Mrs. Asel Walkup left Thursday morning for Payette where she goes to attend the wedding of her cousin, Miss Short. The bride to be will be remembered by many of the young people of this city as she visited here for a time recently.

Mrs. M. V. Dodge arrived home from Portland Thursday evening. She and her son had been in the city since last fall but are now home for vacation. We have not learned whether she will remain in this city or return to Portland again at the opening of the school year.

G. L. Hembree arrived here Wednesday from his new home over in Idaho to look after business interests in this county. He reports crop conditions more favorable in his section, although they are suffering from lack of moisture and like this country had late freezes. "Doc" remained over a day or two to take advantage of the Chautauqua.

SUMMONS

IN THE CIRCUIT COURT OF THE STATE OF OREGON, COUNTY OF HARNEY.

Zethra T. Blaisdell, Plaintiff,

vs.

William F. Blaisdell, Defendant.

To William F. Blaisdell, Defendant:

IN THE NAME OF THE STATE OF Oregon—You are hereby required to appear and answer the Complaint filed against you in the above-entitled suit on or before the 9th day of August, 1919; and if you fail to so appear and answer, for want thereof, the Plaintiff will apply to the Court for the relief prayed for in said Complaint, namely, a Decree of Divorce dissolving the bonds of matrimony existing between Plaintiff and Defendant, and restoring to Plaintiff her former name of Zethra T. Alexander, and for such other and further relief as to the Court may seem equitable.

THIS Publication is made pursuant to an Order of Hon. H. C. Loveas, Judge of the County Court of the State of Oregon for the County of Harney, made and entered in the above-entitled suit on the 28th day of June, 1919, directing that said publication be made at least once a week for six (6) consecutive weeks, commencing June 28, 1919.

PUBLIC NOW TOLD

ALL ABOUT TANLAC

Authorities Now Show Just What This Splendid Medicine Really Is.

In a recent issue of this paper an announcement was made that Tanlac now has the largest sale of any medicine of its kind in the world, and that more than twelve million bottles had been sold during the past four years.

These are unusual figures, and the question naturally arises in the mind

Court Officials at Trial Of Non-Partisan Leaguers

JUDGE E. C. DEAN • • ATTY. E. H. NICHOLAS

Judge E. C. Dean and County Attorney E. H. Nicholas, who will be, next to the defendants, the most prominent figures in the trial at Jackson, Minn., beginning June 23, of A. C. Townley, president National Nonpartisan League, and Joseph Gilbert, who was national organizer of the league. They are accused of acts alleged to be in violation of the Minnesota anti-disloyalty law

of their order why this phenomenal success and why has this preparation so far outstripped all other medicines of its kind. It is only natural therefore that the manufacturers should offer some explanation to satisfy public interest.

In the first place, Tanlac is manufactured in one of the largest and most modernly equipped laboratories in this country. Its formula is purely ethical and complies with all national and state pure food laws. Altogether there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has long been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac the 13th Edition of Potter's Therapeutics, a standard medical text book, states that—"they impart general tone and strength to the entire system, including all organs and tissues."

This same well known authority in describing the physiological action of still another of the ingredients of

Tanlac which is of value in treating what is commonly known as "a run-down condition" uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which because of their influence upon the appetite, digestion, assimilation and elimination improve the nutrition and vital activity of all the tissues and organs of the body, and produce that state of general tonicity which is called health.

In discussing another ingredient the Encyclopedia Britannica says: "It is one of the most efficient of that class of substances which act upon the stomach so as to invigorate digestion and thereby increase the general nutrition. It is used in dyspepsia, chlorosis, anemia and various other diseases in which the tone of the stomach and alimentary canal is

deficient." Concerning still another ingredient this same standard authority says: "It causes dilation of the gastric blood vessels, increases secretion of the gastric juice, and causes greater activity in the movements of the muscular layers in the walls of the stomach. It also tends to lessen the sensibility of the stomach, and so may relieve gastric pain."

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout hysteria, and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensary and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed, and the entire system is invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver, and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must therefore have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for sup-

remacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country, and that is also why it is the most widely talked-of medicine in the world today.

Tanlac is sold in Burns by Reed Bros., and in Crane by Vale Trading

Co. WAS ON A TORPEDOED SHIP. Thomas A. Brealis, 615 Broadway Albany, N. Y., writes: "Having been on a torpedoed ship coming to the country from England, I had a cough ever since. I was advised by a friend to take Foley's Honey and Syrup and before long I was cured." You can stop that cough or cold that has been lingering since Spring. Sold everywhere.

Everything for Everybody

BUY IT FROM US IT PAYS

This is a general store and we are supposed to sell everything, and we live up to the general supposition.

You can buy anything you want here, from hardware to groceries, from needles to a good smoke.

It pays to buy from us, because we sell for cash, and an enormous amount of goods, and we can therefore sell at a closer margin of profit.

You CAN'T lose, and you WILL gain. Now doesn't this line of argument appeal straight to your good common sense?
