Republicans Victorious At Tuesday's Election Roosevelt Bird Refuge Bill Goes To Defeat

There certainly can be no question as to what the voters of the United States wanted at the election Tuesday. It was the most sweeping one-sided affair staged in years. In fact President-elect Harding has the greatest number of electoral votes ever given a president according to newspaper reports. There isn't a thing left for the democrats in a national way, even Tennessee going for the republican ticket including governor.

This state went for the entire republican ticket in which Senator Geo. E. Chamberlain went down to defeat by R. N. Stanfield by a majority of between 15,000 and 20,000.

Locally the republicans elected every county and district office where there was a contest. Geo. S. Sizemore had no opposition for district attorney; C. E. Dillman had a clear field for clerk and L. N. Stallard was the only candidate on the ticket for county commissioner. W. Y. King for treasurer, John L. Caldwell for assessor and G. W. Clevenger for coroner were republican nominees without opposition.

The official count will be made today but The Times-Herald will not wait to give the figures as they will not change results in any way as every majority is large enough that there could be no change. The figures given below include what have been secured from outlying precinct returns unofficial. The vote on amendments and bills are for the two Burns precincts only:

THE LAST STRAW
The democrats were feeling bad enough, but to have them come along and tell them that Tennessee went republican was the last straw. It is reported Tennessee elected a republican governor for the first time that one can remember. Another indication of an entire republican landslide is the report that Champ Clark defeated in Missouri for congress, Oh, my!

HIGH SCHOOL TEAM IN CHAMPIONSHIP CLASS

Defeat Prairie City High in Fast Game on Saturday; Inviting Other Games.

One of the biggest surprises in interscholastic circles was pulled off last Saturday when the H. C. H. S. football eleven romped home an easy winner over the much touted Prairie City H. S.

The visiting eleven was evidently dimayed at the transformation in the boys whom they had so easily defeated earlier in the season and lost a lot of their original dash when tackle Chambers was ruled out of the game in the first quarter for unfair play.

Effective work by the ends and defensive backs prevented the fast Prairie backfield from running wild and except for an occasional spurt they never could get going.

The local line outcharged the opposing line and put up a stubborn defense.

A pretty forward pass from Welcome to Clark gave H. C. H. S. their first score and an intercepted pass and 30 yard run by the same player brought the score to 13-0 Gowan failing at the attempt at goal after the second touchdown.

In the second half runs by Gowan, Thornburg and Voegtly brought the ball to the 35 yard line. From there in a shift play "Wes" Welcome circled the end and raced for a touchdown.

The final score was registered when P. C. H. S. forced to punt from behind their own goal line fumbled allowing R. Sweet to fall on the ball for a touchdown.

Prairie's only score came in the fumble they pushed the ball over from the 10 yard line.

With either Loggan or Clark on the receiving end. The local eleven pulled off a good many forward passes. Most of the ground gaining was done on off tackle or shift plays with Welcome filling the stellar role that all the boys displayed a snap and dash which was inspiring.

The game with Bend H. S. has fallen through as the eleven from the Deschutes pleads injuries to the players crippled the aggregation.

Negotiations are under way for a game with the undefeated Prineville eleven, Redmond or Ontario.

The officials for the last game were "Bill Fiser, Referee O. Shattuck Umpire; Chas. Faulkner, Head linesman.

A banquet for the visitors at the high school building was followed by a dance at Tonawama.

The young ladies assisted Misses Frease and Krichesky in preparing a fine chicken spread and decorating tables and the hall in a manner befitting Halloween. No attempt was spared to give the visitors a good sample of Harney County's Hospitality.

Miss Goldie Stahl '23 who has been in Colorado rejoined the sophomore class.

Leland Weittenhiller who has been attending the Crane school is now enrolled in the sophomore class.

The "Rodeo" staff met and discussed plans Wednesday.

The enrollment to date is 73.

WORTHY GRAND MATRON VISITS CHAPTER TONIGHT

Many of the members of Burns Chapter, No. 40, O. E. S., assembled at the lodge room last night to greet Worthy Grand Matron Ida Umbach, but owing to the Bend stage being late because of a breakdown the lady was unable to make the official visit. She came to the lodge room, however, and took part in a luncheon in her honor, but the work was postponed until tonight when she will visit the Chapter officially and view the work of the order.

Percy Davis was over from Drewsey the other day following the election.

BURNS ELECTS LADY MAYOR LAST TUESDAY

Mrs. Grace B. Lampshire is Honored by Her Townspeople; Qualified.

The city election was held on Tuesday. The city ticket was separate from the general election ballot and the voting place at a different place therefore not all those who might have voted availed themselves as they overlooked the "sideshow" to the main event. However, those who have the interests of the city at heart did go to the polls and cast their ballots.

There was not a full ticket put out, there being four councilmen to elect and but two names appeared on the ballot, those of Joe Krumholz and M. H. Brenton. In addition to these gentlemen Ben Brown and Joe Thompson were elected as councilmen. R. L. Haines had no opposition for marshal, nor did W. N. Monroe for recorder or Henry Dalton for treasurer.

The mayor position was a free for all and Mrs. Grace B. Lampshire won. Many names were written in for this position but Mrs. Lampshire had a majority. This unexpected honor was quite astonishing to the lady who was elected and she was more surprised, perhaps, than any other individual when informed of the result.

Mrs. Lampshire is a capable woman and one who takes an interest in public affairs. She has been a prominent member of the Mothers Club for years, took a very active part in war work and has always given much time and consideration to the Red Cross. She takes a pride in civic affairs and should give an excellent administration. She is ably supported by good councilmen.

SAILOR BOY BRINGS HOME A WIFE

Dale Porter one of the popular young men of this community who was among the first to volunteer his services when the United States entered the big world war, has a wife. He left here a short time ago without giving due notice to this paper and on last Friday night returned with a bride. She was formerly Miss Vivian Drinker, of Freewater, Washington. The wedding took place on October 27th. Dale is connected with the Universal Garage where he is a trusted man. He is highly esteemed by his wide acquaintance in this community where he has resided for the past several years. He has the best wishes of these many friends who also extend a most cordial welcome to his bride. They are now at home in Dale's little cottage in north Burns.

ENCOURAGING NEWS OF RAILROAD EXTENSION

James J. Donegan, who accompanied William Hanley to Portland and aided very effectively in defeating the bird bill, was present at the noon luncheon of the business men yesterday. Mr. Donegan was given a hearty welcome and he and Mr. Hanley received a rising vote for their good work in putting before the people of the state the true situation in connection with this piece of selfishness that threatened the welfare of this entire Valley.

When called upon to speak Mr. Donegan very modestly acknowledged the tribute paid him for his work and during the talk referred to a conference with J. P. O'Brien of the O. W. R. & N. Co. Mr. Donegan called to discuss the bird bill with the railroad man and during the call was given assurance by Mr. O'Brien that with the development of the irrigation district we might expect the railroad. "Just as soon as this enterprise is assured the railroad will be built into the territory according to Mr. Donegan.

THANK YOU

The members of the Presbyterian Ladies Aid appreciate and wish to thank the Ladies of the City, also, Geo. S. Sizemore, Mrs. Hayes, Mrs. Gibbs, Mrs. Denstedt, Mrs. Ben Newman, Mrs. Weittenhiller, and Mrs. Bolton, Sr. for their liberal donations towards our chicken pie supper. We also wish to thank N. Brown & Son for coffee, Farmers Exchange for Pickles & Sugar, Burns Cash for Cheese & Pickles and Lunenburg Dalton & Co. for pickles. We appreciate Mr. and Mrs. Dibble's kindness in letting us have the use of their dining room, also the splendid help of the young ladies from the High school. We thank the people for their patronage and promise next time there will be plenty to eat and no one turned away. We learned Mr. and Mrs. Page refused to serve supper Nov. 2nd, to favor us, we certainly thank them for such a spirit.

MRS. W. M. SUTTON,
President.

The Roosevelt Bird Bill went down to defeat, much to the surprise of those who desired it defeated most. It was one of the best and most effective fights ever put up and the citizens of Harney county can thank William Hanley, first, for the defeat of this measure. Mr. Hanley was helped, of course, but it was his persistence and his money that went into the advertisements and the picture show slides, the newspaper articles, interviews and communications that did the work. Through his efforts Harney county will not be handicapped in its development from that source, at least.

Had circumstances been different and an organized effort been made by the people of Burns and Harney county, the result would have likely been more decisive, but after Dr. Hibbard and Charles W. Ellis had given their word there would be no organized effort it was a tremendous undertaking to defeat the measure. However, babies have triumphed over pelicans and Harney Valley will proceed with its irrigation projects unhampered.

It would be impossible to enumerate those who were particularly instrumental in the defeat of this bill therefore no attempt will be made to make further personal mention. Mr. Hanley doesn't want all the credit and we are sure this will not meet with his approval when we stop by giving him personal mention in preference to all others, but we feel he deserves it.

In looking over the vote for this measure as it is tabulated in the Portland Journal, we find but few counties gave the bill a majority, but there are two Central Oregon counties we are ashamed of. Both Deschutes and Crook counties gave the bill a majority, yet the citizens of these two counties think, or at least claim, to stand for the development of the Central Oregon country. The vote would indicate that the people were more or less indifferent and that the game hogs who come here every fall to shoot were busy.

DIAMOND CITIZENS ASK FOR ROAD—GET IT

Christian Schaper, who was accompanied by his wife, Chas. Moore and C. W. Frazier, made up a delegation of neighbors in Diamond who went before the county court while it was in session this week and asked for a road that they needed mightily. After the proposition had been presented to the court the request was granted and they have returned home rejoicing. Mr. Schaper said he had to open 16 gates each way in going to the post office for his mail and "Pony" Moore's little kids had to go eight miles to school by the present road when the new one would bring the school house within one and a half miles. Charley was feeling sorry for Schaper on the 32 gates, so he added his influence with satisfactory results to all concerned. Mr. Schaper celebrated the occasion by buying a Ford before he left town.

HUFFMAN LOSES GRAIN CROP BY FIRE

Earl Conser of the First National Bank and Frank Clerf have recently returned from a trip to the Andrews country where they were electioneering for Bob Stanfield, (at least that's what Frank said they were doing.) They report that W. D. Huffman recently lost nine stacks of grain by fire. Mr. Huffman had an excellent crop, the writer having visited his place in August, and it seems a pity that it should be lost in such a manner, not only for Mr. Huffman but for the additional reason that the community needed that grain.

F. G. Kelly brought in the returns from Catlow the other day but did not relish the victory in every sense, as he was an active supporter of Senator Chamberlain and was sorry to find he had apparently been defeated.
