

WANT SONG FOR OREGON

Society of Oregon Composers Institutes Movement for Poem.

The Society of Oregon Composers has instituted a movement for the purpose of selecting a State song for Oregon and it invites the poets from all sections of the state to contribute a poem suitable for that purpose. All poems should be sent to the Secretary, Daniel H. Wilson, 613 Bush and Lane Building, Portland, before January 31, 1920, when the contest closes.

The words of the song should be poetical in sentiment, correct in form, breathing of patriotism and pride in state, touching on its natural beauties and early history all so poetically and deftly woven as to produce a song which the people will take to their hearts for generations yet to come. When the successful poem is announced by the judges, who will be well known and prominent people, then the musicians of Oregon will be asked to compose music to the words, and it is hoped by this means that a song in words and music worthy of Oregon will be obtained.

CENSUS QUESTIONS ASKED FARMERS

1. Each occupant of a farm will be asked how many years, if any, he worked on a farm for wages; how many years, if any, he was a tenant; and how many years, if any, he farmed as an owner.
 2. Whether he (a) owns, or (b) rents, or (c) partly owns and partly rents his farm, or whether (d) he operates the farm for others as a manager or superintendent.
 3. How many acres in his farm? Number of improved acres? Number of unimproved acres and number of acres of woodland?
 4. Total value of farm? Total value of buildings? Value of implements and machinery on farm?
 5. Whether farm is mortgaged? If so, the amount of mortgage?
 6. Expenses for feed, fertilizer, and labor in the year 1919?
 7. Several questions concerning artificial drainage of his farm.
 8. Number of cows, horses, sheep, chickens, and other domestic animals on the farm January 1, 1920?
 9. Quantity and acreage of all crops grown on the farm in 1919, including fruits and vegetables?
 10. Quantity of milk and butter sold off the farm during the year 1919?
 11. Acreage of timber land on farm and value of forest products.
- Correct answers to the above questions are of the utmost importance. The United States Department of Agriculture assisted the Census Bureau in preparing the questions on the agricultural schedule and appeals to farmers everywhere to keep farm records for census purposes.
- Copies of the Agriculture schedule can be had in advance by any farmer by writing to the Director of the Census, Washington, D. C.

ANOTHER FAMILY JAR

All the world knows that General Pershing and General Wood have about as much love for each other as an alley cat for a bull pup. And yet each, it seems, would not be averse to becoming president of the United States and the commander-in-chief of the other.

When Wood and Pershing meet they bow elaborately and palaver politely and then duck their separate ways as quickly as possible.

Each has his friends and admirers, but to the public in general it is somewhat amusing.

But family jars, you know, are always the source of much amusement—to all except the family.

Our great and distinguished generals, finding no other fields to conquer, will now proceed to devour each other.

Sick 'em!

WAS SURPRISE OF HIS LIFE HE SAYS

Had Suffered Twenty Years—Full of Life and Energy Since Taking Tanlac.

"I was twenty years finding a medicine to reach my case but, thanks to Tanlac, I have found it at last," said C. H. Loop, a retired farmer, who resides at 210 East Fifty-Sixth Street Los Angeles, Cal., while talking of the benefits he had received from taking Tanlac, continuing, he said:

"For all these years I have been suffering with my stomach, nothing I ate would digest and gas would form and I would suffer with intense pains, and I also had a pain in my side of late years nearly all the time. I was bothered a great deal with constipation and had to be taking some kind of laxative all the time, and felt tired and worn out and had no life or energy and was extremely nervous. I had taken a lot of different sorts of medicine but none of them did me any good and one day not long ago my son suggested I try Tanlac. I took his advice and before I had taken half a bottle I knew I had struck the right medicine and was so surprised at my improved condition and it had come about so quickly I could hardly believe it. Every bit of gas and pain disappeared and I began to feel strong and good once more and while I have taken only a few bottles altogether I am full of energy, feel fine all the time eat heartily, sleep like a log and never know what it is to be nervous. I am glad to say a good word for a medicine that helps any one as Tanlac has me."

Tanlac is sold in Burns by Reed Bros., and in Crane by Vale Trading Co. Adv.

BOOST YOUR TOWN

An ideal citizen is one who sees something good in his town and spreads the good news abroad that others may benefit therefrom.

Of course, there are other side-lights to the ideal citizen, but the quality of loyalty is one which produces tangible results.

There are three distinct attitudes which a person may assume toward the community which houses and feeds him—to boost, to remain quiescent, or to knock.

The booster pushes his town along, the quiescent citizen lulls it to sleep, and the knocker helps to put it out of business.

Which are you?

Perhaps you have never given it a thought. You may not realize yourself which you are—but your neighbors all know. They have you accurately catalogued according to your deserts.

If you are a booster, they admire you; if you are quiescent, they wonder when you will emerge from your slumber; and if you are a knocker, they yearn for the day when you will fold up your tent and silently fade away.

Boost the home town, and its citizens will boost you.

Knock it, and you knock yourself infinitely more.

TRIAL OF THE KAISER

Periodically some story is sprung on the effect that the Kaiser is to be tried, or that he is not to face his accusers, or that Holland will not surrender him to the allies.

Then the story goes out that the ex-war lord will not submit to the indignity of a trial, and recently we were regaled with gossip to the effect that the imperial has been engaged in preparing his defense.

In reality, the bid man is becoming about as big a nuisance to the reading public as the peace treaty and the league of nations.

Ford

THE UNIVERSAL CAR

Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.
