

**FOREST NEWS**

In order that he may decide on the ground as to whom among the various new applicants for grazing privileges are most entitled to same, after considering their qualification from the standpoint of dependency, commensurate ranch property etc., Supervisor C. C. Reid of the Malheur National Forest plans to be in attendance at a meeting of the Burns Cattle & Horse Raisers Association in Burns on Thursday, March 19. The primary object of the meeting is to give old users, who wish to do so, an opportunity to amend applications already made and to consider the wants of new applicants, in order that the most equitable use of surplus range may be brought about. This would be a good time for Harney County residents to make a personal presentation of their desires to the Forest Service.

This year the BIG WEEK will be April 27 to May 3, inclusive. Instead of Forest Protection Week as formerly known it is now American Forest Week. Preservation and proper use of our timber resources means everything to the future development of Harney County. With the aid of the schools, business houses, newspapers, picture show, commercial club and other institutions and individuals we hope to put the BIG WEEK over in great shape this year. Everyone can help in this work. You may be called upon to "do your bit."

**LOCAL AND PERSONAL**

Paul Finke was down from his mountain ranch home Thursday.

Florsheim Shoes at Brown's Quality Store. 3-14.

William Hanley arrived home the first of this week after spending several weeks at outside points as is his custom during the winter. We have not had an opportunity to talk with our pioneer friend since his return.

Among those from out of town here during the week as witnesses before the land office in the contest cases against Fred Green and Paul Stewart were Geo. S. Miller, Geo. A. Smyth, J. M. McDade, B. F. Henry.

Walter Cross, the highly respected pioneer stockman, who settled on Trout creek just this side of Silver valley in 1883, is seriously ill at the family home in this city. He is troubled with heart disease.

Mr. and Mrs. H. E. Topp and Mr. and Mrs. W. B. Skogerson entertained a large company of friends on Thursday evening at the Topp home Five Hundred was the diversion of the evening and there were nine tables in play, the high scores going to Mrs. Leon M. Brown for the ladies and A. F. Lanfear for the gentlemen. The consolation prizes were awarded to Mrs. Fred Goyt and Ohll Shattuck. The rooms and tables were tastefully decorated in green with shamrocks predominating. Dainty refreshments were served.

Advertisers should bear in mind that The Times-Herald covers this territory to the extent of better than 97 per cent. This applies to the entire county. That's why The Times-Herald is an advertising medium that brings results. Try it and see. You know reading this great religious weekly has become a habit with Harney county residents and they seldom quit when once on the subscription list. In fact they continue to take the paper if they leave the county as our subscription list proves, there being fully as many or more subscribers outside of Harney county as in it—and most all of 'em are former Harney county residents or people who have a personal interest in the county.

**CARD OF THANKS**

We wish to express our sincere gratitude to the many friends and neighbors who showed such marked respect and sympathy during the recent trying time of the death of our sister and mother. Especially touching were the tributes of the members of the Eastern Star and the beautiful floral offerings.
