

The Gift of Gifts

There is no better gift for the ambitious boy or girl than the gift of saving. And saving is largely a matter of getting started right. That is where you can help. A dollar or more deposited in this bank will start a savings account for your boy or girl, or some young friend. And the pass-book, with its first entry, will make a great hit on Christmas morning. In after years your gift will have repaid itself a thousandfold.

Step in next time you're passing. We have something of real interest to say to you on the gift of saving—the gift of gifts.

LOCAL HAPPENINGS

P. S. Weittenhijer was up from Crane during the last of the week.

E. N. Nelson was in town Tuesday after his mail and to do some trading.

As one paragrapher aptly puts it there are about 4,000,000 reasons why the "Reds" will not control the United States. And their name is Legion.

The outgoing mail stage Wednesday night didn't get far out toward Crane before it found snow drifts of such size as to discourage it and it turned around and came back to Burns.

Harold and Lester Crawford were over from their home at Van Sunday.

John Wintermeyer was down from his home in Silvies valley during the week.

Edward Southworth has been over from his Bear Valley home during the week.

Snow drifts are preventing the usual traffic these days but we can stand it so long as we have some wood.

Robt. C. Enos was over from Silver Creek the first of this week making proof on his land. R. J. Williams came over as one witness for him and Dell Dibble was another.

Chester B. Smith and family have moved to Ontario where they will reside. Word of this move was sent in this week. Chester and family had been living at Crane for a short time.

Preparations for the Christmas holiday festivities are going forward in our city.

Mr. and Mrs. J. W. Biggs have returned from their trip to Portland and other outside points.

Robt. Drinkwater was up from Crane Thursday, breaking the trail up following the big snow storm. Several drifts made hard going for his car but he followed the highway a part of the distance.

Sheriff Goodman and family now occupy the Thoa Stephens residence. Austin made it a point to be away from home during the process of moving leaving the work to the other members of the family.

Van Embree and his mother were up from their home in Sunset the fore part of this week. Van said it had been very cold down there but the snow had not fallen to any great depth at that time.

Court Reporter Walker came over from Ontario this week to resume his work in taking testimony in the tax case wherein the Eastern Oregon Live Stock Co. appealed from the Board of Equalization on the findings for their taxes.

E. H. Conser of the First National Bank left here Sunday for outside points on business. He went from here to Lakeview and expected to go from there by train to Ontario where he was to meet some men and he may later extend his trip to Portland.

A. M. Taylor, P. L. S. Co. ranch man, in charge of the ranches for Oregon, was in town yesterday for a short time. Mr. Taylor makes his home at the Agency ranch but is almost constantly on the move from one ranch to another all over Eastern Oregon.

The fuel situation seems rather bad outside, but here we have some wood, that is some people have. This shop is not overly supplied with fuel, however, and would take some on back subscription. The thermometer registers rather low these days for a slim woodpile.

Cold weather doesn't make much difference with some of the truck men connected with the state highway work. Even though the work on the highway be closed down because of frozen ground the trucks find other things to do and keep busy at least some of them do.

Wm. Byram and his son Charley came over from the Bear Valley ranch Thursday with more cattle which they will feed at the Dr. Griffith ranch just below town. Mr. Byram stated to friends in this city that they suffered considerably from the cold while coming over.

Rev. B. S. Hughes went to Crane Sunday where he conducted service that night and intended to go out on the train the following day for Portland where he was to attend an important church conference but the train didn't go nor did it go out the following day until afternoon, so the preacher man came home. The way trains are running these days he figured he'd just about get to Portland in time to turn around and come back.
