

# SOLUTION OF LABOR PROBLEM BUY AT HOME

Associated Industries Would Educate.

## ORGANIZATION EXPLAINED

Anxious to Encompass All Oregon Industries in Association That is Now Two and Half Years Old.

PORTLAND, ORE.—Two years and a half ago 50 enterprising business men organized to promote the marketing of Oregon-made goods.

"Many people do not understand the purpose of the Associated Industries," said A. G. Clark, manager of the organization, recently at his headquarters in the Oregon building.

"In our campaign to educate the people of Oregon to take greater interest in home production, we have received the hearty co-operation of the press of the state and every aggressive organization of business men and some individual concerns.

"The labor problem in Oregon would be completely solved if all the people of Oregon would buy one-half of their purchases from Oregon producers, or in inverse proportion if one-half the people would buy all their goods from home manufacturers.

"Politics or the labor problems do not enter into the policy of the organization. We are simply trying to enlarge the payroll of the state and give each separate community its share of state-wide prosperity.

"The resources of the state are untouched, and it only remains for the business men of every community to get together and boost Oregon products until we have one of the biggest producing states in the Union."

## More Kings Coming

The king of Spain wants to visit the United States next year.

Also ditto the prince of Wales.

We poor Americans are up against it for a fact, and we might just as well face the music and get it over with.

Next year will be as good a time as any other. But let's economize on this cement of time.

Why not lump them all together—the kings of Spain, Italy, Sweden, Norway, the emperor of Japan, the presidents of France and China, the grand duchess of Luxembourg, the czar of Bulgaria, and all the lesser bedecked heads of foreign lands?

Let's make it a grand sweep.

Bring them all over in a bunch. Look them over, let them size us up, toss a few million verbal bouquets back and forth, and then send them home rejoicing in the fact that they have seen the huts of the savages who kicked the royal pants off the kaiser.

When it gets to the point that the profiteer has left us nothing but the bone, we should be consistent in our idiocy, let out a few more snarls of rage and then meekly hand over the bone.

Some men go up, and some go down. But others, you know, just laze around. We have 'em.

When it gets to the point that the profiteer has left us nothing but the bone, we should be consistent in our idiocy, let out a few more snarls of rage and then meekly hand over the bone.

## Work Went Hard with This Man

Sharp Pains in Stomach Made It Hard for Boilermaker to Stoop and Bend.

"Cramps would almost tie me in knots before I tried Tanlac for my troubles," said J. H. Baldwin, of 2322 Elliott Ave., Seattle, Wash., in speaking of his remarkable change in health.

"When a man has suffered for four years with stomach trouble like I had," continued Mr. Baldwin, "it's a pleasure to speak of the medicine which stopped it all. Everything I ate disagreed with me and really didn't care whether I ate anything or not, for if I did eat I would have the worst sort of griping and cramping pains all day. Most of the time gas would form in my stomach and cause me to bloat up and press up in my chest and make it hard for me to get a full breath.

"I had been reading about Tanlac and decided to try it and see if it would help in my case since I seemed to be suffering about like those who spoke well of Tanlac. To my surprise I commenced to improve right away and was soon in good health again and I can eat anything I want now and it never hurts me at all. Those shooting pains don't bother me any more and since the gas has quit forming in my stomach the pains have gone out of my chest, and I am breathing comfortably again. I surely feel fine now and have put on several pounds in weight while my nerves are just like steel and I sleep like a rock at night. I just tell you that my benefits from Tanlac have been far greater than I thought they would be and I believe that these benefits are permanent."

Tanlac is sold in Burns by Reed Bros., and in Crane by Vale Trading Co.

## The Price of Pork Chops and Bacon

Here are reasons why the fine, fresh pork tenderloins and pork chops, or savory ham, or crinkly bacon, which you enjoy for breakfast, cost much more per pound than the market quotation on live hogs which you read in the newspaper:

An average hog weighs 220 pounds. Of this, only 70 per cent (154 pounds) is meat and lard. So, when we pay 15¢ a pound for live hogs, we are really paying more than 21¢ a pound for the meat which we will get from these animals, even after taking into account the value of the by-products.

But people show a preference for only one-third of the whole—the pork chops, fancy bacon, and choice cuts from juicy hams. This means that when we are selling Premium bacon at 43½¢ per pound wholesale and Premium hams at 30¢, there are other parts for which we get as low as 6¢ or 8¢ per pound. The net result is an average profit to us of less than 1¢ a pound.

The choice cuts are higher because of a demand for them. Another thing: Only 35 pounds of the entire hog—or about 1/6th—is usually marketed at once. The rest must be pickled, cured, or smoked. This takes months, and adds to the costs which must be met.

Swift & Company, U.S.A.

## WE HAVE A REPUTATION TO SUSTAIN

Do you know what it means to live up to a reputation for DEPENDABILITY? We know—know that it means constant vigilance lest we permit the QUALITY of our wares to be lowered.
