### MAN NUMBER THREE

The man who never expects an opportunity or necessity to arise that will call for money.

### YOU

### HOW ABOUT IT?

R. J. McKinnon, familiarly known as "Uncle Bob," had another stroke of paralysis the other day. He was at the home of his nephew, Jap McKinnon, but has been removed to the King Hospital and is recovering slowly from the effects of the stroke, but his general health is not so good. "Uncle Bob" is getting along in years and it will take time to recover.

Joseph Kunna and wife arrived here from Detroit, Mich. last Tuesday with the intention of making their home in this country. Mrs. Kunna is a sister to Mrs. Fay who formerly lived at the OO ranch. The sisters had not seen each other for sixteen years.

Joe Chiopa returned the fore part of this week from California where he spent a part of the winter. Joe went first to Lakeview after working for some sheep men in this vicinity during the summer and fall but later decided to try California climate for the cold months. He went to Sacramento but that did not suit his fancy so he went on down to San Francisco. Recently he had a letter from his former employers asking him to return to them and he came back to again take up outdoor work.

A telegram received Wednesday from Portland announced that Judge H. C. Levans had been operated on that day for appendicitis and also gall stones. He was reported as recovering from the operation and doing well. Judge Levans went to Portland to be under a specialist for ulcers of the stomach and he was doing most satisfactory but his appendix acted up and caused more trouble. His many friends are glad to learn he is recovering.

I. A. Hollis, a nephew of A. H. Hollis, of Andrews, was in town this week seeking his naturalization papers. He did not get a hearing at this term of court because of some misunderstanding and he will now await papers from the east. The young man is a printer, or rather devoted some four years to an apprenticeship at that trade in the old country before coming here. He finds he prefers the outdoor life to office work, however, and is going to remain in the stock business.

Parties down from the mountains to the north during the week report quite a snow storm up there. Jack Darst was down from his mining property on the head of Trout creek and reported a fall of new snow to the depth of two feet. Dale Porter was down from his wood camp at Cold springs and said it was the same depth there on last Friday but a rain had reduced it to about eight inches. Nevertheless, even though it did not lay on the moisture fell and will benefit the range and the run off come down for use in irrigating the lowlands later.

Mr. and Mrs. M. S. Davies and Mr. and Mrs. Alva Springer were in town yesterday, the ladies taking in the art exhibit and program at the Commercial Club given by the high school. He is not a stranger to the voters of Harney county as he served several terms as sheriff in the past and made one of the best officers Harney county ever had. There isn't any doubt in the mind of any one but what Lon Richardson will make a good sheriff if the voters see fit to elect him.

Mrs. Millie Patterson has gone to California where she expects to make her home in future. Her health has been bad here of recent years and she decided to dispose of her interests in the Steins Mountain section and go to a milder climate. Her daughter, Mrs. Geo. McKay, came down from Alaska upon receipt of news that her mother was not so well and upon her arrival the decision was made to close the business affairs here and go to the southern country.
