He is going to exhibit his stock at the fair this fall.

INDIANS RECEIVING SPECIAL MEDICAL ATTENTION

Supt. O. L. Babcock of the Warm Springs Indian Reservation, accompanied by his chief clerk, E. M. Smith and Dr. C. W. V. Radesky, arrived in this city the first of this week. Mr. Babcock makes frequent visits to this vicinity as he has the local Plute Indians under his supervision; or rather, he is expected to look after the welfare of the roving bands of this territory. He was here recently and found so many of the Indians with eye infection he decided to ask for special medical aid after discussing the situation with Miss Howell the community nurse. The latter promised to do follow up work and try to assist the Indians in caring for their eyes following the necessary operations.

Dr. Radesky confines his practice to the care of the Indians of the United States, being constantly in the employ of the Indian Department. He travels from place to place as his services are required and informs a representative of this paper that he has operated on over 1500 Indians during the present spring and summer. He finds the Indians require careful attention to their eyes, many of them having trachoma, but he also finds other complications.

Mr. Babcock's chief clerk spent several days working out the family history and relationship of the Indian in this section. They have had allotments and with deaths it is a task to keep in touch with relationships and trace the proper heirs to property.

Chas. Johnson is home from Portland where he had been for several weeks.

Mrs. Fred Smyth was over from her home at Diamond for a short visit with relatives and friends the latter part of this week.

Mrs. Alvin Hurburt underwent an operation at the King hospital this week, Dr. Smith performing it. She is reported recovering very satisfactorily.

John Sayer returned last Saturday from a visit with his daughters, Miss Helen at Spokane, and Miss Dorothy at Portland. The latter has finished her high school work and will enter Reed's College.

Gene Melvin, a former resident of this city, is here on a visit with relatives and friends. He is an uncle to the Reed boys, Grover Jameson and Austin Goodman. He left here 24 years ago, but finds several of his former acquaintances.

Mr. and Mrs. Archie McGowan came over from their stock ranch in Malheur county yesterday. They have just put up the first crop of alfalfa and it was so hot they decided to come over where they could have nice cool nights to sleep.

Born—Wednesday, July 7, to Mr. and Mrs. Arthur Turner, twin boys. The larger boy lived only an hour or so, causing grief to his parents and relatives, but the other boy and the mother are doing fine at the Burns Maternity hospital.

WAYSIDE OBSERVATIONS

By L. E. McDaniel—County Agent Everything pointing to a good county fair.

September 30th and October 1st and 2nd.

Save samples of your best crops. Get your livestock of all kinds in shape.

Ladies and children given special consideration in premium list. Ask the County Agent to help arrange for community exhibits of grains, grasses, root crops, etc.

Speaking of a silo reminds us that it is an economic waste to ship cream to Portland, Seattle and Idaho points and then ship butter back. This office is in touch with parties who will erect a creamery if assured of cream at prevailing prices. Are you interested? If so let the County Agent hear from you.

If you are milking ten cows, a small silo will pay you and by breeding for fall freshening you can have a regular cream check coming in each month, instead of a spring and early summer proportion as is now the case with most of you. The silo is not the cure for all ills a farmers pocket is heir to, but it will fill the milk pail and put flesh on the steer at less cost than anything that has ever been tried.

From the standpoint of livestock, farm and other exhibits already promised in addition to a big list of sport, races, riding contest, bulldogging and a score of other attractions now being lined up by the committee in charge, there is every reason to believe that Harney County will not fall far behind other counties in staging a successful fair this fall, especially when the late start is considered. If you have the interest of your community at heart, get in, and boost and not only make an exhibit yourself but assist in arranging for a community exhibit.
