FORMER HARNEY COUNTY MAN BUYS STORE IN EMMETT

A recent press notice appearing in the Boise Capital News under an Emmett date line states that M. Horton, formerly of this city, has purchased a hardware and grocery business in Emmett, the stock being valued at \$30,000. Possession is to be given July 1st.

Mr. Horton writes this shop that they have also bought them a residence in Emmett and expect to make that their home moving there the latter part of June. He writes the latch string will always be out to any Harney county friend who might come that way.

Mr. Horton's friends in this section hope he will find his new place not only pleasant but profitable.

ANOTHER PIONEER CROSSES THE GREAT DIVIDE

George W. Young died at his home in this city at 1 o'clock on last Wednesday morning following a short illness. Mr. Young was apparently well just a few days ago but took suddenly ill Monday and rapidly grew worse, the immediate cause of his death was cerebral hemorrhage causing paralysis of the respiratory muscles which was followed by pneumonia. Upon his physician being called it was found he was in a very bad way physically from several complications and was not able to withstand any disease.

Deceased had been a resident of this county since 1884. He was born in the Province of Ontario, Glenora county, Canada June 26, 1863. The family moved to California while he was an infant and there he grew to manhood. He was married in 1889 in this city and is survived by his wife and six children: Clarence, William, Hazel, James Joe and George. He is also survived by his mother and one brother who reside in Taylorville, California.

The funeral will be held this afternoon, interment being made in the Burns cemetery. Two of his sons, William and James, were away at the time of his death, the former being in California and the latter in the O. A. C. at Corvallis. His daughter, Miss Hazel, was also in Sacramento, California but they have all arrived home and will attend the funeral.

George Young was an energetic man and had been active in the affairs of this county ever since he was a young man. He was a candidate for county assessor four years ago and again at the recent primary election being defeated both times by John L. Caldwell. Mr. Young was an aggressive man and always ready to stand up for what he considered right. He was a member of the Harney County Pioneer Association and was its secretary at the time of his death.

His bereaved family have the sincere sympathy of the pioneer people of this county where they are all well known.

Eighth Grade Graduation Exercises Last Evening

The exercises in connection with the graduation of the eighth grade classes from the public school were held at the school auditorium last evening and a large number of the parents and patrons of the school were present to witness the exercises.

The program consisted of two violin duets by Hazel Owsley and Gladys Byrd, a vocal solo by Mrs. Nollie Reed, a saxophone solo by Homer Reed and an address to the class by Rev. B. S. Hughes. Mr. Hughes gave the children a fine talk. Charles M. Faulkner of the school board presented the diplomas to the graduates which he preceded by some very appropriate and timely remarks.

One touching incident of the program that was not down on the list was the presentation by Lelah Logan on behalf of the class a token of appreciation and esteem to Principal Sutton. It was a nice gold ring with three links engraved with F. L. T. the Odd Fellows emblem—Friendship, Love and Truth.

Some men are so averse to recognizing their own faults that they soon become convinced that they are without flaw.

STOCKMEN'S CONVENTION IS PRONOUNCED SUCCESS

Officers of Association And Entire Day Devoted To The Entertainment of Our Visitors Pleased; Best Meeting Ever Held.

"In point of interest and attendance, the convention just closed is the best in the history of the Association," said President Wm. Pollman, Wednesday morning before taking his departure for his home at Baker, following the seventh annual convention of the Cattle & Horse Raisers' Association of Oregon. "The program was one of the most instructive and beneficial ever given at any convention; the delegates were in their seats in greater numbers than ever before and I believe we accomplished more real good to the membership than ever before."

This was gratifying to the representative of this paper with whom Mr. Pollman was talking as it meant that Burns had made good in its effort to take care of the big state organization and that it was found even better suited for such a convention than had been expected.

Secretary Correll expressed himself as agreeably surprised at the manner in which the delegates had been cared for during their stay and the hospitality of Burns was really frontier in its character. Mr. Correll also voiced his appreciation of the results accomplished at the meeting and praised the character of entertainment furnished the visitors.

"Absolutely the best meeting ever held by the Association," was the way Treasurer Doby expressed himself.

Fortunately the town was equal to the occasion of caring for the visitors, having furnished all necessary housing and food in a satisfactory way. The storage portion of the Burns Garage was made into a big dining room and those who were served at that place report the best of service and good, well cooked food. In fact some of the officers of the Association stated that they had eaten there almost exclusively during their stay in town and that they never had better meals anywhere. The charges were also reasonable.

Many of the homes in town were opened to the visitors and because of expecting more people than came they were all provided for in that respect most comfortably. Additional beds had been arranged for in the place being fitted up by James Lampshire in the Fry building and there were also some tents put up but it was not necessary to occupy them.

Manager Charles Faulkner has not made a report of the financial end of the entertainment but it is understood there was ample money provided for the entertainment of the guests—that is when it is all collected in. Most of the business houses of Burns contributed toward this fund but it is regrettable that some who profited most directly from the convention visitors did not put up a cent toward this entertainment or provide for their comfort. However, that is not new. Many of the local stockmen subscribed liberally to the fund.

The excursion train up from Ontario brought something over sixty of the delegates who were met at Crane by automobiles from this city and brought to Burns that evening. The Commercial Club was made headquarters where the several committees had representatives and the visitors were taken there to register and assigned rooms.

Monday morning found several hundred delegates ready for the opening session at 9:30, the convention being called to order at that hour by the president.

Several entertaining numbers were interspersed in the business of the sessions during both days, the Syncopated Trio furnishing orchestra music; the Ladies' Sextette, the high school girls' quartette, male quartette, and among others Mrs. N. F. Reed, and Waldo Geer rendered vocal solos; Mrs. C. M. Faulkner gave a reading both at the convention session and at the reception given the visiting ladies during Monday afternoon. At the dance given the first evening at Tonawama ev-

HARNEY COUNTY PIONEER REUNION JUNE 12

Entire Day Devoted To The Entertainment of Our Old Time Families.

The annual reunion of the Harney County Pioneer Association will be held in this city on Saturday, June 12.

"Mother" Ione Whiting, president of the Association, called a meeting together at The Times-Herald office on Thursday evening of this week and selected some committees to arrange for the coming reunion. President Faulkner of the Commercial Club designated Sam Mothershead as his personal representative to attend this meeting to ascertain what the pioneers desired in the way of cooperation from the club.

Some features of the program this season will be old time music by pioneer singers, reminiscent talks by several of the older pioneers, sports for both the old and the children, a picnic dinner on the court house lawn and the day will close with a pioneer dance at Tonawama.

The committee appointed are: Music—Mrs. Madge Leonard, Julian Byrd, J. E. Loggan.

Speakers—Simon Lewis, Leon M. Brown.

Sports—Julian Byrd, Ella Luckey. Heretofore the annual reunion has been held at the 4th of July celebration time but as this divides the attention of the citizens of Burns, there being so many visitors on such occasions and of necessity a variety of entertainment for diversion; for that reason it was suggested last year that a permanent date for the holding of the annual reunions be fixed and at a time when the pioneers might have the undivided attention of Burns citizens. Upon a vote the second Saturday in June was made the permanent date for holding these gatherings.

Invitations are going to be sent out to every pioneer who has registered to come to this reunion and also tell each that they are to invite any others who are eligible to membership who may not be registered. For instance, those who had not resided in Harney county for a period of thirty years last season may be qualified this year. The same holds in respect to the children who were born in this county. Any who have become thirty years of age this year are entitled to membership.

The pioneers are also to bring their entire families to this gathering. Although the children may not be eligible to membership, they are welcome to the gathering and will be given entertainment. The picnic dinner is to be furnished by the pioneers themselves, each family bringing baskets of good things to eat and share with their neighbor in an old fashioned picnic dinner.

Each pioneer business firm in Burns is going to furnish a prize for a contest of some character for that day. It may be a foot race, a pleasuring contest, game of marbles, horseshoes, or some sport. These will be announced later when the program has been made up.

The dance is to be strictly a pioneer affair. There is to be no charge for this dance whatever, the music to be donated the same as the hall, among the musicians to contribute their services are Ora Hill, Robt. Drinkwater, Gabr. Rush, Sheriff Goodman, Mrs. Goodman, Del Dibble, Lee Caldwell, Julian Byrd. The privileges of the floor will be restricted to registered pioneers wearing badges. No "hifalutin" steps will "go" Fox trots and shim-mies barred. It's going to be one of those old time dances with quadrills, polkas and the like.

The Times-Herald will give further details of this program next issue.

BENEFICIAL RAIN MONDAY

The rain storm last Monday made it rather disagreeable to convention visitors and their hosts, but it was of such great benefit that no one was heard to complain. It was a good soaking rain that helped the crop and range immensely.

A wish gratified is no longer a wish. It has lost its charm.

HARNEY COUNTY PUPILS WHO PASSED EIGHTH GRADE EXAM

And still it is quite safe for the millionaire to wear overalls. There's always a line of distinction between the grease and the grease.

STATE CHAMBER ASKS AID OF BURNS CLUB

Representative Here From Portland to Discuss Plans For State Campaign.

Announcement of a state wide campaign that will be conducted by the Oregon State Chamber of Commerce and the part Burns and Harney County is to play in the state-wide movement will be outlined this evening at a special meeting of the Board of Directors and Executive Committees of the Burns Commercial Club at 8 o'clock at the club rooms by James G. Stafford, representing the State Chamber who visited Burns in connection with a survey of the state now in progress that will precede the intensive organization work of next month.

The campaign, its purposes and aims, will be discussed at length by Mr. Stafford, and the local leaders, several of whom, interviewed earlier in the day, having expressed much interest in the plans of the State Chamber. A local executive committee, with a chairman will be selected, which will cooperate with other cities in the state in this state-wide movement. The Oregon State Chamber of Commerce has undertaken plans to play an important part in the future development of the State. Funds will be raised to carry on an extensive program of activities.

Irrigation and reclamation development, the improvement of highways both main trunk line systems, county parallels, and post roads will be given special consideration, through the establishment of administrative offices to promote movements, and legislation looking toward the rapid development of existing and proposed projects.

An advertising campaign to set forth the opportunities to be found in Oregon and encourage land settlement, and to encourage tourist travel, also will be developed. Administration methods to promote the extension of railroads refund on the reclamation fund; cooperation with agricultural, lumbering and stock raising interests, and numerous other projects, the development of which will be of incalculable value to the state.

Mr. Stafford was assured by local leaders with whom he talked today that the Commercial Club of Burns would respond to the efforts of the State Chamber of Commerce, and that Burns and Harney County could be relied upon to do her share with other communities of Oregon. Other representatives of the State Chamber will visit Burns later and complete the organization work for the state wide movement, which it is declared will benefit every section of Oregon.

Harney County National Increases Capital Stock

The Harney County National Bank has increased its Capital and Surplus to \$100,000.00 under authority from the Comptroller of Currency at Washington, received by telegraph the twenty-fourth instant.

The action looking to an increase of Capital was taken at the annual meeting of the Stockholders of the Bank in January, the increase to take place at once.

Application for the proposed increase was made to the Comptroller and all preliminaries were completed under direction of the Board of Directors. The present Stockholders of the financial institution have subscribed for the additional stock.

Deposits of the Bank have steadily grown, and the business warranted and increase in Capital. The statement of May fourth showed deposits of over Seven Hundred Thousand Dollars.

The Officers and Directors of the Bank are Fred Haines, P. C. Peterson, J. P. Rector, Henry Dalton and Leon M. Brown.

Yes, we may live for years without knowing the true hearts of our neighbors, but their families and their dogs and their cats do.
