

How To Live

Worry less and Work more
Ride less and Walk more
Frown less and Smile more
Drink less and Breathe more
Eat less and Chew more
Preach less and Do more
Spend less and Save more

The "Save" came last but that doesn't indicate it is the least important.

SAVING doesn't mean saving money alone.

We can and should save in many ways.

They are all worth while, but the Saving of Money is of great importance. It is the **Visible Proof** of our **Ability to Save**.

The man who **Cannot Save** is **Beaten** from the beginning.

Success is not in him.

WE can help YOU save by keeping your Savings in the bank and paying you interest thereon, at 4 per cent compounded twice each year.

First National Bank

BURNS, OREGON

N. T. Smith is installing new heat radiators in the public school building this week.

Misses Hazel and Anna Halnes left Wednesday for Evanston Wyo.—The Idaho Statesman

Dr. McClellan and family have gone to the Yellowstone park will return August 16th.

C. A. Korten is out from Chicago looking after his extensive farm in this vicinity.

Pete Carmer arrived home Wednesday, accompanied by his grand daughter. This is her first trip into this territory and there are many things of great interest to her.

Frank Matney arrived home last week from a visit to Southern Oregon where he had been called because of the death of his mother. He was accompanied home by his brother, W. M. Matney, and also a niece, Miss Ruth Hamilton. The brother visited with Frank here several years ago.

The Times-Herald man and County Agent McDaniels recently made a trip to the Frank Nutley ranch up in the mountains where an investigation of plant conditions was made. Mr. Nutley had been losing some sheep and thought a poison plant was responsible. The investigation did not reveal any poison plants in the immediate neighborhood of the ranch and it was concluded the stock died from bloat because of eating certain weeds early in the morning when the dew was on. Mrs. Nutley is going to come to the fair and bring some of the pure bred Oxfords for exhibition.

CONFIDENTIAL—

For Boys and Girls Only

By E. T. Merdith, Sec. of Agriculture
I want to say just a few words to the farm boys and girls, and the older people need not bother to read it at all.

Now, you and I know that the boys' and girls' club work represents one of the most important lines of agricultural activity in the United States to-day. I believe it is important, because it has such large possibilities. We men and women who are trying to improve farming and farm life will be out of the game when you boys and girls are just reaching the prime of life. You have the advantage of us, because you are learning the principles of good agriculture and home making while you are still young enough to learn to the best advantage and to apply in a practical way the knowledge gained throughout your whole lives.

Even as boys and girls you are accomplishing more good than can be measured. The good that you will be able to do will increase as you grow older, and, when you become full grown men and women, you can supply for the agricultural forces of this nation a leadership such as the world has never known before.

I congratulate the boys' and girls' club members. And I would like to ask a favor of the boys and girls who are not members of the clubs. We are trying—the United States Department of Agriculture, the state agricultural colleges, and a great many other people—to make the farms of this country more profitable and home life on the farm more pleasant. I wish the rest of you boys and girls would join with those who are already members of the clubs and help us in accomplishing this great service for our common country. It is a patriotic thing to do; and it is a service that can not be rendered by anybody except you boys and girls.

The year 1920 should be the biggest year in the history of our boys' and girls' club work—and I am confident that it will be. The country is facing a difficult situation because so many men have left the farms to work in the city. The good work that the club boys and girls can do will help to overcome that handicap—and the club boys and girls will do that kind of work this year. It may hear you to know that many of us here in the Department of Agriculture look upon the boys and girls clubs such as Caesar must have looked upon the Tenth Legion or Napoleon upon the Old Guard. The other forces may fail, but we know that we can rely on you.

I might not be willing to see you undertake such serious service if I did not know that, while you work hard, you play joyously together. I am sure that the boys and girls in the clubs have better times than the boys and girls who are not in the clubs and that is an additional compensation to you for the work you do in the club.

Stetson hat \$6.00. N. Brown & Sons.

PLEASE RETURN—The party who borrowed the six-inch centrifugal pump from H. C. Levens is requested to return it to Mrs. Levens.

BETTER LIVE STOCK IN OREGON IS IN SIGHT

Boys and Girls in Club Work are Taking Great Interest in Pure Bred Animals

Pure bred stock placed with boys and girls of Oregon in club work is expected to do much toward building up the pure bred stock industry in Oregon, by the state leaders of club work. The young people, it is said, are interesting the grown-ups in paying more attention to quality of stock.

L. J. Allen, assistant state club leader announces that live stock placed with the boys and girls includes 84 dairy calves valued at \$14,795; 50 beef calves, \$12,280; 54 brood sows, \$4120; 141 weaning pigs to be grown for meat purposes, \$1180; and 87 pure bred pigs, weaning age, \$1760.

The price paid for the stock was small enough to make it possible for the young people to make a profit. The club leaders have put special stress on the fact that not only should an animal be pure bred, but of a good strain.

BIRD RESERVE MAY INTERFERE WITH DRAINAGE

B. F. Johnson of the Colonization Company does not believe the creation of the bird refuge at Malheur lake is going to be of any benefit to this country so far as developing its agricultural resources are concerned. He says that regardless of what the provisions are in respect to water rights or future water rights, the proposition that confronts the country is that when irrigation is practiced and the water distributed out over the country, the matter of drainage is going to be a factor and the only place for the surplus water is in the lake bed. With the alkali water which will be leached out of the soil going into the lake it will not likely be very healthy for birds and then there will be a complaint from the bird men. Mr. Johnson thinks the favorable vote of the people of the state on this bill will prove a mistake.

NAZARENE CHURCH

Sunday School 10 a. m.
Preaching service, 11 a. m.
Young Peoples' Meeting 7:30 p. m.
Prayer service 8 p. m.
Prayer meeting every Wednesday evening 7:30

Practice before U. S. Land Department and

Real Estate

Indications are that the lure of the land will attract many investors to Harney County the coming season. Listings now will be kept before prospective investors the entire season.

LOCAL HAPPENINGS

I. M. Davis and W. D. Baker were over from the Drewsey country again this week. We did not learn their business.

Mrs. John Hunter was down from her mountain home Wednesday accompanied by her little granddaughter, Amy Turner.

Miss Sara A. Howell, county health nurse, spent last week in the Drewsey country. On her return she was accompanied by a little daughter of Mr. and Mrs. J. D. Smith, who visited her for a short time. Miss Howell is spending this week at Narrows and Catlow.

Mrs. W. W. Gould and Mrs. Dalt Gibbs with their sons returned home this week from a trip to Portland where they went to spend a vacation and to receive medical aid for Mrs. Gibbs' baby who had been in poor health for some time. The trip benefited them all, and the little fellow is reported very much better.

Nollie Reed arrived home from Portland Tuesday evening. He had been down since the first of this month, having been called there because of the serious illness of his wife. Mrs. Reed underwent an operation and is recovering slowly but hopes to be home within a few weeks. Nollie was accompanied over from Bend by Mrs. H. M. Horton who will visit for a time with home folks.

H. Hotchkiss is reported very ill at his home in this city.

R. J. Williams was in town Wednesday, from his home on Silver creek.

Geo. Hagey returned this week from Nampa, where he has been spending a few weeks outing, he reports having had a good time.

Alex C. Rae, the public accountant, of Portland, is in this vicinity on business. He is also visiting with his friends Mr. and Mrs. William Stirling.

Mr. and Mrs. Jack Craddock were down from their Silvies home during the fore part of this week. They are busy hauling and came down for some supplies.

Harry Crawford, who was a resident of this city a few years ago when he conducted a barber shop, was here this week calling upon dealers with a line of oils and other things for sale. He found many of his old time friends who were glad to see him.

The manager of this great religious weekly left Wednesday afternoon in company with County Agent McDaniels for a trip to the Denio country. They went with camp outfit and will spend several days on the road down and back, camping at fishing streams en route and from the number of guns and amount of ammunition they carried away they certainly ought to get some sage hens. They go by way of Catlow Valley and expect to return on the east side of Steins Mountains.
