

AN AFTERNOON OF MUSIC AT SUTTON HOME

Mrs. W. M. Sutton gave a delightful afternoon of music at her home in this city on last Wednesday when several of the ladies of Burns gathered and spent a very enjoyable session. The affair was given in honor of Mrs. Olsen, one of the late musical additions to our city. The following numbers were rendered and brought generous praise and expressions of appreciation from the guests:

Piano Solo, "Invitation to the Dance"—Weber, Mrs. Harris.
Vocal Solo, "The Rosary"—Mrs. Weittenhiller.
Vocal Solo, "Flower Song" from Faust, Mrs. Olsen.
Reading, "Laseo", Mrs. Sutton.
Vocal Solo, "A Little Pink Rose"—Carrie Jacobs Bond, Mrs. Farre.
Vocal Solo, "Oh So Pure" from Martha, Mrs. Olsen.
Vocal Solo, "Waters of Minnetonka"—Mrs. Welcome.
Trio, "Beautiful Night" from Tales of Hoffman, Miss Leonard, Mrs. Weittenhiller, Mrs. Biggs.
Vocal Solo, "Prison Song" from II Trovatore, Mrs. Olsen.

YOUNG PEOPLE MARRIED THURSDAY

E. Rogers and Isora Rogers were married in this city Thursday by Rev. C. A. Waterhouse of the Baptist church and left immediately for Bend where they will make their home. The bride is the daughter of Mr. and Mrs. John Gemberling of this city. This is the second marriage of these young people, they having entered the bonds of matrimony before and became dissatisfied. It is hoped this will prove a happy reunion and that they will be prosperous.

HASTE HOME SETTING FOR PRETTY WEDDING

In the presence of only the immediate families Mrs. Marie Cheek and James L. Cheek were married at the home of the bride's mother, Mrs. Hattie Hattie, on East Second street yesterday. Rev. Carl M. Aker of the Grace M. E. church read the ceremony. Immediately after the ceremony the couple departed for Humboldt county where they will spend their honeymoon.—Stockton Record.

BE CAREFUL OF FIRE

The following fires have already occurred on the Crow Flat Rancher District. The following damage has been done:

Fire No. one 20 eds wood	\$100.00
Cost of suppression	20.00

Fire No. two	no damage.
Fire No. three 2 m. ft. timber	5.00
Cost of suppression	15.00

Total area burned less than one half acre.

The first fire is man caused and the last two are lightning fires. The first is pure carelessness and the last unavoidable of course. This gives a good illustration as to the need of care with fire. Seventy per cent of our fires are man caused. We must stop them, it is nothing but pure carelessness or pure carelessness. We know where and when to look for the lightning fires but a man caused fire is always just where a Ranger is not looking. We like to be polite and have you enjoy the Forests but if you leave a fire you will have to tell it to the Judge.

THE PRESBYTERIAN CHURCH

Sunday School at 10:00 A. M. Many are making the mistake of not going to Sunday School. Sooner or later we all realize our mistakes but very few ever realize on them.

Worship at 11:00 A. M.
Theme of Sermon: "The Christian, a Conservative Force."
Your spiritual nature. Don't neglect it. Keep true to your ideals by regular church attendance.

SAMUEL HARRIS, Minister.

BAPTIST CHURCH SERVICES

The theme for next Sunday morning service at the Baptist Church, by request, will be "God's Masterpieces." The morning service will be preceded by Sunday school at 10 A. M. The attendance at the Sunday services are very gratifying for the summer months. Every one cordially invited. Strangers given a hearty welcome.

Evening service at 8 P. M.

LOCAL AND PERSONAL

Fryor Barnes was over from his ranch home on Silver creek during the week on one of his occasional visits. Fryor is one of the fortunate ones on the creek this season, as he has water for irrigation.

Mat Davis is in town from his ranch home between Narrows and Callow. Mr. Davis says the range is rather dry in his section but the water is holding out well. He says the range on the mountain is very good.

Mrs. E. F. Schwartz has disposed of her large and well appointed residence property and will at once begin the erection of another home of a more modest size but strictly modern. She has let the contract. It will be located near the hospital.

Mrs. Lincoln, an aunt of Mrs. Ella and Frank Bennett, is in Burns from her home in Bear valley.

Miss Gladys Holland arrived home the first of this week from Boise where she had been attending a business college. The young lady has finished her course in stenography. She will remain in Burns until after the 4th of July.

Mrs. Harry Riley was tendered a shower at the home of Mrs. John L. Caldwell Wednesday afternoon. Many of her school friends as well as other friends were present and she received many nice presents. It was a very enjoyable gathering.

Married—Harvey Marx and Miss Pearl Pinkston were married in this city last Monday. Harvey was formerly a student in the Burns schools and has many friends in this vicinity who wish him well. He is an energetic young man of high character. His bride is a young lady who has been a resident of the Diamond section for some time. We understand they will make their home in Diamond.

Atmospheric conditions have been unfavorable to radio receiving in Burns during the week and as result not much news has been received from the democratic convention being held in New York. The papers indicate they are having a "hot time" in more ways than one, the weather being a factor but does not compare with the debates and activities of the delegates.

R. L. Hatton came over from his ranch home at Wagontire Thursday evening, bringing in a tourist who had the misfortune to break down near there. The unfortunate party found repairs in Burns and will soon be on their way again. Mr. Hatton says range conditions are very good in his vicinity considering the dry season and he will also have about his normal hay crop.

Win. Farre is making preparations to open a real estate brokerage office on July 1st. Mr. Farre is well known in this vicinity where he has been engaged in land practice and insurance since his long term of holding the position of register of the local land office, a position he held for over 14 years. He is acquainted with land values, has a wide acquaintance and is well equipped to conduct such an office.

Mrs. J. M. Dalton and her daughter, Mrs. Ludwig Johnson with her two sons, are now at the family home in this city, having arrived Sunday evening from California. Mr. Dalton and John Gemberling met them to Lakeview on Saturday evening bringing them over the following day. Both the ladies find many warm friends to welcome them and their stay in Burns will be much enjoyed by their friends.

Mrs. Tim Kribs and two of her children, with a nephew, have been over from Bend for the past week or more visiting with her sister, Mrs. A. Cots and other relatives and friends. They formerly resided in this section and have many old time friends who are glad to see them. They expect to leave for home today and will be accompanied by Mrs. Nellie Kribs and children who will visit in Bend for a few weeks.

Scott and Pete Hsiey were up from their ranch home near the Malheur lake yesterday. Pete informs us the fire did considerable damage in that vicinity but fortunately they saved their home and hay but the fire is not yet put out. Game Warden Benson has a force of men still using their efforts to put the fire out, but it is a hard task as they are compelled to haul water with which to put out the fire that smolders in the sod and under the ground.

Archie Mason and family arrived up from their home in Portland last Monday and are guests at the home of Mr. and Mrs. C. A. Byrd. Mr. Mason was at one time engaged in business in Burns and it was while here that he was married to Miss Tillie Tupker. He is now employed in the Federal Reserve Bank in Portland. In fact he has been associated with banking ever since he left Burns several years ago. Many old time friends are happy to meet with Mr. and Mrs. Mason again after years of acquaintance.

Chas. E. McPheters with his wife and son, have returned from a tour covering portions of California as far south as Los Angeles and the coast. They left here in May traveling in their Ford car, going out over the Columbia Highway on down to California. They came back up the coast and report a very enjoyable tour with good luck, not having to remove a tire on their car during the entire trip. Mr. McPheters was in town the other day securing additional help to harvest his first crop of alfalfa which he announces to be very good considering the dry season.

Jesse Bradeen of the mercantile firm of Bradeen Brothers of Blitzen and Somerange, was in town the fore part of this week. Mr. Bradeen states that range conditions out in his section and on the Steins Mountain are not up to normal but are good considering the lack of moisture. The Bradeens have a store at the new post office Somerange, up on the side of Stein's. They asked that the new office be named Stein's but the postal department objected because there was a similar name of a post office down south some where.

Mr. and Mrs. J. T. Garrett and daughter Helen arrived here Wednesday from Winnemucca for a short visit with home folks. They came in the Robt. Krumbeln car from Quinn River, Mrs. Krumbeln accompanying them and returned immediately accompanied by her sister, Mrs. Jerry Dillon, who will spend a portion of the vacation with her. The Garretts hope to remain here for a couple of weeks and will unless called back to their duties at Winnemucca before. Mr. Garrett states range and hay conditions are similar in that district to this, although some of the P. L. S. Co. ranches have their usual crop.

Mrs. Frank Bennett and little son are home from Canyon City where they attended the '22 celebration and visited with relatives and friends. They met with an accident upon starting for home, having the car badly smashed in a collision on the Canyon grade. A big car was coming down the grade as they started up and in making a curve at a rapid speed the big car jammed into the Ford coupe of Mrs. Bennett's throwing it off the grade with the occupants. Little Terrance went through the wind shield just as the glass was shaken out, thus avoiding a serious mishap. Mrs. Bennett and Miss Belda Schwartz were the other occupants of the car and fortunately

were not injured, though the car was knocked back about 15 feet.

Prominent Russian Writer-Orator Coming
Hindus Returns From Tour of Russia Just in Time for Opening of Chautauqua Circuit.

Maurice G. Hindus, born and reared in a Russian peasant village, speaking the many peasant dialects, now an American citizen, a college graduate, Harvard man, student of economics, lecturer, author of that celebrated book, "The Russian Peasant and the Revolution," is the man best qualified to discuss this important subject—the Russia of today. He has just returned from one of several tours of investigation during which he studied conditions after six years of soviet rule. His message is "as human and dramatic as it is fresh and hopeful." He has lived with the peasants—ate with them, went to church and funerals and mass meetings with them—and being one of their native brothers, was successful in getting into their hearts and minds and souls. Furthermore, Mr. Hindus visited Germany, the Ruhr district, and narrowly escaped being shot when the president of the autonomous Republic in the Palatinate was assassinated on the 9th day of January of this year.

Two lectures, "Germany and the World" and "Russia and the World" will be given in the afternoon and evening of the fourth day of Chautauqua.

OLDSMOBILE
Announces the Appointment of
a New Dealer
H. R. RILEY

It is with great pleasure that Olds Motor Works announces this new member of the Oldsmobile organization.

This association—brought about by a close similarity of business ideals—will mean much to Oldsmobile owners and friends in this vicinity.

Our new dealer will give, at all times, that excellent and thoroughly satisfying service which his own reputation and Oldsmobile policy demands. He will carry a full line of cars and maintain always, a complete stock of parts, so that the requirements of every Oldsmobile customer and owner can be immediately supplied.

Whether you are an Oldsmobile owner at present, or are considering a car sometime in the future, you are invited to call, go through this establishment, and inspect the open and closed body types of the new Oldsmobile Six now on display.
