LOCAL AND PERSONAL

Miss Delphine Whiting was added to The Times-Herald office force this week. The young lady will assist the boss for the present but later expects to take a course on the Linotype and general apprenticeship in the mechanical department.

Oscar Downs was in from his Catlow farm home Wednesday. He had a successful crop this season and left some evidence of it in the shape of Kodak snapshots in this office. Oscar has a good farm and when once a market is established near enough he will have some excellent products to dispose of.

Many new people are coming to Burns almost every day looking us over with a view of locating here. Some of these people are investigating business openings, others coming because of the possible chance of getting land or work. We're going to see many more within a short space of time.

Now that Burns is to have a good electric light system we should turn our energies to other improvements that are equally as essential. The water and sewer proposition is attracting the attention of the city dads and it is expected the proposition of a bond election will be before the citizens of our town in a few weeks.

W. E. Burgard, recently from Mason City, Iowa, arrived in this city Thursday evening to take a position in the Harney County National Bank. The young man succeeds Mrs. Albert Vincent who has resigned with the intention of leaving this place for the winter and join her husband in southern California.

With additional homes building in this city there should also be city improvements to conform. The residence district in the suburbs toward the river should have walks and connections at street intersections. No doubt the city would consider these if the matter was properly brought before the council by interested parties.

Mrs. Ira Mahon came up from Portland the first of this week and has since been the guest of relatives and friends in this vicinity. Mrs. Mahon is pleased with the success of the oil field venture of Ira and some of his friends in this section, they having struck a paying well in the Texas field where they are operating.

One of our pioneer citizens took a little jaunt the other day. He went down to where the railroad grade crosses the river east of town and walked from that point down to the curve at Warm Springs, then on over to section 31 where the grade crosses the river there coming toward the mill site. He said he danced most of the way and felt like he could walk right on over to Crane. That grade looks good to him. It looks good to many others too. He, as well as many of us, has been waiting for 25-30-35-40 years for a railroad to connect Burns with the outside world and now it is to be realized.

Mrs. Anna Haines has been looking after business interests in this city this week.

Scott Catterson, one of the pioneer stock men of this county who has resided for the past several years in the Siten's Mountain section where he was engaged in ranching and stockraising, had the misfortune to become demented recently. His condition was such that it was decided to send him to the hospital at Pendleton for treatment.

Mrs. Leon M. Brown left Tuesday for San Francisco on receipt of a telegram announcing the serious illness of her father, Mr. Myers. She went out by way of Bend. Her father has visited this city and has many acquaintances in Burns who sincerely hope for his speedy recovery, although he is advanced in years.

H. M. Horton and wife left Wednesday forenoon for Bend after he had completed negotiations for the transfer of the light plant to Messrs. Letson and Hodge. The Hortons will remain in Bend but a short time before departing for Los Angeles where they will spend the winter as is their custom.

J. E. Sizemore was in from his ranch the fore part of this week. He told a representative of this paper that the insurance adjuster had viewed the ruins of his ranch home that had recently been destroyed by fire and that the adjustment was satisfactorily made. Mr. Sizemore stated the insurance would not cover one half his loss, in fact was but a fraction, considering the things destroyed in the house, as he lost many valuables including some \$2,200 worth of notes, pictures and other things not covered by the insurance. The walls of his dwelling, which are stone, were badly damaged but some of them may be used in rebuilding. He will replace the house as soon as possible.

The Odd Fellows and Rebekahs of the local lodges enjoyed a Halloween dancing party at the hall Wednesday evening. The hall was well filled with members of the two lodges and a few friends. Dancing was the principle diversion of the evening with an occasional old time dance such as the Virginia reel and a quadrill. Music was furnished by Eggleston's orchestra for a part of the time and the player piano was used. At 11 o'clock the company were invited to the dining room where the contents of many well filled baskets had been placed and the service was cafeteria style. There were many good things and the plates were heaped as the guests passed down the line at the table. The hall had been decorated with Halloween effects and presented a very pleasing appearance. The members hope there'll be more of such parties during the coming winter.

 Sam Jones: "Why, they are less than day rates, if you're thinking of sending a telegram."

WERE NOT SO BAD AFTER ALL

Just a few words on California, the most over estimated country I ever saw, the most wonderful thing is its climate that varies from hot to cold, its beauty is largely made. The north they say has beautiful scenery, yes, near the Oregon line. Its redwood are beautiful. The south is hot, no good cold mountain water. We saw on the trail over land a sign "Cold Spring." O, for a real cold Oregon drink.

The bay in Santa Barbara is beautiful, the soil is poor the water warm and to an Oregonian undrinkable except when iced. Now I will hear some of the folks say, "O, yes but its beautiful flowers and trees, its palms." Yes, let me tell you if they of Harney valley with its broad beautifulness would expend one half, yes, one fourth what is expended here to beautify, you could sure have this and its beautiful things far surpassed. "Listen!" (a California expression) pay 25 cents for a larkspur plant and Oh my, that beautiful golden rod we must have it for our yard, give \$1,500 to have one palm tree transplanted. 3 to 5 hundred for your rare douglas fir, trim it off on top to make it branch out all your mountain bushes and vines over the snow or chapparral, your beautiful wild rose—plant them and trim for a blooming hedge.

Put one-tenth part of the time and dollars in your homes with the beautiful things God has put at your very door, the beautiful rock for a table stone and wall, with your beautiful wild flowers, cultivated and you have a real beauty, unsurpassed by any man can make.

Are you hiding your talent in a napkin, or are you making 10 of 1, you will say it takes so much work, yes, so it does here. In a warm climate it is fight a warm climates bugs, ants, and more ants.

There are many beautiful things, but no more than there.

Now let us go hunting and kill a very small deer and poor little turtle doves here.

You will say the writer of this is home sick. We have bought a nice home here but it is work and as many draw backs as there, only in a different way.

Drop your hammer, put your shoulder to the wheel and do your share.

REVIVAL MEETINGS AT THE BAPTIST CHURCH

A series of Revival meetings will begin in the Baptist church Sunday, Nov. 11.

Rev. G. R. Eads, pastor at Weston, Oregon will assist the pastor in these services. Rev. Eads is well known, having held several pastorates in the state. He has also been very successful in Evangelistic work as missionary evangelist in the middle Oregon association and elsewhere.

Rev. Eads is a close student of the bible; he knows the book; he knows the Lord and he knows men. He is a forceful and convincing speaker and the Baptist folks feel much flattered in being able to secure him at this time.

Everyone is cordially invited to hear him.

First service Sunday, Nov. 11.

DUMB DAN AGAIN

Guide: "On this floor we have our company restaurant, where all of our phone operators eat."
 Dan (himself): "Yes, now where does the switchboard?"

AN EASY GUESS

Bunk: "Do you know why she refused to marry you?"
 Spunk: "Why, no—I can't think."
 Bunk: "That's it."

W. D. Gray, Batesville, Ark., Writes as follows:

"I purchased several cakes of RAT-SNAP from Erwin-Craig Hardware Company, this place, and find same most effective exterminator of mice and rats I have ever used. As far as I have noted, there is no odor connected with use of RAT-SNAP. This is the first testimonial I have ever given for any preparation of any kind. I feel after using your RAT-SNAP it is worthy of commendation." Three sizes, 35c, 65c, and \$1.25. Sold and guaranteed by Reed Brothers, and I. S. Geer & Co.
