## Couldn't Raise Hand to Head

### Farmer Nelson Suffered Years From Rheumatism—Feels Fine, Now.

"Yes, sir, I can recommend Tanlac, for any one would not say a good word for a medicine that had done for them what Tanlac has for me would be ungrateful, to say the least of it," said Gustaf Nelson, a farmer, who lives at Gertrude, Wash., McNeil Island, twenty miles from Tacoma, while in the French Drug store in Tacoma, recently. Continuing, he said:

"For the past ten years I have suffered with rheumatism in my left hip and right arm all the time, and at times in different parts of my body. My hip pained me so I could hardly walk and I just had to drag myself around, and my arm would very often hurt me so badly I could not raise my hand to my head. The rheumatism would move from one leg to the other and then to my back again

hip or right arm. The pains in my to my legs, but never left my left back were so bad I could scarcely bend over and when I did I could hardly straighten up again. My kidneys bothered me a great deal also, and I would have the worst sort of dizzy spells. My nerves were in such bad condition I could get but little sleep and lots of nights I would lie awake all night, and in the morning I felt worse than when I went to bed. My appetite was very poor, and I had become so weak and run down I could not do any heavy work at all, and even when I did the lightest kind of work I would become tired and exhausted very quickly.

"I saw so much good said about Tanlac in the newspapers I decided to try it, and it was only a short while before I began to gain in weight and strength and my appetite improved wonderfully. Now, I can eat anything I want and, everything agrees with me. The rheumatism has left me entirely and I can get about all right and do hard work with the greatest ease again. I never have those pains in my back any more and never have those dizzy spells, and can sleep all night long as peaceful as a child. In fact, I

feel just fine all the time, and I owe it all to Tanlac."

Tanlac is sold in Burns, by Reed and in Crane by Crane Mercantile Co.

## Now the whole family can go out on a Summer evening

THE women should certainly be thankful for the automobile. It has given them a chance to see a lot more of their husbands.

they're beginning to insist on knowing what they are getting.

And the more they insist, the better it will be for us.

II

But it has done a great deal more than that.

It has brought people closer together, given them new interests, swept away old prejudices.

What affects one man now generally affects a good many of his neighbors in the same way. And they have a better chance to get together and talk things over.

We want our customers to know what they are getting.

That's why we represent U. S. Tires—so there will be no doubt about it.

Whatever the size of your car, you know that the U. S. Tire you put on it is the best kind of tire its makers know how to make.

U. S. Tires are guaranteed for life, without any limitation of mileage.

That ought to mean something to the man who has thought about tires.

III

It's had its effect on the tire business.

When automobiles were new people were willing to buy any kind of a tire. Now

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cord.
