With the Would-Bes.

John L. Caldwell is a candidate to succeed himself as assessor. He is completing his first term in that office and is ready to go before the voters on the record he has made. Mr. Caldwell is well qualified for the position and has many friends who believe he is entitled to a second term.

R. L. Haines has announced his candidacy for the office of sheriff in this issue. Mr. Haines was for years marshal of this city and his qualifications for the position of sheriff are well known. He made a good officer during the several years he was serving as marshal in Burns. Since that time Mr. Haines went across the pond as one of Uncle Sam's soldiers and is one of the deserving men of that bunch.

The announcement of James W. Crawford as a candidate for the office of sheriff appears in this issue. Mr. Crawford is one of the well known men of this county where he has resided for many years. He has certain qualities that commend him for the position he aspires to fill as he is a man of strong character and determination. Mr. Crawford will enter the primaries with a good support.

R. L. Hass would serve the people of this county as county judge if the republican voters approve his candidacy which is announced in this issue. Mr. Hass is now serving a term as county commissioner and is familiar with the duties of the office in which he aspires. During his incumbency as commissioner Mr. Hass has been very active in promoting good road movements.

Robert J. Rimer, one of the teachers of this county for the past few years, is a candidate for county clerk on the democratic ticket. His announcement is in this issue of the paper. Mr. Rimer is now teaching in the Drewsey section. He is qualified to fill the office and has many friends who desire to see him win the nomination.

An old time citizen of the county has announced his candidacy in this issue for county judge. Geo. D. Hagey has been a resident of this county for many years and is well known to the people. He has been conducting a general merchandise store for the past several years but formerly owned a ranch on the Island. M. Hagey served one term as commissioner of this county, also in the legislature. He's a good man.

CHRISTIAN SCIENCE LECTURE

(Continued from page 1)
...and in some degree to acknowledge, that in Christian Science a light has come into the world, but they are not able to see that it is all light, and that in it is no darkness at all. Theology is beginning to teach an incorporeal God, but not one who is the Spirit that is all Love, too pure to hold iniquity, evil of any kind, to cause it or to permit it. The healing arts are beginning to teach that mind is at least in part cause, but without recognizing that Mind is God, good, so never the cause of disease and death, but always the cause of restoration, of health, and of life. They call that mind which is but false education, illusion, suggestion, the ultimate cause of sin, sickness, death. But the human beliefs that till obscure cannot forever hide the true light which shines, and shines unto a perfect day when it shall be illumined by it, and there shall be no darkness, ignorance, sin, suggestion, disease, fear, and so no sin, no disease, no death.

Bringing what she did to the world—the "pearl of great price," the applicable, demonstrable Christianity of Christ Jesus, which has proved itself such by comforting, reforming, and healing the vast majority of those who have honestly, earnestly studied her books.—Mrs. Eddy has enriched the world beyond all reckoning.

As one who had the privilege of visiting her home, let me say that all about Mrs. Eddy was of the very simplest. In her the world indeed had a true example of simple living and high thinking. Those who were with her bear loving witness to the fact that she watched, worked, prayed without ceasing, and that she did this for all alike. That this untiring consecration has borne fruit—the fruit of purer, happier, healthier, more useful and loving lives—is attested on every hand.

Mrs. Eddy was at times reviled, but she reviled not again. So unworldly of the world was she and so mindful of God that His thoughts, messages that came and do come with healing and with blessings in their wings, were always her thoughts. Her one prayer was to be God's faithful messenger. The answer to this prayer was certainly vouchsafed to her. Mary Baker Eddy founded a world-wide religion, a religion that is Science, a Science that is Christian and that both heals and saves.

The Green Ribbon
Not a Patent Medicine Ad

We knew you would turn to this page.

And you knew we would jubilate over the election Tuesday.

Wasn't that great? 93 to 4. Like a landslide, what?

The Cheerful Idiot is still celebrating. Found some moonshine whiskey last Sunday, and saved it. Figured he could use it to drown his sorrow if the election went flunk, and when it didn't he went and got drunk.

Now he can drown his sorrow in the big ditch—within a year, we hope.

Le's see—it will take a month or more for the engineers to get started gathering data, and six months or more for the gathering. Well, we can expect to vote on those bonds this fall. And start the reservoir not later than spring, 1921.

The city council will be nice about the water and sewer system and we may have a regular city yet, if we don't watch out. An \$3,000 acre garden under one project and nearly 40,000 acres in another, with Burns the center, ought to make us pep up a lot and be a regular city.

The whole spirit of the valley had changed this last week.

Some one ought to ask the county judge to make February 10th a legal holiday.

You do the work, and we'll take the credit.

Have you noticed that the ears alongside the title on the front page are changing nearly every week?

Read them—again!

Three holidays this week—Lincoln's B-day, Friday the 13th, and "Wilt-thoube-my-Valentine."

MEDICAL HELP FOR RURAL MOTHERS.

The war quickly proved to the belligerent countries that they had been careless in their neglect of mothers and children, so even under the strain of war they intensified their effort for the public protection of mothers and babies. England increased the number of "health visitors" from 590 in 1914 to 1024 in 1917; welfare centers in England and Wales increased from 850 in 1917 to 1278 in 1918. The English infant mortality rate was reduced to the lowest point ever reached in that country. As a further aid to meet an actual need England passed in 1918 the Maternal and Child Welfare bill, which became operative in that year. By the provision of the act maternity and infant welfare centers are made available to mothers. Provisions are made for consultations, public health nurses, "home-helps" and the education of mothers in matters of maternal and infant hygiene. In this country we have found out that we let too many mothers and babies die needlessly. Science has done a great deal to cut down deaths from typhoid, tuberculosis and pneumonia, but the maternal and infant mortality from maternal causes is not decreasing in the United States. To save our own mothers and babies a bill has been introduced in Congress known as the Sheppard-Towner Maternity bill. This bill

FEED DEALERS!

when you want pure, cane **STOCK MOLASSES** in barrels, order from Shady Brook Products Co., Portland, Oregon. Pure, Hawaiian cane, heavy molasses, weighing nearly 12 pounds to the gallon, 950 pounds of sugar to the ton, equal to corn or barley in carbohydrates and feeding value at half the price. Every barrel guaranteed a and b r a n d e d "SHADY BROOK"—buy no other. Ask Oregon Agricultural College, Department of Animal Husbandry. Shady Brook Products Co., 812 Board of Trade Bldg., Portland, Ore.

would place at the disposal of every mother the care and advice she needs. It would be done on the same plan as the Smith-Lever law, which helps the farmer with his crops and livestock. By its provision the woman on the farm would be reached and helped by visiting nurses and she would have made accessible to her skilled medical attention and hospital care.

So distressing! That story about all of those thousands of housemaids coming over from Europe was all a cruel joke. And we were just glorying in the time when we could graduate from washing dishes and begin to throw a little editorial "dog."

Money to loan on irrigated farms and ranches at 6 per cent. Amortization plan—5 to 40 years time. You join no association and buy no stock. Can loan \$37,500 to one individual. No red tape—quick service. Make your application now. Harney County Abstract Company. Ad. 11.

BURNS HARDWARE

Everything for Everybody

Anything for Anybody

Two of the largest commercial houses in the United States some years ago adopted for their policy the slogan, "The customer is right," and have held squarely to it. In every case, unless the customer was plainly endeavoring to put over a crooked deal, his view of a controversy was taken as right. These houses announce a loss of less than one-half of one per cent as a result. To old customers of ours, it is useless for us to announce that this has always been our policy in business. To prospective customers, the only thing we ask is that if they have a complaint they bring it direct to us, with the full knowledge that correction in each case will be promptly and cheerfully made, regardless of any loss that may result to us. A pleased customer leaving this store means still other new customers coming to us later. You can reason it out yourself. The above is again our policy for the year 1920.

Sealed Tight—Kept Right

The Flavor Lasts

YOU KNOW, it's funny An' happen to all of us, The way things come about An' the town and state We live in. An' some of them are so good An' some so darn bad, That it makes us sit up an' take notice Of the town we live in An' the town we don't live in, but Hear of repeatedly— Hear about all the good things they've got, Fine big churches an' school houses An' Public Libraries and big brick an' Stone Stores an' a city hall an' clock An' a Commercial Club That folks go to an' thrash Out their difficulties An' help to get new industries Into the Town. An' payrolls, an' irrigation. An' we notice that that town Is a town where folks buys Home produce an' trades At Home too. An' the other town an' their Folks an' stores, Can look for themselves, 'Cause maybe they'er clear out Of the country an' state We live in. An' you can see if you're Half as liberal minded As we hope That by your cooperation an' mine An' a liberal amount Of Civic Interest, Which same you have, An' can exhibit by trading at Home an' boosting, We can bring into being Them things we both Want an' strive for. A better Burns for You an' me an' Our Posterity. If we're that lucky, "The outcome of logical judgment"
