RIGHT RATION AID EGG YIELD

A ration for laying hens that provides balance of feed elements at economical costs under present conditions consists of the following, reports Prof. James Dryden, chief of poultry at O. A. C.: Wheat, 25 pounds; oats, 15; mill run, 20; ground oats or barley, 5; linseed oil meal, 5; meat or fish scrap, 7; kale or other greens, 45; bone, 2; grit, 3; shell, 2; charcoal, 2. The most scrap may be displaced with 60 pounds of buttermilk or skim milk.

Mayor Explains Why Warrant Was Issued

(Continued from page 1)

For services, per contract of January 21, 1918 \$1,000.

Travel fare, expenses, etc., of Mr. G. E. Keeler, (3 trips from Denver to Boise, Idaho and return) \$400

Total \$1,400.

Received Payment

KEELER BROTHERS.

The conditions of the contract were fully performed by Keeler Brothers. The matter of payment has dragged along for the past year. On Tuesday a representative of Keeler Brothers from Portland came to Burns from Ontario for the purpose of taking this matter up, as well as matters tending toward bonding the

city for water and sewer purposes in case the city desired their services. Mr. Mothershead who was on the council at the time the contract was entered into, was present Tuesday evening with the council for the purpose of talking over the matters in connection with this contract and account.

C. H. LEONARD, Mayor of Burns.

H. C. H. S. Notes

GENE SCHWARTZ '20
 RUBY DICKENSON '21
 JUNE DALTON '22
 GLADYS BYRD '23

A committee of students representing each class—Gene Schwartz, Ruby Dickenson, June Dalton, and Gladys Byrd—and three members of the faculty met to decide on the pictures that would be most suitable to purchase for our High School. With the surplus left from the Art Exhibit, we may be able to get about five pictures. Among those selected by the committee are "Washington," by Stuart, "The Pot of Basil" by Alexander, "Stratford-on-Avon" and others.

About forty new books are adorning the shelves of our library. They are only a part of those ordered for High School use. Some of those that came in are "Lies Miserables," Channing's "History of the United States," twelve volumes of Shakespeare's dramas, books pertaining to Domestic Science, and many others.

 FIRST CLASS WORKMANSHIP

We are praying for fair weather. The Junior-Senior girls will play the Sophomore team and the Freshman team in Volley Ball. But I fear there won't be much Volley Ball because Thursday morning, a few dogs and a couple of cows, felt frisky and gave vent to their feelings by frolicking about the net. They were not satisfied until they successfully kicked it over—after which they trotted off, at peace with themselves and the whole world—except the girls of the H. C. H. S!

Only four more weeks of school. We are sorry. It is bad enough to part with our schoolmates—but to go for three months without English or Chemistry! and then we will have to leave them and take up new subjects—some of us, I mean. But cheer up! Schoolmates! Only three months and back we will be with our studies.

The vaccine for the prevention of small pox has been taking effect this week. Several of the students are out because of sore and swollen arms. It is hoped that all will return soon.

Some of our typewriters have refused to work, but Raymond Veogtly our typewriter doctor, is bringing them back to health as rapidly as possible.

Frank Logan was compelled to quit school after having considerable trouble with his eyes. We are sorry that he will be unable to complete his term. School activities will suffer by his absence for Frank was prominent among us.

Some new translucent roller shades will be installed in the assembly room and library next week.

Marjorie Byrd is an exile from school these days. "Major" is suffering from overwork and nervous strain. While we miss her we want her back next year so are willing to endure the loss for a while.

No more programs for this year. It will take all our time now to get our courses finished by May 20th.

American Legion News

The last issue of the Literary Digest has some interesting facts regarding the treatment of our maimed soldiers. Read and think of Centralia! Then think of Chateau Thierry and the Argonne! Then ponder on this—the American Legion is one big organization devoted to the preservation of true Americanism and is endeavoring to see that all ex-service men receive fair treatment.

Members of the Post, and in fact all Harney ex-service men feel keenly the loss sustained when Judge Levens "went West" last week. We have left to console us the memory

We Meet Competition

Competition doesn't scare us. We are ready to meet it in everything we sell.

In quality of goods.
 In price of goods.
 In service rendered.
 In courtesy extended.

In fact, we are always ready to go as far for our customers as any other firm in town—and then some.

We can do this, because

We have the best goods to be had.
 Bought for cash at bargain prices.
 Our salesmen are instructed to satisfy you

We appreciate your trade so much that our trade mark is "THANK YOU."

of a man who dealt fairly, and by the bigness of his heart counted his friends in all classes from the kids to their grand-parents.

We know he took an active part in the County's war efforts, and most of us can testify to the genuine warmth of his greetings on our return.

Thousands pay tribute to the memory of a man who was a staunch American and conscientious officer, and in addition we can always best remember "Hank" as a kind, patient and courteous friend.

In response to a summons from Headquarters, the Executive Committee voted to forward five dollars as a contribution to a fund which will be applied toward properly decorating the grave of every American Soldier and Sailor in Europe on this coming Memorial Day.

On Saturday, May first, a delegation was "shove off" from Burns, bound for Crane where a rousing meeting will be held.

It is hoped that all ex-service men, irrespective of whether they are members of the Legion or not, will avail themselves of the opportunity to hear expounded the tenets of the organization.

Come and learn why you as an

American can help preserve in Peace what you swore to uphold in War.

Some "stunts" will be pulled. A supply of C.C.'s and Duke's Mixture will be furnished by Buerki and Vincent.

"Billy" Farre was one of the faithful who kept the home fires burning during the late unpleasantness. Second to none in zeal, untiring in his efforts he threw himself vigorously into the struggles which preceded each and every drive. As a member of the several local war boards he served unselfishly and left nothing to mar what has always been a clean record.

In "short," when the crisis came Billy rose up to the occasion and demonstrated that he was 100 per cent straight up American.

So here to you County Judge Farre. May success continue to follow your steps. We feel that you are "some citizen."

The adjutant expresses deep regret that all the solemn predictions voiced by the "soothsayer" contingent are false, erroneous, etc. In other words, he most emphatically insists that he is, has been and will be (?) single and unattached.

"Bob" Duncan made a flying trip

to Prineville Thursday. As the party left at seven o'clock we were unable to gain an interview. The Captain was still asleep or rather he could walk, but hadn't roused sufficiently to permit of speech.

"Avant There"! Locher is now making steam at the Lampshire Garage and promises to do a ship shape job on all work. Bring on your big "boats" and "dinghies"! Barnacles removed free of charge!

The State University, Agricultural College and the State Normal

have for many years spent less money per student per year in training Oregon boys and girls than is spent at any other state institute. The present cost at the State University is \$203 a year; at the College, it is \$180. But even before the war, when money would buy twice as much as it buys now, the average cost at all other state institutions was \$325 a year. In addition

Their Building Investment is also very low

At the State University it is at present \$322 per student; at the College, \$300. But in state institutions elsewhere, statistics show the average to be \$395. These are convincing proofs of economical administration, but the three institutions can no longer give satisfactory training to the vast number of Oregon boys and girls (5400 in fulltime courses alone), unless they receive more support. On May 21 the Higher Educational relief measure will appear on the ballot. You are urged to preserve the quality of higher education by voting for it.

Paid advertisement inserted by Colin Dymally in behalf of the Joint Alumni Relief Committee for Higher Education in Oregon, 514 Pittock Block, Portland.

"A Word to the Wise" says the Good Judge

You want real chewing satisfaction.

A little of the Real Tobacco Chew lasts so much longer than the old kind.

You don't need a fresh chew nearly as often—so it costs no more to chew this class of tobacco.

Any man who uses the Real Tobacco Chew will tell you that.
