

The Power of Money

—at Interest

"Oh if I only had a dollar once in a while that I did not have to work for—"

Have you ever heard anyone say that?— Have you ever said that?

You can do that very thing by starting a Savings Account at this Bank.

MONEY, compounded semi-annually at per cent **DOUBLES** itself in 17 1/2 years!

It increases 3 times in 28 years,
4 times in 35 years,
5 times in 41 years,
6 times in 46 years,
7 times in 49 1/2 years,
34 times in 100 years!
It cannot help doing this if you but leave it **ALONE**.

ISN'T IT A SHAME TO HAVE TO DIE AND LEAVE A WORLD WHERE INTEREST ACCUMULATES SO FAST! THE FARTHER IT GOES THE FASTER IT GROWS.
