### ASK AID FOR STATE CHAMBER

Already endorsed by a majority of Chambers of Commerce throughout the State, a measure is to be presented at the coming session of the Legislature by Representative Andrew M. Collier of Klamath Falls, asking for an appropriation of \$50,000.00 a year for two years to assist the State Chamber of Commerce in its work of exploiting Oregon.

Under the provisions of the bill the expenditure of the money will be directed by a board of five consisting of the three members of the State Board of Control and two to be named by the State Chamber. In this manner the State will at all times retain supervision of the disbursement of the funds allowed.

The State Chamber of Commerce is an organization fostered by the various Chambers of Commerce throughout the State and has been financed chiefly by membership dues and contributions at large. I. E. Vining is President and A. S. Dudley is Manager. Recently Mr. Vining visited the East where he came into contact with hundreds of manufacturers and potential investors in the northwest. His work was favorable and broadly commented upon and has been viewed as exceedingly constructive. Last year Mr. Dudley succeeded by personal solicitation in inducing the northwestern railroads to join in an extensive advertising campaign for Oregon. It is with a view of carrying on the work of the Chamber along this and other productive lines that a move has started to provide the State organization with sufficient means to function.

Those interested in the measure express themselves as convinced that the State Chamber is an institution of great worth to the State at large and one which should enjoy state-wide support.
