CLOSER RELATIONSHIP BETWEEN TOWN AND FARM

The major topic under discussion at the Commercial Club luncheon yesterday was a closer relationship between the business men of the town and the surrounding territory. It appeared an interesting subject and one that brought out pertinent comment. Several plans were suggested to bring about the result desired but no definite plan was adopted as it is one for further consideration.

The business men of Burns desire a closer relationship with their customers. They want to take a deeper interest in the affairs and problems confronting the farmer and stock man, not only of this immediate vicinity but of the entire county for that matter. It is desirable for business reasons and the further reason that each property owner and citizen of the entire county is a part of the community regardless of business affiliations.

While it was the consensus of opinion that the merchant held the key to the situation, it was further suggested that other things contribute to the success or failure of the result desired. Social affairs enter into the subject; entertainment in addition to attractive shopping facilities and business methods with moderate prices, were admitted a factor in the better relationship of purchaser and seller. "All work and no play" is true of grownups as well as "Jack," according to the opinion of some of the speakers on the subject. That is right. The habit of hurrying along with nothing but business affairs before us is one that must be brought to an end. We must be sociable and take an interest in the affairs of our neighbors. It is not enough that we give them good service and value received in a business transaction. They want recreation and companionship.

The Times-Herald hopes this subject will have further consideration at the hands of the business men of Burns. It applies not only to the town business but to the welfare of the entire community, the future of the big enterprise now being projected and others contemplated.

Fair Grounds Scene Of Activity Monday

(Continued from page one.)

citizens and friends, who worked to repair and put in order the Fair Grounds, Monday, September 6th. We also wish to thank Mrs. Louis Schwartz, Mrs. Saurman, and Mrs. Burkie for their splendid help in serving the luncheon.

ANOTHER SAILOR BOY HOME

Norman Luckey, son of Mr. and Mrs. Clarence Luckey, arrived home Saturday evening. He had been in the service continually from the time he volunteered at the opening of war with Germany. He went to the navy and at once took up Radio work which he followed during his enlistment and was stationed at several important points during the active war service and later went with his war vessel to different parts of the country. He has become an accurate operator and is capable of taking charge of a Radio station and instruments.

Norman has been mustered out of the service and is simply resting at home and enjoying the renewal of acquaintances with his former friends and school mates. He is not decided upon his future. He may remain here for a time or may apply for a situation on the railroad or again take up work similar to his employment in the navy. He has been offered a position in Honolulu.

Mr. and Mrs. Luckey were in the Denio country when their son arrived but have come home.

PRESBYTERIAN CHURCH SOCIAL

Several friends and members of the Presbyterian church attended the social last evening. An enjoyable program was arranged and this was followed by refreshments and a social good time.

Among the numbers on the program which followed an invocation by Rev. J. J. Tickner of the Baptist church was a violin solo by Gladys Byrd, an address by Mrs. Buorki who outlined the plans for a very commendable work in forming a club for young girls and which she will take charge of. Mrs. Jerome Davis rendered a vocal solo and responded to a generous encore. This was the first time Mrs. Davis had been heard in this city and she made a most favorable impression. Mrs. Sutton gave a very amusing reading and was forced to respond to an encore. Mr. Robbins, of Boise, made a short talk on Boy Scouts. The gentleman is a mechanic on the new hospital and will remain here for some time and has consented to aid in the formation of a Scout squad. The boys have been invited to meet with him at the Commercial Club rooms on next Wednesday evening to discuss the organization.

Several deer hunting parties have gone to the hills in quest of game.

Mrs. A. E. Swain was up from the ranch at Lawen for a few days during the week.

A. C. Welcome and his nephew, Alfred Welcome, left yesterday morning for Portland where the latter goes to again take up his studies in school.

James Lampshire and family left last Sunday for Eugene where they will spend a few days visiting. Mrs. Linton, Mrs. Lampshire's mother, accompanied them down and will remain at her home there during the coming school year while the granddaughter, Miss Gwendolyn Lampshire attends school. The party expected to spend a short time camping en route, going by way of Crater lake.

ASKS AID FOR WORTHY CAUSE

To the Editor:
 Just a suggestion to the people of Burns.

Would you cooperate and lend a helping hand to help furnish the new hospital?

We can have the use of the Liberty Opera house for the occasion. All proceeds to go towards furnishing the new hospital.

Knowing the needs of the Sisters and the work they are doing I as an out sider know that no one is turned away. If they have money all right, and if not they are taken in and cared for just as if they had it. I know of 13 patients in one year that has been cared for free of charge. I know if we all take this in hand and give our co-operation we can have the Liberty and make this a success. See a good show and help a good cause. From my personal knowledge I can vouch for the good they are doing. I visited the Hospital every day for two weeks while my wife was a patient there and know the acts of kindness, the care and nursing they give to all. My heart is with them in this good work. Is Yours?
 A Subscriber to Your Paper.

CO-OPERATION IS THE WORD

The communication from "A Subscriber" appearing in this issue strikes a human chord and will bring the response it asks.

The writer of that communication has had the human side of the situation put before him. He sees where Burns and Harney county is going to benefit by the erection and operation of the new hospital. It has been brought home to him in a personal way because of illness in his own family. Through personal contact with those God-fearing women who have consecrated their lives to the other side of the story. He is not a Catholic—he isn't with any religious denomination—he's just human and a father and husband. There is no selfishness connected with this appeal for aid to a most worthy cause.

The writer of this article has had the same experience of "A Subscriber" at the hands of these same Blessed Women. He has wanted to give public expression to his personal feelings in regard to the treatment accorded every individual who finds it necessary to ask the care of others. The member of this family who was so carefully nursed back to health from an almost fatal illness, shared a room during convalescence with a charity patient. It showed the mercy of those Sisters and their compassion for humanity. No partiality was noticed at any time. Members of this family were permitted the privilege of coming at any hour and it was taken advantage of—day and night. No time was inconvenient to the patient women who were caring for the patient during a most trying time in Burns.

The writer (who is in charge of the Liberty Theatre) is glad to cooperate in such a cause and the house is at the disposal of any committee that will take charge of the proposed benefit. The management will work with this committee and give it the benefit of any advantage the position as manager has in securing proper production for such an occasion. Let the matter be taken hold of at once and time given to properly advertise the benefit before it is produced.

Politicians are carefully avoiding the subject in advance of election, but they are doing a deal of thinking.

A. W. Hurlburt was up from his ranch yesterday. He has been ill but is improving at this time.

Ted Dunn was up from the ranch the other day to consult a doctor, having an infection on the side of his neck.

Harry C. Short, a grandson of Mr. and Mrs. T. H. Short, is here on a visit to them. The young man lives in California and is touring this part of the country. He was in the service during the war.

Ellis Bennett and family and Mrs. Frank Bennett arrived in town the other evening after a delightful outing spent in the mountains near Silves and Bear Valley. Mrs. Frank Bennett is down from the home-stand for a short visit before being joined by her husband when they will go out to Portland for a short trip to see the sights and witness the hurry of a big city. It will be an interesting experience for them after staying so near home for such a long time. Mrs. Bennett states Ellis was fortunate in securing a deer during the outing.

Married—At the Baptist church in this city on Wednesday, Sept. 8, Virgil J. Bolton and Miss Ruth A. Ghromley, Rev. J. J. Tickner performing the ceremony. Mr. Bolton is the son of S. N. Bolton, who was in charge of a warehouse and forwarding business at Crane for some time but who has recently bought a valuable alfalfa ranch near this city. The son has also purchased the Bert Simmons stock ranch on Sage Hen where he and his bride will make their home. Mrs. Bolton formerly resided in Portland where she taught school. They will be at home after Sept. 15.

When it was found that two young ladies who reside remote from Burns desired to attend the Harney County High School but had not come in because they desired a place to stay and help a family for their board, interested parties got busy and both have now been communicated with and will soon arrive to take advantage of our excellent high school. If there are other students desiring such accommodations they should let it be known and provision will be made. No young man or young lady should be prevented from getting the instruction of the schools of Burns because of any such reason as no accommodations. Citizens of Burns will see to it that they have a place.

RAY CHAPMAN KILLED BY PITCHED BALL

A. B. Whitney was up from his farm home Thursday.

WAYSIDE OBSERVATIONS

(Continued from page one)

Mahan.
 Pine Creek—Mr. and Mrs. W. T. Vandever.
 Calamity—Mr. and Mrs. C. T. Lillard, Mr. and Mrs. V. Caldwell, J. H. Anderson.
 Drewsey—Mr. and Mrs. J. D. Smith, Mr. and Mrs. C. W. Drinkwater, I. M. Davis.
 Silver Creek—Mr. and Mrs. W. O. Best, W. B. Johnson, Mr. and Mrs. J. C. Cbell.
 Diamond—Mr. and Mrs. Ed Frazier, Mrs. Cassie Smyth, Claude Smyth.

It should be possible to dispose of all fruits and vegetables on the grounds at prices that will defray all transportation and leave a little profit besides. Notify your committee what you wish done with your exhibit at the close of the fair.

For School Superintendent

Sentiment Exists In Business

In the rush of the busy business day the good principle of courtesy is easily overlooked.

Sometimes a business institution appears to be a cold machine instead of an organization of warm-hearted, human, regular fellows most business people really are.

Every courtesy, every order, no matter how large or small, is worthy an expression of appreciation.

Our wish is that this may extend our sincere thanks for the business you entrust to us and to make you feel that we are always at your service.
