OFFICERS

JOHN D. DALY, President
A. C. WELCOME, Vice President
E. H. CONSER, Cashier
J. M. DESILETS, Asst. Cashier

Ed Stallard was in town the other day. Mrs. Buerki wife of Dr. R. C. Buerki, arrived home the fore part of this week from a trip east. S. S. Williams and C. W. Drinkwater were over from Drewsey on Wednesday. Dr. and Mrs. C. C. Griffith and little son are home from California where they spent the winter. Mrs. Anna Pearce was up from her home for a short time this week attending to some business affairs. E. H. Conser of the First National Bank took his departure yesterday for a hurried trip to Portland and Spokane on business. A. W. Lewis of Fonda Iowa, and C. S. Hayward of Portland, are visiting their sons and daughter in this city. F. E. Swope returned this week from a trip to Salem and other outside points. He was accompanied in by Mrs. Swope. F. G. Kelly was over from Catlow the other day, having come to Crano to meet Mrs. Kelly and his young heir who were returning home from over at Weiser. They spent one day in the metropolis before going out to the home. The candidacy of R. R. Butler, of The Dalles, for delegate at large to the republican National convention, is receiving favorable consideration by the voters of his party in this county. Mr. Butler is known to local men, who do not hesitate to recommend him. A. R. Cook, Ben O'Dell and George Davis arrived here from Ontario the fore part of this week. The young men came over into this territory to make entry on homesteads as Mr. Cook, who is familiar with the country knew where they could locate some pretty good land. W. B. Johnson, R. J. Williams and W. C. Cecil, directors of the Silver Creek Irrigation District, and J. C. Cecil, their secretary, were over on Wednesday to consult with their attorney and others interested in the project. Mrs. J. C. Cecil was also a member of the party. Mrs. Ella Martin is home from Boise where she was for several weeks on account of illness. She has about recovered her health and states she expects to go to her mountain dairy ranch at once for the season. Her cows are doing quite well but with the fine pasture in the mountains they will greatly increase their flow of milk and thus afford her greater returns. W. C. Hammatt, the consulting engineer mentioned in these columns recently as having been employed by the Harney Valley Irrigation District to make preliminary observations of the project in order to give the directors some idea of the best plan to pursue, arrived here and is at work. Mr. Hammatt is visiting the sites up the river and on Emigrant creek, where reservoirs have been suggested and gathering other information of a general character. The gentleman is expected to make a report to the directors during the coming week and his further work will depend upon what is decided at that time. But even a good man sometimes sheds his coat of righteousness to his own home. It is there that impatience sometimes finds its outlet—unconsciously, no doubt, but none the less true. And the wife bears the burden—

pays the penalty of the sins of others who have produced this lapse in the good man. Even the good man would do well to think twice before he lets off steam in his own home. And the rest of us, ditto. BUNCH GRASS DYING IN SPOTS Ed. Morgan reports that the bunch grass appears to have died out in spots on the range adjoining the Weaver Springs section during the past winter. He also reports the alfalfa on the bench land of Fred Brethaupt in the same community has winter killed. The matter presents an interesting study which County Agent McDaniels is going to work at as soon as he can get into the neighborhood and investigate it.

POLITICAL NOTICE

Owing to the sickness of Mr. Jetley, which will probably prevent him from meeting the voters as he would desire, I have decided to submit my candidacy for nomination for county judge to the voters without making a personal canvass. I so submit my candidacy to the republican voters under the pledge that if nominated and elected I will give the people of this county a fair and square business administration of the office and that I will discharge all duties connected to the best of my ability. R. T. HUGHET

HE WILL MAKE GOOD.

Vote for Fred Lockley for Secretary of State. He has made frequent visits to our county and is thoroughly familiar with our resources and needs. For many years he lived in Eastern Oregon. He stands for Economy and a Square Deal. Vote for Fred Lockley for Secretary of State. He is short on promises but long on performance.—Adv.

TRESPASS NOTICE

No trespassing upon my premises. Keep your stock out of my field unless by my permission. A reward for conviction of the violation of this notice. James H. Stewart.

LOCAL HAPPENINGS

Steve Seaward and wife were in from Diamond during the week looking after business. Jeff Cawfield and Robt. J. McKinnon were over from the Van section this week on business. Mrs. A. K. Richardson arrived home the fore part of this week from Utah where she had been visiting with relatives and friends for a time. Ed Morgan left the fore part of this week for Nevada where he goes to remain indefinitely. Ed was married recently to Mrs. M. E. Spencer. Mrs. Roy McGee is in Eugene visiting with relatives and friends. Her sister, Mrs. J. C. Templeton, wife of a former Presbyterian preacher who was pastor of the local church, resides there. R. H. Calvert returned this week from Ontario where he was called to the bedside of his son who died last week. Mr. Calvert is nursing a broken finger caused by attempting to crank a truck. James Fellows, the musical instrument man who is the representative of the Wiley B. Allen Co., was in town during the week looking after some business in connection with the house. He was here, but a short time but expects to return for the stockmen's convention.

W. T. VanDerveer, one of the progressive stock men of the Pine Creek section, was a business visitor during this week. Mr. and Mrs. G. W. Clevenger arrived home Tuesday from their honeymoon trip to Southern California. They received a hearty welcome from their friends in Burns. Mr. and Mrs. A. R. Olsen and little daughter arrived home this week. They were met at Bend by Leonard Locher. The little daughter, who has been very sick, is improving rapidly. Mrs. Henry Anderson arrived home Tuesday night from Portland where she had been spending several weeks with her son and family. Mrs. Anderson had a delightful winter in the metropolis but was glad to get home. Dr. Turner, Eye specialist of Bend will be in Burns Monday and Tuesday May 24-25. Dr. Turner is a specialist of experience and standing and you will make no mistake in consulting him about your eyes and glasses. Headaches relieved, cross eyes straightened satisfaction guaranteed. Consult him at Hotel Levons. Don't forget the date May 24-25. Archie Forkins was in town during the week having just returned from a visit to his land holdings in the Silver Creek country. He has gone to Butte, Montana and has had this paper forwarded to him in order that he may keep track of progression in this county. Mr. Forkins says he will return as soon as we have irrigation. He also is interested in the development of oil.

Have your watch overhauled. Start the old clock ticking, get that old piece of jewelry in wearing order. Have your eyes fitted to Reading glasses, see C. M. SALISBURY jeweler, optician.

THE Pacific Live Stock Company announce the opening of the sale of its first subdivision of Harney County Lands. (Particulars in next issue)

Notice to Holders of Liberty Loan Bond Coupons. The following table will show when such temporary Bonds should be presented to be exchanged for permanent Bonds: 1st Liberty Loan 4 percent May 1, 1920 or immediately thereafter. Harney County National Bank United States Depository

Reduce Shoe Cost BY BUYING QUALITY

There is a difference in shoes. The shoe of quality looks good when you buy it, and retains the appearance of quality as long as you wear it. The "cheap" shoe looks good when you buy it, is "rusty" in a short time, and a wreck long before you are ready to discard it. That is the difference in shoes—and there is more difference in the shoe than there is in the price. A GOOD shoe will last twice as long as a "cheap" one, and a GOOD shoe does NOT cost twice as much as a "cheap" one. Figure it out for yourself. See us for GOOD shoes only—GOOD shoes at MODERATE prices.

BURNS DEPARTMENT STORE Lunaburg, Dalton & Co. Look at these styles. They are the season's best shoe values. We had a dozen lines to pick from. We want your permanent patronage so we chose these and other models in this sturdy, popular make.
