

Music with a KICK in it

For Singing and Dancing there is one Player Piano which has earned supremacy over all others. It plays the latest music with all the haunting melodies of a full Jazz Band. Saxophone, Ukelele and Banjo are imitated with startling truthfulness.

The Euphona Player Piano

is all that any Piano can be. To those who prefer the classics or old time ballads, it gives a faithful reproduction.

A GOOD PIANO forms the keystone of family life. To both young and old it is an unflinching center of enjoyment. No matter how luxurious, how well equipped your home may be there is an incompleteness, a chink unfilled, until this versatile instrument be installed.

A GOOD PIANO is a life long-companion. With moderate care it should last a life time. **THE EUPHONA PLAYER PIANO** has twenty enthusiastic owners in Harney County—**MODERATELY PRICED—REASONABLE TERMS**

Malheur County Fair September 9-10-11-12 Next

In another column of this issue will be found the advertisement of the Malheur county fair, to be held September 9th to 12th. Malheur county evidently has a good card this year, if we are to judge from the advertising sent out. The management is trying to put on all the new wrinkles, airplane stunts, etc.

Since Harney county has no fair of its own this year, it is expected a number of our citizens will attend. Running races, harness races, roping and bulldogging, buckaroo stuff, and motor cycle races are some of the stunts in addition to those mentioned. Enough to make anybody want to go.

ANOTHER JOURNALIST COMES TO THE TIMES-HERALD STAFF

Born—To Mr. and Mrs. Albert Swain, on Saturday, August 23, a daughter. The young lady arrived just in time to be announced in this issue. Mighty inconsiderate to pick on press day, but we surely welcome the little stranger.

Mr. Hill leaves a wife and daughter to mourn his tragic end.

WISE AND OTHERWISE

We read much in the press about America saving Europe and feeding the world. But can you recall a single instance in which the rest of the world came to the aid of America?

Politics is politics, and will never be anything but politics, until we acquire the habit of filling our public offices with some one besides politicians.

In time, of course, we will be able to jump out of bed in the morning, hop into our aircraft, shoot over to London and say "good morning, King," and then skip back home in time for breakfast. Yep, moving some these dull days.

Announcement of dates and special features for the fifty-eighth annual state fair has been received. September 22-27 is the time set for the presentation this year, on the fair grounds at Salem, as usual.

A feature of the coming event will be a horse show at least four nights of the season, in the New Stadium. This show is heralded as the biggest display of horse flesh ever held in the Northwest, and is expected to be the leading society event of the entire state.

An excellent speed program has also been arranged, in which running and chariot races will be included. Fastest horses on the Pacific coast will be in competition.

Practical demonstration of late model tractors will be given daily.

As in the past livestock will be the predominant feature of this year's fair. Student judging will be an added stunt to the exhibition.

Arrangements have been made for the comfort of campers.
