

"THE LOVE DEFENDER" IS TITLE OF WORLD PICTURE

Famous Star Has Charming Role in New World Picture Which Will Soon be Seen Here

"The Love Defender" is the title of the newest June Elvidge World Picture. This delightful, unusual and charming production is scheduled for showing tonight at the Liberty Theatre. It is a particularly pleasing subject and is certain to interest and entertain all those who are so fortunate as to see it.

Miss Elvidge portrays the role of Hope Meredith in this picture. Hope is a good looking bright American girl of fine ideals. She falls in love with Frank Rodney, a young, likable doctor, and she marries him. And then her troubles begin! But every thing ends happily for the two.

The story of "The Love Defender" was penned by Maravene Thompson, the famous author whose short stories and novels have been published in so many of the leading American periodicals. This story is one of the very best things that Mrs. Thompson has ever written and is particularly suited to Miss Elvidge.

Miss Elvidge is supported by a notable company in this production, including Frank Mayo as her leading man, and charming little Madge Evans who appears as Hope's young sister.

"The Love Defender" is not alone notable as a decidedly good picture but is remarkable for the beauty of the outdoor scenes which figure in it. These scenes will prove delightful to all movie fans in every locality.

"The Love Defender" is a dandy picture and you will enjoy every single foot of it.

WANDA HAWLEY IS LEADING WOMAN IN "SECRET SERVICE"

Star Admirably Supported in William Gillette's Big Story of the War

Lovely, charming and talented Wanda Hawley plays the leading feminine part in "Secret Service," William Gillette's famous drama of the Civil War, in which Major Robert Warwick is featured and which will be presented as a Paramount-Aftercraft special at the Liberty Theatre Sunday April 4.

Miss Hawley is a prime favorite with film fans everywhere and she has appeared with great success in numerous Paramount and Aftercraft photoplays. She is not only beautiful but a finished actress as well.

The rest of the cast is really worth talking about. Major Robert Warwick, late of General Pershing's staff overseas, plays the part the author created—Lewis Dumont, known as "Captain Thorne." That he plays it well is undoubted. Robert Warwick is as splendid an actor as he was a soldier and withal a man whom all admire.

Irving Cummings plays the heavy role, while Raymond Hatton, Robert Caine, Casson Ferguson, Theodore Roberts and others have fine parts to which they do full justice.

Hugh Ford was director and Boniah Marie Dix wrote the scenario

Popular Actor in Breezy Western Play

Handsome Wallace Reid, the popular player who has appeared so often with Geraldine Farrer in that star's pictures, such as "Carmen," "Joan the Woman," "The Woman God Forgot" and others, will be seen at the Liberty Theatre in "Rimrock Jones," his latest Paramount release.

PARAMOUNT ARTCRAFT STAR

In "The Danger Mark" Sunday March 28th

next Wednesday night, March 31.

A breezy story of an Arizona copper mine, "Rimrock Jones" fairly breathes the spirit of the west and furnishes a glove-fitting vehicle for the energetic young star.

Pretty Ann Little who supported him in "Nan of Music Mountain" plays the leading feminine role as Mary Fortune, the deaf girl stenographer. The rest of the cast includes Charles Ogle, Guy Oliver, Earnest Joy and a clever little Japanese actor, George Kuwa. "Rimrock Jones" has found a copper mine in Arizona and a thriving town has grown up around his claim. Andrew McBain, a clever crook lawyer of the town devises a plan whereby through a legal trick he wrests the holdings from Rimrock.

Thus it is, that destitute and penniless, Rimrock becomes a mere hanger-on in the town. His one-time friends desert him and only Mary Fortune the stenographer stands by. These two together fight it out against the combined wiles of a Wall Street financier, two of the country's well-known lawyers and one of the crooks of the town; McBain the lawyer having been killed in a fight with Rimrock although the latter was acquitted of the murder as justifiable.

Mary Fortune to Rimrock has taken the long journey to New York and had specialists perform an operation on her ears which has restored her hearing; and it is, by pretending still to be deaf, that she plays the final winning card in their game.

Another added attraction on that night is "Patty" Arbuckle in "Camping Out."

Some fellow some day will devise an effective means of reducing the cost of living. And then, to be contrary, he'll probably hop off to heaven before he puts it into operation.

The cable is a great institution. Without it we wouldn't know whether Europe is naughtier than us or we naughtier than them.

IRRIGATED CROPS AT THE EXPERIMENT STATION

(OBIL SHATTUCK Supt.)

Alfalfa under irrigation has not as yet, received a thoro trial at the station. The blocks seeded in 1917 were not reduced to grade, hence it was impossible to secure an even distribution of water. The results of a variety trial under irrigation will indicate the relative merits of the hardy varieties.

Variety	Yield, tons per A
Baltic	4.4
Grim	4.3
Turkeystan	3.9
Common	2.7

The best results secured with irrigated alfalfa on the station for the 1919 season was on two, one tenth acre plots in the irrigated rotation. The soil on these plots is fairly good and the application of water was quite uniform. The rates of yield in tons per acre are 6.3, and 5.1. Both plots received water at the rate of 14.7 acre inches.

Variety	Yield of Irrigated Field Peas	
	Bu.	Pounds
McAdoo/Kaiser	12.0	1670
" "	13.0	1620
" "	13.1	3160
" "	15.3	2780
" "	19.0	2160
" "	21.0	2690
" "	26.5	4510

The field peas received water at the rate of 8.7 inches to 15.3 acre inches. The best results were obtained with about 15.0 acre inches.

Variety	Yield of irrigated half sugar mangles	
	Yield pounds	Water applied
Half sugar mangle	7950	12.7
" "	9970	13.3
" "	12430	15.3
" "	14000	15.3
" "	16340	15.3
" "	16720	17.7
" "	17610	15.3
" "	19330	18.8

With closer thinning and good cultivation the half sugar mangle

should yield 15 to 20 tons per acre. This report will be concluded next issue.

Honesty is always the best policy, provided one possesses either honesty or policy.

And who is America's smartest man? That's easy—there are forty or fifty million of him.

A hook and line, a tin can full of bait, and a shady spot at a good fish hole looms up as an important duty soon to be pleasantly performed. Motion is carried.

Some people never see their names in print because they never tell the editor anything that ought to be in print. Tell it to us and we'll tell it to others.

BRIGHT STRAWS OF SPRING AGAIN SMALL

Dame Fashion says she has no set or regular rules—still she has. And it's the small hat—the first showing in either spring or fall models which bears out this statement. These two pleasing spring hats, the upper of straw braid, the lower of bright-brown straw and with the cross-braid bands of sprays as trimming, are newest models in the metropolitan shops. Satin and tulle are used quite generally with the straw braids, the tailored models in particular leaning to the combination as that shown in the upper picture.

When a girl begins to tell around that she never intends to marry it is a safe gamble that she has her mind definitely set upon some victim and is moving heaven and earth to get him.
