**"WHEN THE TRAIN COMES IN"**

(By E. V. A. A Pioneer)

Robert Scott you are quite a poet  
 And now we all know it;  
 But in your poems, not one word  
 About our good friend Julian Byrd.  
 If there's a man deserves more praise  
 Let him step out and his hand raise.  
 He has worked with brain and pen  
 Like sin

This great event to win.  
 We'll not blame Robert for this,  
 He may not know that for forty  
 years or more.

Julian has watched and waited for  
 the hiss,  
 Of the iron horse at his door,  
 And what of Geo. Hagey, McKinney  
 and a score of others

Who with wagons, pack horses and  
 on foot like brothers,  
 To the great Harney County, their  
 fortune to obtain

Before the coming of the train.  
 What a grand sight for them to see;  
 They earned it—you will all agree  
 And don't forget the pioneer ladies  
 over there.

With fluttering steps and snow white  
 hair.

There are many I don't deny  
 But I am thinking of Aunties Anderson  
 and Frye,

How many times thru sleet and rain  
 Be it night or day they were on their  
 way

On a cayuse or mule they rode across  
 the plains.

They didn't think of praise or pay,  
 It was to care for someone in pain.  
 They thot of God and not of son,  
 And lived to see the train come in,  
 It's no fault of mine

If I'm far from Harney county at this  
 time—  
 My heart is glad with you just the  
 same

While you watch the couing of the  
 train.

**PRESBYTERIAN CHURCH**

Sunday School at 10 A. M.

A substantial reason for the  
 Church and Sunday School exists in  
 social conditions and there is equally  
 as good reason that the work of the  
 Church be given the support of every  
 person interested in the moral and  
 spiritual welfare of the community.  
 It is essential that we keep our Sun-  
 days sacred for the things of the  
 soul, the things that lie at the founda-  
 tion of all else worth while. The  
 Sunday School should have a place  
 in your life. There are many ways  
 of living and doing things; among  
 them is the right way.

Divine Service at 11 A. M.  
 Sermon theme — Pilate Before  
 Christ.

Every generation has its Pilates  
 and every Pilate has a past to re-  
 flect upon and a day of reckoning  
 to look forward to. Washing his  
 hands in innocency will not save him  
 from facing his responsibilities. This  
 question must be answered by one  
 and all; "What shall I do, then, with  
 Jesus which is called the Christ."

SAMUEL HARRIS, Minister.

Mr. and Mrs. Archie McGowan arrived home on Friday evening of last week after spending a month or more at outside points. During their absence they were in Portland, Salem, Eugene, Yoncalla and other points in southern Oregon. Archie took advantage of his vacation trip to put in some good links for better roads in this county. He is one of the original good roads boosters and has consistently kept the good work going. He is now president of the Harney County Good Roads Club and discussed road matters with members of the state highway commission during the time he was in Salem with the result that an investigation will likely be made in the near future of the condition of the road between Burns and Bend which may result in the unit of the Central Oregon Highway at Glass Butes being taken care of during the coming season, thus eliminating that bad stretch of road on the most important and direct route out of Harney county to the west. This subject will be treated more extensively in another article at some time.

Relatives received word early last week that Madison Richardson was married at Parma on Sunday, Feb. 22, to Miss Laurine Peterman. They had rather looked for he and his bride in following this on a short honeymoon trip but on Friday his mother received a telegram from the manager of the Skaggs store at Caldwell that Madison had undergone an operation for hernia and was doing well. A long distance conversation later the same day brought encouraging reports of his condition and later further explanations came by mail. We understand the injury that required the drastic measure occurred on that day in some manner in his duties in the store. Madison is well known in this city where he was born and raised to young manhood. He is a graduate of the Harney county high school and last year was one of the fortunate young men to be selected by the Skaggs chain stores management to enter the employ of this corporation. He was stationed at Parma where he met his bride but later has been connected with the store at Caldwell. His friends are happy to know of his marriage and also that he is recovering from his injury rapidly.

**BAPTIST CHURCH**

"An Indictment Against The Church" will be discussed at the Baptist Church Sunday Morning. "A Real Estate Deal" will be the subject of the evening sermon.

The Ladies Missionary Union will hold its annual election at the home of Miss Lelah McGee Wednesday 2 P. M. All members urged to be present.

J. J. Brosmaa, special agent in charge of hearings with the U. S. general land office, and J. D. C. Thomas, special agent of the general land office, arrived here on Thursday night's train. They are here to attend to some hearings before the local land office. Yesterday the case against Harry Brown, involving his homestead entry, was before the land office. Next Monday some other contests are to be heard.

Written for The Times-Herald

By Robert Fuller

Through Autocaster Service Washington, March 4—In the usual slow, careful and deliberate way that the nation has come to know Calvin Coolidge during the last fifteen months, changes have been made until now that he has taken the oath of office by his own election, the President has a cabinet, one-half of which is new from that which came to him from the Harding administration. Five of the ten cabinet members are new as the new administration gets under way.

The new members of the President's official family are Kellogg, Warren, Wilbur, Jardine and Work. In reality, there have been six new faces, but Harlan Fiske Stone, passed on from the Attorney-Generalship to the Supreme Court bench—to be replaced by Warren of Michigan.

Changes in the cabinet have been unhurried and each new selection has been forced by circumstances. New heads for the Department of State, Navy and Interior were forced by the Teapot Dome exposures and public sentiment. The change in Agriculture was caused by the death of Secretary Wallace. The resignation of Charles Evans Hughes as Secretary of State brought about the selection of Frank B. Kellogg for the post.

Even the change within the White House, the resignation of Private Secretary to the President, Bascom Slemp, was forced, and the position went to Roy Sanders of Indiana.

The arrival of Frank B. Kellogg from London last week, where he had served as American ambassador to England for one year, completed the actual presence of the Cabinet group in Washington. Each and every one has conferred at great length with the President and all were set and ready to assume duties immediately following the inaugura-

tion this week.

The opposition to the appointment of Warren of Michigan as Attorney-General gave way in the last hours of the closing congress when the President refused to consider another selection.

Summed up, the middle-west and west seems to lead in cabinet posts. Wilbur, Navy; and Hoover, Interior, are from California; Kellogg, State; is from Minnesota; Jardine, Agri-

culture; is from Kansas; Work, Interior, is from Colorado; Warren, Attorney-General, is from Michigan, while Indiana, with New, Post Office; Davis, Labor; and Sanders, Secretary to the President; leads in representation.

Weeks, War, from Massachusetts, and Mellon, Treasurer, from Pennsylvania, are the two only eastern men in the cabinet.

At least, it cannot be said that President Coolidge kept his eyes to the East in the remodeling of his Cabinet.

We will do your job work

The work of improving Main street begun the middle of this week with two big trucks being used as the motive power to the large county road machine that tears up the surface in order that it may be properly leveled and graded evenly. So far the work seems to have been successful in so far as getting the surface stirred. The crosswalks have been removed and are to be put back in place high enough to conform to the new grade established. This street improvement is a big help and one that meets with hearty approval. The city is doing the work and it will be paid for out of the regular street improvement funds, we understand.
