

WISE AND OTHERWISE

If members of the Sixty-Sixth congress realize all that the nation expects of them they are probably shaking in their shoes.

No matter the toll and the travail of the day, if, at its close, we can settle down in a quiet corner with our favorite volume, care and fatigue drop from us a discarded garment and consolation is always found.

There are many more luxuries in France than in this country. Where anthracite coal is \$30.00 a ton, butter \$1.40 a pound, beefsteak \$1.00 and up, eggs \$1.60 a dozen, and milk 20 cents a quart, these must all be reckoned as luxuries.

A man likes to make his vacation as much of a contrast to his ordinary life as possible. A railroad conductor simply loves to spend his vacation making appointments and being a little late in keeping them.

IMPORTANT TO HORSEMEN!

Smith Crane has changed the date of shipment of horses consigned to the Range Horse Sale from June 8 to June 6. This is for the benefit of horsemen in order to place the stock in good pasture close to market to freshen up and rest before entering the market pens. See big adv. on page 3.

MISTAKES ARE FATAL

In the practice of medicine many different drugs are used. These have frequently to be mixed or "compounded." In this compounding great care must be used.

The one great aim of this store is—

Accuracy in Prescriptions

Every ingredient must be of known purity and strength. All must be in correct proportion. Our prescriptionist is a master of his profession and gives personal attention to every order.
