LOCAL HAPPENINGS

Scott Haley was in town the fore part of this week.

Harry Williams was over from his Silver Creek home Tuesday.

Mr. and Mrs. Thos. Cleveland were over from their home near Van the fore part of the week.

Ira Mahon was a business visitor Wednesday. Mrs. Mahon and the little daughter are in Portland where they went because of the illness of the little one. She is much improved in health.

Mrs. Cozad, mother of Register Vic Cozad of the land office, and of Mrs. Wm. Farre, and Miss Mamie Cozad, their sister, came over from their home at Canyon City the fore part of the week and have since been guests of relatives in this vicinity. Both are well known to the people of this city, having visited here at intervals in the past, and therefore they are always welcome.

Mrs. Clay, formerly Miss Alleta Smith, was up from Crane Monday.

Hoover told a bunch of Commonwealth club member lunchers at San Francisco the other day that food prices should begin to drop within a month. Why wait the month? Many of us want to lay in a small supply for the winter but don't like to wait and take the chances judging from past experience about the price of food. Wonder if he can give us any "hunch" on wood?

Lester M. Hamilton was a visitor last Monday. He has recently disposed of his ranch in the Denio section and all his stock to Al Wallace. Lester recently returned from a business trip to Winnemucca. He says his family is now at Crane where they will remain temporarily until he decides what he will do in future.

J. S. Smith and C. A. Ruff, two officials connected with the government revenue service with headquarters in Portland, are again in this vicinity on official business. Mr. Smith is a brother in law of J. R. Gould and has become something of a habit in this community. He says he is here on income tax matters particularly and is likely to come in again most any time.

County Quota Roosevelt Memorial Fund Less Than \$250

Harney county's quota to the Theodore Roosevelt Memorial fund is less than \$250. E. H. Conser of the First National has taken charge of collecting this fund and is devoting much time and energy to that end, as it was apparently being neglected and no definite action had been taken by any who had been appointed by the state organization. The drive is scheduled for next week. Harney county has 5000 people in it and almost the entire number wish to contribute toward the Memorial fund dedicated to that one hundred per cent American. Every con-

tributor will be given membership in the association and will receive a certificate, regardless of the amount of the contribution, whether it be one cent or \$100. Bear that in mind. Harney county will make its quota without a struggle; but the more contributors the better representative of the spirit of the country and the aim of those in charge of the gift offering. The school children would like to give their mite toward the memory of this great American. Fill out the coupon at the bottom of the last page in this issue of The Times-Herald and hand it in or mail it to Mr. Conser.

Mr. and Mrs. Dole Smith were down from the ranch Tuesday afternoon to meet her brother, Roy Buchanan, who had just come over from his home in Idaho on a visit. Mrs. Smith had not seen him for eleven years.

It's rather discouraging to contemplate the coming of winter and the present cost of wood and coal. On the other hand, when you think you'll just fix up the house a little warmer to save fuel you find that lumber costs about four times as much as it did when you built the house—so what are we to do about it?

How are the children getting along at school? Ever ask the teacher or discuss it with the kids any? Might help if you show a little interest along that line for an education is rather important these days and we ought to know if the teachers are really getting the support they deserve.

The schools of the state are taking a great interest in the Roosevelt Memorial campaign Oct. 20 to Oct. 27. Every school pupil giving a penny or more will receive a certificate of membership in the Roosevelt Memorial Association, and every school raising a fund will receive a large certificate. All the certificates bear a small engraved portrait of the ex-president.

A. K. Richardson arrived home Wednesday evening of this week from Willamina, Yamhill county where he had been called because of the illness and death of his mother Mrs. Sam Mickel. This estimable woman died on Tuesday of last week and was buried at Willamina on Saturday. She was well known to the pioneer people of Harney county where she made her home for many years.

Mr. and Mrs. F. L. Allen, in company with Mr. Tulley, arrived here from Wallowa last Saturday night, making the journey in a Dodge car in two days, coming from Weiser, Idaho to Burns in one day. Mrs. Allen, who was formerly Bessie Swain, and her little son, are visiting with relatives and friends in this city. Mr. Allen and Mr. Tulley have gone on to the Coast range of mountains where they are hunting for big game and will also fish in the Umpqua for big fish before returning.
