

ALL OF BURNS, CHAPTER 40, ORDER OF THE EASTERN STAR
November 22, 1920.

Again our fraternal chain is broken; again a golden link has been removed by death.

Sister Frances McGee—a charter member of this chapter—departed this life at her home in Burns, Oregon, November 4th, 1920—having exceeded the fullness of life's allotted span in accumulated years.

Our departed sister filled the full measure of duty that fell to her lot and experience as a pioneer and home-builder, having always lived a frontier life and reared a family of seven children to useful manhood and womanhood.

Resolved; that in the death of Sister Frances McGee this Chapter has lost a beloved and faithful member; a community a valued friend, a willing co-worker and up-builder in every good and reasonable work; the family an indulgent and self-sacrificing mother; and to whom we tender our heart-felt sympathy in this their hour of bereavement.

Be it further resolved; that the charter be suitably draped for thirty days; that these resolutions be spread upon the minutes of the chapter; that the family of the deceased sister be furnished with a copy, also the local press for publication thereof.

ELLA MOTHERSHEAD,
DELNORA J. GOWAN,
A. W. GOWAN,
Committee

FARM AND HOME POINTERS

The child's life, health, reserve, are often damaged by improper feeding, especially the cold lunch. That lunch should be selected with care, and properly prepared and packed and then "served with hot dish at noon." A bowl of good soup or a steaming cup of cocoa among the appetizers and energizers suggested. Many districts in Oregon are now beginning to serve a hot dish with the school lunch—A. C. C. M. nutrition.

Spring rye has proved more profitable than winter rye for the plateau region of Central Oregon represented by the Harney county branch experimental station farm. Winter rye failed

ed on dry land last year, and produced 12.6 bushels per acre under irrigation. The spring sown produced 16.6 bushels on dry land, and 18.2 under irrigation.—O. A. C. Station.

For spring wheat hard federation was easily first of all varieties tried out by D. B. Stephens, of the Moro branch station. It yielded 25.8 bushels per acre, outstanding the more common varieties for the district—early Baart, marquis and bluestone. It is likely to prove a desirable spring wheat in the northwest, reports Mr. Stephens.—O. A. C. Station.

CREAMERY MEN WISE UP

Oregon creamery men, actual and prospective, are planning to enroll in large numbers in the eight weeks' dairy manufacture short course at the agricultural college, opening January 3. Separate courses will run for the skilled creamerymen and the inexperienced man. The dairy department handles about 110,000 gallons of market milk daily, cheese up to as nearly 5000 pounds of milk daily as they can get, and a big ice-cream output on a bran new 50 quart Perfection Dreadnaught brine freezer. The very latest and most profitable processes in these departments will be offered the practicing milk products men of the state. All interested are invited to ask further information from the dairy department, O. A. C., Corvallis.

LAWEN POST OFFICE NOT DISCONTINUED

Congressman N. J. Sinnott wired The Times-Herald from Washington under date of November 29 that he had been informed that morning by the First Assistant Post Master General that the present post master at Lawen would be continued for the present and no further action would be taken toward discontinuing the office.

There was an attempt made to discontinue the post office at Lawen and upon being informed of the move The Times-Herald entered a protest supplementing the petition of the patrons of the office with the result that the office will be retained.

This is good news to the several patrons of the office as it would have been very inconvenient had the office been discontinued.

No. 6295

Report of condition of the **FIRST NATIONAL BANK** at Burns, in the State of Oregon, at the close of business on November, 15th, 1920.

MODERN CRANKCASE CLEANING SERVICE

Dirt in your Engine Oil—Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The Calol Flushing Oil we use is the new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect.

Today: Bring in your car for Modern Crankcase Cleaning Service.

DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS!
There is nothing more wholesome and delightful than doughnuts or crullers rightly made.

Doughnuts
3 tablespoons shortening
1/2 cup sugar
1 egg
1/2 cup milk
1 teaspoon nutmeg
1 teaspoon salt
2 cups flour
4 teaspoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/2-inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 30 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

Crullers
4 tablespoons shortening
1 cup sugar
2 eggs
3 cups flour
1 teaspoon cinnamon
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
1/2 cup milk

Cream shortening; add sugar gradually and beat on egg; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/2-inch thick and cut into strips about 4 inches long and 1/2-inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.
