BURNS CELEBRATES FIRST ANNIVERSARY WORLD'S BIG DAY

Under Auspices Local Post American Legion

SERVICE MEN HAVE NOON BANQUET

War Workers and Schools Join Soldiers and Sailors in Parade.

The first anniversary of the greatest day in the world's history was celebrated in Burns last Tuesday. The program for the day was under the auspices of Harney County Post No. 63 of the American Legion. This organization of ex-service men was ably assisted by the home workers.

At noon the service men were guests at a banquet given by the Ladies of Burns, and served by the Honor Guard. During the banquet Leroy Johnson and Rollin Gowans sang "In Flanders Fields," and Mrs. Chester Dalton gave two numbers. Miss Helen Purington was the accompanist.

At three o'clock in the afternoon a patriotic parade on Main street. There were in line the Burns Public school, the Harney County High school, the Honor Guard, the local chapter of the American Red Cross, ex-service men from the navy and army, and the draft and legal advisory boards. The public school children turned out of the line of march after passing the reviewing stand and returned to a place where the other units could be observed.

The parade returned to the reviewing stand, where "America" was sung by the assembly. Mayor Charles H. Leonard introduced Captain A. W. Gowans as speaker of the day. Opening his address with the quotation, "On earth Peace, good will toward men," Captain Gowans touched upon the events that led up to the victory achieved by the Allied forces on November 11th, 1918.

Dutchman Wins His Battle with French Sailor Led

Referee's Decision Gives Hun Purse; Unpopular with Fans.

The Dutch Karpenster won his battle with Kid Carpenter on a technicality, Armistice Day. Hitting in the break-away from clinches was the Frenchman's offense, which witnesses of the scrap say was no less a fault of the Dutchman's.

Repeated warnings had been given by the referee, and Frenchy simply had the misfortune to get caught at it the wrong time.

The American Legion opened its evening Armistice Day program with a stunt new to Burns—the pillow fight. It made a hit with the public, and will probably be a feature of future Legion programs.

In this exhibition, the contestants mount a high wooden horse, each armed with a pillow. The rules do not permit of touching the horse with the hands nor can any other support be taken except clinching—the beam with the legs.

A team of four from the army and navy went into the game, and some say the army lost out. The reporter will never admit it—he is an army man—and the referee was from the navy!

Reopen Hearing of Water Rights on Silvies River

At the October term of circuit court application was made by the William Hanley Company, Harney Basin Development Company and numerous private water users to reopen the case in order that further testimony be taken as to the relative rights to the water for irrigation purposes.

And it further appearing that the Water Board will not be able, without great inconvenience, and for some time to come, to take the testimony in this case.

Centralia Reds Fire on Service Men in Parade

As the parade of the American Legion passed the I. W. W. hall in Centralia, Washington, on Armistice day, Industrial Workers of the World opened fire on the ex-service men in the parade from the top of a building, killing three and wounded several others.

THE AMERICAN LEGION

"For God and Country we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

THE ANARCHIST

(From documents recently seized by the Government of the U. S.) "To complete the destruction of private control of natural resources and capital and complete destruction of power of rule and the institutions invested with power to enforce rule of one man over another.
