"For the first time in years I am able to sit dows and est a hearty meal without suffering afterwards," said Mrs. Jennie M. Hickok who lives at 764 13th Ave, South. Seattle, Wash., while relating her experience to a Tanlac representative, the other

"My family didn't think I would live very long," continued Mrs. Hick-ok, "and in fact while I was under treatment I was told that I had such a complication of troubles that there was no chance for me to ever be well again. I had a bad case of stomach trouble, and had gotten to the point where everything I ate would sour and cause gas to form so bad I could hardly breathe. My kidneys were out of order all the time, and I would have such awful pains in the small of my back that it was out of the quesmy back that it was out of the question for me to go up and down a flight of steps. And then, the awful headaches I used to have nearly every day would almost drive me wild. I was very restless at night and never slept well. In fact, my nerves were in such terrible condition that the least noise would upset me terribly. The different med-

had been needing all the time, and began to feel better by the time I had finished my first bottle. I have taken eight bottles now, and I never have a pain or an ache of any kind. The headaches are gone and I am not bothered any more with those awful pains in my back. I can go up and down stairs as well as anybody now, and can take long walks and climb hills as well as I ever could. I have a splendid appetite and eat three hearty meals every day and I never have a sign of stomach and I never have a sign of stomach trouble or indigestion of any kind. My nerves seem to be in perfect condition and I sleep like a child every night. Now, that is why I say that it is the best medicine in the world. I am more than glad to recommend it to everybody."
