Bill Jones, the Juntura banker stockman, and his son Pete came over from their Drewsey ranch last night. They are making a tour of the district surrounding the lakes today and will return this evening to meet the officers of the Oregon State Cattle & Horse Growers Association who will be in Burns this evening on their way to Lakeview to attend the Roundup.

J. C. Beatty remembered this shop with a fine lot of roasting ears, sending them up by M. V. Dodge who was in that neighborhood recently. It was a real treat to get this corn, especially when one considers a neighbor living 150 miles away sent it up. The writer has forgotten the variety, but recalls the fact that on a recent visit to the Beatty home on Trout creek he was informed that the seed for both varieties (there were two) were grown on the place each year and saved.

He is out looking after his farm and expects to return to Portland in a day or two.

Miss Sara Howell, the community nurse, has returned from an extended visit to the Drewsey and Crane neighborhoods. We understand it is her intended to remain here for a time during the opening weeks of the schools for the purpose of beginning the work in the schools at this point. As soon as the children of this district are given attention Miss Howell expects to take up work in other schools in the county.

C. L. Joiner and Kathrine McLaughlin were married in Idaho several weeks ago and came to Crane where Mr. Joiner is employed by the railroad. The bride had been married before and secured a divorce from her husband a little over six months before contracting the second marriage, but the ex-husband intimated this was not the case and threatened to cause Mr. and Mrs. Joiner some annoyance. In order to avoid this possible inconvenience the couple came to Burns last Tuesday, secured a marriage license and were again married. They returned to Crane at once where they are held in high esteem by their acquaintances.

WAYSIDE OBSERVATIONS

(Continued on page four)

week at the record breaking price of \$5.55 per box. Netting more per box than you do for a lamb or 100 pounds of choice beef.

What's the answer? Go back and read the first four paragraphs of this article and the answer is clear. ORGANIZATION. CO-OPERATION. Not only in selling but in every step leading up to the preparation of the crop for marketing, pruning, spraying, inspection, grading, packing, labelling and last but not least ADVERTISING. If their product wasn't advertised you wouldn't be reading this just now. See the point? It is just as easy and practical to let the world know where the best beef, mutton etc. comes from and create a demand for them as it is for pears.

What are you going to do about it? Still walk around just to save funeral expenses or to save vacation sit down and imitate a knot on a log? NO. or are you going to get busy and place yourself in a position to keep up with the procession and market more and better produce at a PROFIT to yourself in the future instead of at a LOSS as in the past?

How will you go about it? Easy. The farmer is coming to his own through the FARM BUREAU. The Stockman can assure results through a livestock association. NOW. The Harney County Livestock Association will be organized at Burns, Saturday, October 2 in the Commercial Club rooms. The organization is backed by the live wire Cattle, Horse Sheep

and Hog men throughout the entire county.

Are you going to be there and do your bit toward making it the most successful organization of its kind in the state?

If you are alive and have good red corpuscles flowing through your veins you will surely be there if it is physically possible—and if it isn't possible to be there in person you will hunt up your neighbor and have him take up your application for membership.

All set Fellows. Remember the time and place, Burns, the last day of the County Fair, Saturday, October the second, at the Commercial Club Rooms. LETS GO.

I. M. Davis and W. D. Baker were over from Drewsey during the week. Mr. Davis had some honey he was disposing of made by his hive of bees at Drewsey.

HARDWARE

Is your merchant an upbuilder?

EVERYTHING else being equal, it pays Oregon people to buy from merchants who are sufficiently interested in upbuilding Oregon to push the sale of Oregon-made goods.

Is your grocer this kind of a man? Does your druggist display Oregon-made goods prominently? Does the confectioner you patronize feature Oregon sweet-meats? Do your restaurant, hardware store, jewelry store, shoe shop, furniture store, furnishings store and garage take pride in featuring, whenever they can, Oregon-made products?

The people who sell the things you need ought to get behind Oregon-made goods because they are of top notch quality and because the sale of Oregon Products means increased industrial growth. Your dealer ought to make it easy for you to buy Oregon Products. Ask him to feature them.
