

THE HERALD.

Entered as second class mail matter at Burns. LOCAL NEWS—HARNEY VALLEY. WEDNESDAY, APRIL 25, 1888.

To School Directors and Teachers. County School Superintendent H. F. Dodson has appointed David L. Grace Deputy for this part of Grant county.

Democratic Precinct Ticket. BURNS PRECINCT. FOR JUSTICE OF PEACE: J. C. PARKER.

FOR CONSTABLE: HENRY E. CHEATHAM. Miss Arvilla Bunday, of Harney, was in Burns Monday.

Dr. Gilham, of Harney, was in Burns Monday, on a professional visit. Harney's rising young lawyer, V. J. Miller, was in Burns one day last week.

Fred. Drake, of Happy Valley, visited friends in Burns the latter part of last week. Julius Mayer, wholesale liquor dealer of Portland, was in Burns yesterday soliciting orders.

Baker City's live business men are extensively advertising their town in the East, and great will be their reward. Mr. and Miss Roberts, late of Steelville, Mo., selected a lot, each, last Saturday, with intention of locating in Burns.

Mr. McKinsey, who lives a few miles southeast of Burns, is preparing to start a dairy, and has contracted for twenty-five milk cows therefore. The family of Thos. Gibson, who lives on the island near Devine's bridge, has been increased since the 18th inst. by the arrival of a 9 1/2 pound boy.

The foxes have holes and the birds have nests, but the son of man hath not where to buy a high-arm Singer sewing machine (in the Harney country) but from Gilbert. All the best and most popular brands of whiskeys, wines and brandies, as well as tobacco and cigars, will be found always in stock at the saloon next to the post office.

Remember, readers, the Bloomington Nursery is growing fruits and trees specially for Eastern Oregon climate, and offers inducements superior to any other house. Miss Laura Stancliff, of Happy Valley, who has been attending school at Baker City, returned home last week. She visited her Burns friends a few days on her way home.

Road Supervisor Harvey is vigorously pushing work forward in his district as fast as circumstances will admit. He is doing a good piece of work west of the bridge near Burns. Parties desiring to purchase a piano or organ can depend upon having an experienced music teacher in town, as Miss Roberts having decided to make her home in Burns, has sent for her piano.

The Herald acknowledges a call last week from Mr. Lockwood, of Canyon City, accompanied by B. Franklin; Mr. Lockwood is a typo from the Canyon City News, and expects to remain some time in Burns. The outgoing and incoming of freighters, delivery of new lumber, presence of busy carpenters, sounds of saw and hammer, tell that Burns has taken up the boom that set in last August; the church, four dwellings, and two business houses are expected to be under way and finished by July 4th, we understand.

L. Varien has a trained horse, which assists him in hunting wild geese. When a flock of the wary birds is sighted, the horse begins feeding slowly towards them, thus enabling his master to approach within easy range. Mr. Varien has in this way taken an immense number of geese, off which his wife has taken feathers enough for fine large bed.

Few more agreeable evenings can be spent than is offered by a service of song, such as Mrs. C. M. Caldwell entertained with, last Thursday evening. Mr. and Mrs. W. C. Byrd, Miss Stancliff, Mr. and Miss Roberts, Miss Cora Harris, Mrs. Stenger, Miss Haley, Mr. and Mrs. Lee Caldwell, Mr. Reed, Chas. Byrd, Mrs. Giannini, and Chas. Roussel were among the guests.

Mrs. Thos. Haskell is putting in one of the finest, most varied flower and fruit gardens in Harney valley; she is strutting every variety of flower from seeds in cans, so that every lady in town, who likes a nice display of flowers in her window, may make her selection according to preference. She has also a market garden in progress, which will fully supply Burns market with celery, lettuce, cabbage, onions, leeks, melons, etc., each in its season, and in abundance.

The rumor that J. C. Welcome, the saddler and harness maker, would not bring his family to Burns until he could determine whether this is a good location or not for his business, was, Mr. Welcome informs us, without foundation, as he has years of experimental knowledge of locality, which enables him to recognize this as a good point for establishment of his line of business; his family will come as soon as a shop can be secured, and Mr. Welcome contemplates erecting a shop this spring.

POLITICAL MEETING AT HARNEY.

To Messrs. D. L. Grace, Dr. T. V. R. Dodson, James F. Morrison, J. C. Garrett and J. S. Hudson: SIRS: We, your undersigned petitioners, of Harney City, most respectfully request that you will be present and take part in a Democratic meeting, to be held at Harney City, in the school house, on the 28th day of April, at 7:30 p. m. The questions for discussion to be the issues of the day. All Republicans are requested to be present and take part in the debate.

There were several thousand illustrations—"mere pictures," but everything of importance that will be explained in the text. The Manual Cyclopaedia is much more than a book of illustrations. It is a book of knowledge, including every word which has just plain language in the language, and you have consulted appendix, chambers or Johnson's Cyclopaedia and failed to find the word you were looking for—then consult Webster's Cyclopaedia. Or you have consulted Webster and failed to find the word you were looking for—then consult Webster's Cyclopaedia. Or you have consulted Webster and failed to find the word you were looking for—then consult Webster's Cyclopaedia.

—P. F. Stenger presented THE HERALD with a couple of dozen slips of Columbia paper for our lot. —There has been a larger attendance at circuit court at Canyon City this term than ever before.

—Mrs. Hallie Shelly, of Harney, has subscribed to Peterson's Magazine for the many handsome fancy work designs. —J. E. McKinnon has purchased a lot adjoining D. Jamison's, and is having lumber hauled preparatory to building.

—The ladies of Burns met at Mrs. W. C. Byrd's residence by appointment last Thursday afternoon and had prayer meeting. —Sheep shearing is now the order of the day. P. F. Stenger sent the first load of wool to the railway on Wednesday last by the Buchanan freight train.

—A man named Smith, who lives near Sam King's, met with a painful accident about noon Saturday. He had brought in a load of wood for W. C. Byrd, and had a 44 Winchester rifle lying on top the load. When he went to unload the wood he took the gun by the muzzle and was drawing it down, when it was discharged, the ball passing through the right arm, just above the elbow and cutting the artery. Dr. McPheeters was called in and dressed the wound and the patient is now much improved.

—Mrs. Stenger made up a pleasant little fishing party last Friday, consisting of Mr. and Miss Roberts, Mr. and Mrs. Lee Caldwell and their pretty babe, Dora; between devoting silent attention to the sport of Isaac Walton, more sociably lunching on the banks of the fair Silvie, and enjoying the evening drive homeward, the time was most agreeably spent, though the catch was light, not more than twenty fish having responded to the luring bait; Mrs. Stenger and Miss Roberts had not even the success of a "bite."

—A letter from Paisley, Oregon, to the Rural Spirit and Willamette Farmer, March 20th, contains the following: "The loss of range stock last winter in this county was very light, an early spring saving the cattle men thousands of dollars. Big herds of range cattle will soon be a thing of the past, as all large owners say they are going to reduce their herds and keep only what they can feed during the winter. They say they would prefer sweating a little during the summer, putting up hay, to sweating during the winter about their cattle that are then rustling on the range when the thermometer is 30 to 50 degrees below the trade mark."

—The "Duchess de Brabant" tea rose, sent THE HERALD office last winter by the Bloomington Nursery, is in thrifty condition, out in full bloom since last Thursday; the plant is scarcely 10 inches high, and has, besides a number of handsome buds, a full-blown rose that is 3 inches across the face and 1 1/2 inches in depth; the color is delicate blush and the fragrance delightful. It is said by the majority of the citizens who have admired it, to be the first tatar rose in bloom they have seen in Harney valley. It is grown in native soil. There is no reason why every lady in the valley should not possess a half dozen of these lovely house ornaments; the care and time demanded is not as great as that usually given to a canary.

—A home without music is like a rose without perfume or a song-bird without melody. It is more refining than that exerted by a good musical instrument skillfully used by the members of a family for the purpose of home recreation; it is not, as too commonly considered, a household luxury, but a necessity, part and parcel with a school education—the latter, by-the-way, is not a necessity in learning music, as a person who is unacquainted with letters, may readily be taught to read and play musical compositions at sight. Hitherto, music has not been within reach of the citizens of the Harney country, for reasons common to a new section of country remote from railway convenience. Now, all this is changed and there need be no longer delay. A teacher has residence in Burns, and will charge rates for instruction common in the East; instruments can be had on most reasonable terms, delivered at the house by Gilbert, a man skilled in safely hauling pianos and organs over worse roads than between here and Huntington.

The President has nominated Brigadier-General Crook to be Major-General, vice A. H. Terry, who is placed on the retired list. Gen. Crook is a native of Ohio. He graduated from West Point in 1852 and was at once assigned to duty in California and Oregon. His skill in Indian warfare has made his name a household word. He will hold his new position until 1894, when he will be retired.

HERALD READING DESK.

The many patrons of our reading room are invited to particularly examine the following literary excellencies offered this week: One of the most extraordinary literary enterprises of the age is the work which is being published by the American Book Co. of New York. It is a book of knowledge, including every word which has just plain language in the language, and you have consulted appendix, chambers or Johnson's Cyclopaedia and failed to find the word you were looking for—then consult Webster's Cyclopaedia. Or you have consulted Webster and failed to find the word you were looking for—then consult Webster's Cyclopaedia.

—Mr. Thomas has moved his family to near Harney City. —Attention is called to the advertisement of the Inventors' Guide. —Thos. Stephens has returned from Portland looking hale and hearty.

—Mrs. Martin, mother of Mrs. McGowan, is reported very sick at her home on the Island. —P. F. Stenger went to Crane creek last Friday to look after his stock interests in that section.

—J. Nat. Hudson has given his residence a new coat of paint, which adds much to its appearance. —J. H. Sayer, of Sayer & Dore saw mill, is the happy father of a fine girl, born Sunday, 22d inst. Mother and daughter doing well.

—We are pleased to learn that our staunch democratic friend, T. A. McKinnon, who has been very sick lately, is able to be about again. —Chas. E. Boswell, of Vale, has received the republican nomination for sheriff of Malheur county. Mr. Boswell is a well qualified and deserving gentleman, and if he were only of a different political persuasion, we would be glad to wish him success.

—We are glad to learn that G. W. Barnes has received the nomination, at the hands of the democracy of Crook county, as representative for that county. The editor of THE HERALD is personally acquainted with Mr. Barnes, and knows him to be a gentleman well qualified and highly worthy of the office for which he aspires.

—The nominating of the present incumbent for the second term of county clerk, is ample proof that his party have confidence in his integrity and ability for the position, and the unanimous vote which he received in the convention, shows him to be the man of their choice. It is not our purpose to endorse editorially, any candidate, on either side, but any one who has visited the clerk's office during Mr. Mael's term of office, can see for themselves how affairs have been run. His books and records show for themselves.—Canyon City News.

From the Country—S. W. of Harney. —Mr. Alexander and son are on their way to Harney valley from Grand Ronde with four thousand trees with which to plant their timber culture. —Grain in this section is looking well, and prospects for an abundant crop are flattering.

—D. E. Perkins will start for Prairie City Monday for his supplies. —Mrs. L. Varien is rapidly improving and is now able to be up. —Wm. Pierce is under care of Dr. Welch, being treated for rheumatism.

4-21-88. DAISY DAVE. From Poverty Center. ED. HERALD: As I have never seen anything in your paper from our little burg, will give you a few items.

—Weather dry and windy. —Albert Vestal has returned from California. —Miss Etta Stancliff, who has been sick, is able to be around.

—Messrs. Howard, Wilcox and McCullum have gone to Lakeview, the former to make final proof on his place here. —School is progressing finely under the management of Miss Lula Harris.

—Easter passed with few eggs. —Last week quite a number of the Poverty Centerites went to the sod house and spent a couple of days fishing. Mr. Isaacs entertained his guests in the most approved "bachelor" style, and they departed with their wagons filled with fish. —Wishing THE HERALD grand success, I remain, T.

(The above did not reach us until last Tuesday, 17th inst., but it is new, and THE HERALD readers are always glad to hear from every section of East Oregon. Come every week "T." says "little burg" may be a principal point of interest in the county.—ED. HERALD.)

BLITZ FLASHES. —Mrs. Dunn, who has been sick some time, is now quite well. —Mrs. N. Conegys, who has been sick quite a while, is slowly convalescing.

—Wm. Flood, of Paisley, in company with Messrs. Riggs and son and Jaqueman, arrived in the valley last week, but proceeded to Cow creek. —Messrs. Conegys and Withshire have moved their flock of sheep to the summer range on Stein mountain.

—Now is the season for suckers. The mammoth springs at the Sod House are full of them. It is hard to tell which are the greater suckers, the lipeds who try to capture or the suckers which try to evade capture—it's a bo-mo-y chace.

—As this is the season of the year when politics is contagious, and believing that every man has a "right to life, liberty and the pursuit of happiness," I think that the best thing the voters of Harney and Steins, and in fact, all of western Grant, can do, is to vote for that man who will be the best representative of their welfare and common interest, regardless of political principles. By so doing we can come nearer getting JUSTICE.

—Justice is a straight republican, and in the above paragraph writes the sentiment of that party, not only in Grant but in every county where the republican party is in the minority, and they depend on democratic votes for the election of "that man who will best represent their interests." We hear "Justice" is fishing for "suckers," but his argument is too "bo-mo-y."—ED. HERALD.
