

## BEAUTIFUL ORGAN CHIMES FEATURED AT CHAUTAUQUA

Famous Cheney Concert Company Brings Delightful Musical Treat to Chautauqua—Last Day.

The largest set of chimes ever manufactured for a concert company and the largest now in use before the public is among the musical instruments which the talented members of the Cheney Concert Company will use when they come to Chautauqua on the last day. This organization of musicians has been before the public for twelve years and is well established in reputation through the actual merit of its performance. Marx Cheney, manager, is a cellist whose numbers alone are worth the price of the entire entertainment. The violinist, Maud Cheney, and the pianist, Lon Johnson, are also real artists. Leonora Cheney adds to the variety of entertainment with her expert whistling and dramatic readings. Classical selections from favorite operas, standard orchestra overtures, folk songs and popular numbers of the day are included in two captivating programs—topped off by the resonant and compellingly beautiful numbers on the chimes. These have been named the "White House Golden Organ Chimes" because the Cheneyes were called to the executive mansion to play for the guests of a former president—the only time chimes were ever introduced into the White House.

### CHAUTAUQUA

Another play for Chautauqua this season! This announcement has just been made by the local Chautauqua Association. A glance at the lineup of attractions offered is enough to assure one that the program for this year is an exceptional one. The dates are July 7-11 inclusive.

"Cappy Ricks," a dramatization of Peter B. Kyne's famous Saturday Evening Post stories, will be presented by the Elias Day Players on the third night.

A wealth of musical and entertainment features are noted in the list. The Cheney Concert Company, in two big concerts on the last day, will bring their famous "White House Organ Chimes," the largest set of chimes on tour and especially manufactured for the Cheney Concert Company. The Conservatory Artist's Trio will bring two delightful concerts on the second day. The three artists making up the trio are: Genevieve Gilbert, dramatic soprano; Flora Mae Ross, concert pianist, and Maxine Telford, violinist. The two musical entertainments on the fourth day by the Baughman-Pfefferle Duo will be long remembered treats. These two clever young girls give sketches—one old-fashioned group, a Dutch group and Gypsy group, all done in beautiful costumes and accompanied by national steps and characterizations. Pickard's Royal Hawaiians, celebrated company of native singers and players, will give the opening concerts. They are one of the foremost groups of native musicians now before the public. Their programs are a variety of wistful, plaintive Hawaiian love songs, of dancing tunes of the Hula maidens, of marches and waltzes, of popular American airs, plantation and folk songs, and a generous number of the exquisite native selections which have been especially prepared for this group of musicians.

There will be an evening of keen and full entertainment when Roselth Knapp Breed appears on the second night. Mrs. Breed is one of the greatest dramatic and comic character impersonators of the day. She is not an ordinary reader, but a remarkable interpreter of real people in real life. Her keen understanding of human nature, coupled with her histrionic ability, enables her to depict different characters so faithfully that her own personality is completely effaced.

Of the utmost importance is the announcement that Maurice Hindus, brilliant young Russian author and lecturer, is to give two lectures on the fourth day. His book "The Russian Peasant and The Revolution" awakened the public to a new and saner viewpoint, and in Maurice Hindus America feels it has a fountain source of uncolored truth upon which to draw. He was born and reared in a Russian peasant village and understands the peasant soul and mind. He came to America at 14 and acquired a finished education. He has only just returned from a tour of study and investigation of Russian peasantry after six years of soviet rule, which tour was made for the Century Magazine. He also visited Germany and studied conditions in the Ruhr, and brings his message of true conditions in those countries in his lectures, "Russia and The World" and "Germany and The World." A Harvard man, speaking perfect English, simple, direct,

and a thorough American, this young man will have a fund of information for every American citizen.

Unique is the one word which describes the lecture to be given on the opening night by Dr. Robert Parker Miles. "Tallow Dips" is a word picture of famous men and places visited by Dr. Miles in his capacity of religious editor for the New York Times. You will see the men as plainly as though limned upon a screen, for Miles is a dramatic orator with few equals on the lecture platform. Hear "Tallow Dips" on the first night of Chautauqua. It has been given over six thousand times in every Province of Canada and in every state in the Union.

### ADJUSTED COMPENSATION FOR SOLDIERS

The following letter gives information respecting the manner of making application for compensation by soldiers:

Dear Sir:

I am in receipt of your recent letter regarding your adjusted compensation, and desire to advise you as follows:

It is not necessary to write to the War Department, the Navy Department, or the United States Veterans' Bureau, for blank forms of application for adjusted compensation, or for any information concerning it. Full information with regard thereto will be published in the public press and detailed information will be contained in the circular that will accompany each application. When the blank forms of application and

the circulars shall have been printed, they will be immediately distributed throughout the country to the post offices, to the posts of the American Legion and other veteran organizations, to the American Red Cross Chapters, and to the Army and Navy recruiting offices, and Army and Navy posts and stations, for immediate delivery to all persons who desire to apply for the adjusted compensation. It is expected that copies of application and circulars of instructions will be available for distribution on or before June 30, 1924.

Cash payment of the adjusted compensation to those entitled to \$50 or less will not be made prior to March 1, 1925. The adjusted service certificates will bear date January 1, 1925, or later, but, under the law, no loan can be made on the adjusted service certificates until two years after the date of such certificates.

The War Department, Navy Department, and the United States Veterans' Bureau, have made extensive preparations to handle promptly all claims for the adjusted compensation. This great work will require the undivided attention of every employee, and it will be impossible to answer individual inquiries concerning the matter. Such inquiries would not only be useless, but to answer them would delay action on the claims. Claimants will aid materially if they will fill up the blank forms of application to the best of

their ability in accordance with their own knowledge or recollection of the facts, and refrain from writing to the War Department, Navy Department, or the United States Veterans' Bureau, concerning adjusted compensation.

Very truly yours,  
ROBERT C. DAVIS,  
Major General,  
The Adjutant General.

We will do your job work.

Growers of newly planted orchards may save themselves much later trouble from the flat head borers by shading the trunk of the newly set tree, since the female reveals in sunshine and seeks the direct light for depositing her eggs. Boards set up on the south side of the tree so as to lean against it offer good and adequate shade, the experiment station reports. If the boards are not handy a very good substitute as recommended by the station is newspaper wrapped about the trunk to shade the tree.
