

# HALLOWE'EN

This is the time when spooks and hobgoblins play their pranks with gates and other movable property, sometimes even causing vehicles and the like to climb onto housetops.

There is at times a suspicion that the spooks are aided by some of the boys, and—spare the thought—by some of the girls of the community.

We hope this report is not true if property is wilfully damaged—as sometimes happens.

The youth who does not learn to respect property, especially other peoples property, is making a bad start.

A good start would be to open an account at THE BANK. With property of their own to look after, young people quickly learn to respect the property rights of others.

Died—At the hospital, Sunday night, October 24, Al Lundin, aged 63 years. He had an attack of pneumonia but was not considered in a dangerous condition until just before his death. Deceased had been a resident of this section for many years and was well known. He had no family or near relatives in this community. The funeral was conducted Tuesday forenoon, interment being in the Burns cemetery.

J. T. Barnes and Ed. Stallard were over from the Drewsey country yesterday with a truck load of squash and pumpkins which Joe disposed of in this city. Ed informs this shop that he personally overheard Joe trade his vote off at the coming election for some gasoline. It used to be booze but now it's gasoline. They were almost to Burns with the load of squash when they ran out of gas and a popular candidate came along and Joe made the bargain with him for enough gas to get him to town. The fact is that candidate is out so much gas for Joe would have supported him anyway.

He has worked with stock ever since he was large enough to ride a horse. He was one of the boys to go to war when we were called upon to aid. His bride is a very charming young lady, the daughter of Mr. and Mrs. Charley Turner of Andrews. She was at one time book-keeper for the Inter-Mountain Tel. & Tel. Co. going later to the Crane State Bank and still later accepted a responsible position with a bank at Nampa, Idaho. She is a very sweet young lady and will make an ideal wife. Mr. and Mrs. Clark will make their home on a farm in the neighborhood of Andrews.

#### PIONEER PASSES AWAY

The body of Ferdinand M. Tipton was found last Saturday forenoon near his home. He had ridden out on a horse to a neighbor's earlier in the day and when the horse came home without him a search was made and the body found. Mr. Tipton had been suffering from gallstones and it is likely this was responsible for his death.

The funeral was conducted at Crane Tuesday afternoon by Rev. John H. Wicherson of the Presbyterian church of this city, assisted by the choir of the Crane community. Deceased was born in Henry county Missouri May 24, 1856. He came to Oregon when small and was married to Simeone Miller June 13, 1889. He came to Burns in 1896 and has since resided in this county. Eleven children and his wife survive him: Lizzie Tamer, Hattie Tipton, Maggie Farris, George Tipton, Joe Tipton, Frank Tipton, Elsie Johnson, Lester Tipton, Jimmie Tipton, Johnny Tipton, Letha Tipton.

#### ACCIDENT ON HIGHWAY

James Young and his sister, W. J. Davies and a friend were the victims of an accident on the highway between this city and Lawen Thursday afternoon. The party was coming to Burns and turned out to allow a man on a horse to pass when the car struck the loose gravel and went over the bank before it could be brought under control. Mrs. Douglas suffered a dislocated thumb and some bruises about her head and others of the party were more or less hurt but not seriously. Fortunately the car rested partly on the side of the grade and did not come down flat upon the occupants, otherwise it would likely have been serious.

People should very cautious in driving over the highway until it has become more packed. The center seems to be fine but the grade is rather narrow and the gravel on the edges is not packed and therefore treacherous.
