

American Legion News

On his recent trip to Portland R. A. Allen called at the Army Recruiting Station and exhibited his discharge for the purpose of securing a service button. The button was of silver, indicating that Buddy was "kicked" overseas. Buttons for men who received no wounds are of brass.

During the talk with the recruiting officer, Mr. Allen was told that service men could obtain these government buttons by forwarding their discharges to him. The return of the discharge is guaranteed, and the recruiting officer stated that registered mail was not necessary.

His address is: Lieut. Col. Frank A. Sloan, Asst. R. O., U. S. Army Recruiting Station, Portland, Oregon. Send 'em in, buddies.

Department headquarters has introduced a new wrinkle in keeping tabs on membership. Each Post is required to make a semi-monthly report of members who have paid their dues to date. It means a little work for the adjutant, but the results are well worth the effort. Is your name to be on the next report?

Each Post is also required to make a monthly report of Post activities. This includes meetings, attendance at meetings, changes in officers, what the Post is doing in the way of community betterment, etc.

Dr. Leonard H. Vincent, one of the biggest boosters we have for the Legion and practicing physician at Crane, has been elected on the Executive Committee to fill the vacancy caused by Next-County-Clerk Dillman's resignation. This is in addition to the doctor's appointment on the Publicity Committee, as mentioned elsewhere.

The Post adjutant has forwarded this dues and subscriptions to the American Legion weekly to cover the members paid up to date. His next remittance is due on the 25th. Get busy, you buddies who haven't kicked across as yet. We want 100 per cent paid-ups on the 25th.

One of the questions required to be answered on the monthly report is: "What criticism encountered in getting new members?" This time the answer was "none." Suppose you step out and grab a few members, just to see if the adjutant was right.

The Red Cross Convalescent House at Camp Lewis and Vancouver Barracks have been turned over to the Army.

Any service man, member of the American Legion or not, who is entitled to an Oregon service medal, can expedite its receipt by getting in touch with the Adjutant, box 201. As for the buddies who ARE sticking, hurry up those green cards. If you know you haven't filled one out, or are not sure, write or see the adjutant.

REAL REPUBLICANS

Many republicans—or at least they think they are republicans and register as such in the belief that they are not committing perjury by so registering—feel that George E. Chamberlain should be re-elected to the United States senate from Oregon on his war record. Other republicans, of a more stalwart type, feel that all who favor Chamberlain's reelection should be read out of the republican party. But what election could the republican party ever carry in Oregon for any office without the aid of those same independent-minded voters who register as republicans but do not feel so bound by party ties that they cannot vote for a democrat when they think they ought to? Can the republican party ever amount to much in Oregon except as it includes in its registered membership those same thousands of republicans who sometimes vote for democrats? Can the stalwarts afford to denounce these republicans out of the party? We ask these questions in good faith, and wait enlightenment from some of the strictly republican newspapers who have the interest of the republican party in Oregon at heart.—Oregon Voter.

WHY TELL A LIE?

Why must people go through life living and telling a perpetual lie? Why not tell the truth?

For instance: If your neighbor is lazy, and his wife earns the living, and his children are hungry and half clothed, why not tell him so?

If you think public officials are inefficient, and grafting, and misrepresenting their constituents, why not tell them so?

If Mrs. So and So ambles along

MURINE A Wholesome, Laxative, Refreshing and Healing Lotion—Murine for Redness, Soreness, Granulation, Itching and Burning of the Eyes or Eyelids; "Drop" After Eye Surgery, Stinging or Gooey with your eyelids. Ask Your Druggist for Murine when your Eyes Need Care. *Manufactured by the Murine Co., Chicago*

the street exposing a yard of so of her leg, why not stop her and tell her so?

If Miss Pertness has her face smeared with powder, why wait for the wind to blow it off? Why not tell her she is a freak?

If you have been making love to your stenographer, and your wife suspects you, why lie about it? Why not tell the truth?

If you want your friend to endorse your note, and you know you can never pay, why not tell him so?

If Miss Dimple looks like a bear-crow, and you want to marry her for her money, why tell her she is a swish, and an angel, and all of that sort? What's the matter with the truth?

LAND NOTICES

Date of first publication February 7, 1920.
O. E. THOMPSON,
Administrator of the estate above named.

WAS ON VERGE OF GIVING UP

Medicines Hamil Had Been Taking Did No Good—He Praises Tanlac.

"I had reached the point where I could go no farther and I thought I would have to give up my work, but now since I have taken Tanlac I am in better health than I have been in years," said James D. Hamil of Los Angeles, the other day. Mr. Hamil lives at 233 West Fifty-fourth St., and is one of the best known employes of the Broadway Department Store, having been in their employ for fifteen years.

"For several years I was troubled with my stomach," continued Mr. Hamil, "and my condition got so bad that I underwent an operation, and since that time I have been unable to get my strength back. In fact, during the past year I have been in a worse fix than ever before. I was in a terrible nervous condition, twenty pounds of weight and could eat nothing that agreed with me. I was so nervous that any kind of unexpected noise would start me and a good night's sleep or rest was out of the question. The worst thing of all was that I was depressed and feeling that I had all the time and I realized that something had to be done or I would have to quit work as it was too much for me to try to keep going in the fix I was in."

"The medicine I had taken had done me no good and I might have still been in this condition if I hadn't noticed a testimonial in the paper one day where a man was troubled just about like I was and had tried Tanlac with remarkable results. I made up my mind right then that I would give Tanlac a trial, and I want to tell you that I have never seen anything to beat it. Why, my appetite came back right away and what I ate gave me strength because I could digest it, and already I have gained back seven pounds and am adding more weight all the time. My nervousness has entirely disappeared and every night I am sleeping as sound as a child and never have that worn-out, depressed feeling about me any more. I haven't a trouble of any kind, my work is a pleasure to me and I go about feeling just as fine as a man wants to feel. I am glad to join the ranks of those who have testified for Tanlac for I have tried it with most satisfactory results."

Tanlac is sold in Burns by Reed Brothers and at Crane by the Vale Trading Co.

Commodore W. E. Longfellow, First Aid Expert from National Headquarters of the American Red Cross will be in Idaho, Oregon, and Washington during the latter part of February and March.

THE UNIVERSAL CAR

Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.
