NEW TELEPHONE DIRECTORY JUNE 10.

Persons desiring telephone installed should make it a point to place their orders during the present month as the new directory will go to press just as soon after the first of June as the printer can get at it, therefore those who have phones installed before that date will have their names in the directory.

This country is divided on the subject of universal military training, some favor it, some oppose it, some don't know what they want, and others don't care. And between the bunch of them our poor old star-spangled Uncle is having a fence of a time trying to spraddle four ways at once with only one pair of legs.

COUNTY TO ADD DRESSING TO GRAVELED ROAD

Road Master Roy McGee informs this paper that the county expects to begin at once to place a top dressing of four inches of fine gravel on the Poison Creek Road which was gravelled during last fall by R. A. Allen. The grade is in shape for this finish and it was deemed the part of economy to have it done in order to get the best results from what had already been spent on it.

B. B. Clark was in town yesterday.
