upright diplomacy utilized bringing peace, freedom and justice to millions of enslaved people; the efficient conduct of the war bringing early peace and victory to American arms; the progressive legislation enacted, including woman's suffrage and prohibition, rendering America the most prosperous and harmonious nation on earth. I also believe in the progressive principles advocated by William Jennings Bryan, the great Commoner, whom I believe the rank and file of the Democratic and common people in general, will draft into service as the next candidate and incumbent of the Presidency."

**The Only "Real" Sales**

The greatest sale of the year 1920 is going on at this store today. It commenced January 1 and will end December 31—and then another year of sales will begin. This sale is in force six days in every week.

It is a REAL sale—the only kind of a sale that REALLY COUNTS where splendid values are obtained for every penny you spend. Every day is our sale day, and every article we sell is down to the SALE price.

We buy for cash, in large quantities, take advantage of all discounts, and give you better values the year round than any so-called "special sale" can give you. Every article we sell is a bargain at the price.

Come in—MAKE US PROVE IT.
