THE HERALD.

Local News.

THURSDAY, DECEMBER 6, 1888.

HARNEY VALLEY ITEMS.

Publisher's certificates of publication for J. H. Meadows and E. Jewett were forwarded to Canyon City.

Settlers and stockmen, do not forget that you will find the latest official Land Office bulletin, issued direct from Washington City, in THE HERALD.

Estimates of the total popular vote is generally mentioned by exchanges, but given in none—we sit on the tripod 150 miles from a telegraph pole, with only 15 cents in our pocket, 0 in the cash drawer, and—wait.

CHAS. ZIEGLER brought in sixteen sacks of barley that weighed 1800 lbs., and added a fine grain drill to his stock of farming implements.

Mr. Z. has put in a piece of rye for winter feed, and is preparing to sow from thirty to forty acres of wheat next spring.

This successful Harney valley farmer has spent fully \$400 in the purchase of agricultural machinery, and has made all the money thus expended off his quarter-section farm, only twenty acres of which he has had in cultivation thus far.

proving the correctness of the old maxim about "a little farm well tilled." Mr. Z. is a living example of what one man can do on a farm in this country; nor is he the only one. We will add that Mr. Ziegler has raised and sold White Sheaf Siberian wheat to the farmers here for next spring's seeding, and there will doubtless be a largely increased acreage sown.

Let the good work go on. N. Brown's big new flouring mill will afford a ready home market for all the wheat that can be raised in the valley.

—25th, Tuesday, is Christmas. —BARGAINS!—BARGAINS!!—BARGAINS!!!—at N. BROWN'S. —For unusual bargains, go to the store of N. Brown.

—The best bit Cigar at W. E. Grace's drug store. —Wm. Macallister was in Burns from Lakeview Tuesday.

—Mr. and Mrs. A. A. Cowing and little son came in Tuesday. —Cornelius Portee, stopping at Geo. Stancliff's of Stein's Mountain, is in town.

—E. A. King requests us to state that his saw-mill is now in readiness to accommodate the public with lumber of every description on demand; and will not be undersold by any lumber firm. Orders solicited. 50-tf

—T. A. Clark, of Council Bluffs, Iowa, was in Burns this week, on his way towards Goose lake. Mr. Clark and his company seem to be traveling and taking observations of the country generally. We have not learned the real purport and object of his researches, but suppose it is to give information to some contemplated railroad through our valley.

—Jacob Combs of Surprise valley, says that a company was formed in that valley to develop coal, and succeeded in finding a good prospect of a vein about two and a half feet as near as could be told by running a drill. The work will be continued perhaps to a confirmation.

J. Nat. Hudson returned from attendance on present term of circuit court, looking unusually well. Mr. H. is a close law student, an enterprising citizen, and will reflect credit on the town that sends him out on professional business. No man is more deserving of success than our friendly neighbor, J. Nat. Hudson.

—As nobody has as yet satisfactorily answered the great question of the age: "Who struck Billy Patterson?" we will venture to give our solution of the matter: If you want to buy pure drugs, send or go to the Burns drug store; if you want to buy good goods at reasonable prices, go to N. Brown's or P. F. Stenger's; if you want to get bargains in hardware, go to Geo. McGowan's; if you want to buy good lumber, apply to Jno. H. Sayer or E. A. King; and if you want to keep correctly posted on all that is for your own interest, and for the welfare of Harney valley, subscribe for THE HERALD.

At Cost.

J. E. McKINNON now offers his goods AT COST, consisting of CANNED GOODS and many articles too numerous to mention.

Now is the time to get the value of your money. Come and see.

—Yearly advertisers of stock brands in THE HERALD get insertions of stolen and strays free.

—THE HERALD, by last stage from Lakeview, received in good condition a fine large installment of fruit trees and shrubbery from Bloomington nursery.

—The man whom Mr. Williams, the Bloomington nursery agent stationed at Baker City, sent out last spring to canvass the Harney and John Day country, took a few orders in both places. We did not like his appearance here, and therefore, would not recommend his services to our readers, and so informed G. W. Crane, at once, who writes that he got away with the outfit, as well as orders.

—For all kinds of Stationery go to W. E. Grace's drug store.

—Ladies in delicate health, and all who suffer from habitual constipation, will find the pleasant California liquid fruit remedy, Syrup of Figs, more easily taken and more beneficial in effect than any other remedy. It acts promptly yet gently on the bowels, kidneys, liver, and stomach, and does not sicken or debilitate. For sale by all druggists.

—Peter French, and several other P-ranch men passed through town on Tuesday.

—Thanksgiving was observed by a ball that night that was largely attended, well-conducted, and that gave general satisfaction to participants.

—An unusually large amount of family supplies were laid in this fall by citizens, based on rumors of heavy advances being made on necessities of life as winter approaches.

—Wm. Harvey anticipates witnessing the execution of Pat. McGinnis.

—Mrs. Chas. Newbill received a severe injury about the eye by a piece of timber striking her.

—Frank Feer and J. Combs of Ft. Bidwell start home to-day.

—Frank Whiting and Frank Baker spent a few days in town the past week.

From Boat Ford.

—Dr. Embree preached at Boat Ford school house on the 2d.

—Fred. Otley's little daughter Mary is quite ill of tonsillitis. J. K. Venator, who is just recovering from an attack of the prevalent fever, is now suffering from a dropped affection. Dr. Embree was called to him this week.

—Little Charley Page, son of Wm. Page, has had an attack of fever, but is now better.

—Those who think corn cannot be grown in Harney Valley should inspect D. Carey's corn crib. He raised a good crop this season, with ears large and fine as any average country can produce. BEE.

From Silver Lake.

ED. HERALD: Perhaps you would like a letter from this part of the world.

—Winter has begun, and about one inch of "the beautiful" lies on the ground; it is still snowing.

—A number of the ranches are busily engaged in hauling wood and preparing for winter.

—Dr. Owsley was thrown from a horse one day last week and had two ribs broken, but is able to be around.

—Three cases of scarlet fever in this valley. Mr. Buick's two children are slowly improving under Dr. Owsley's treatment.

—Mrs. Chas. Buick is also very ill.

From Seattle.

ACADEMY OF THE HOLY NAMES, Seattle, W. T. Nov. 18, '88.

I was very much pleased to hear from Burns. It was snowing there and here everything is green yet. For two or three mornings after we came to school, there was frost.

The school here is very large and I like it very much; there are so many scholars. I am very much pleased with my music.

Seattle is a real pretty town. We stopped for some time at Whatcom; it is right on the edge of a beautiful bay.

CLARA STENGER.

On the morning of the 23d ult., as the down train was approaching the bridge across the Santiam river at Jefferson, M. T., Conductor Rancker attempted to pass from a flat car to the top of a box car, and in making the effort had his right leg broken above the knee, and his scalp torn from his forehead to the back of his head over the ear. It appears that in climbing up he swung out to catch the ladder on the side of the box car just as the bridge was reached, and it caught him with the result above stated. He hung to the car until the train was stopped.

Powderly was re-elected General Master Workman by an almost unanimous vote.

Mrs. W. T. Sherman died the past week.

READING ROOM.

Open from 1 to 5 p. m. Gentlemen and Ladies are always welcome visitors to this Free Reading Room.

To the Reader who likes a Good Paper.

You are specially invited to write the items of general interest occurring in your neighborhood, and send to THE HERALD. Never mind doing them up in reportorial style as if to a large city daily, where all copy is cut up into short "takes," for 50 or 100 men to work on—then you must write on one side of the paper, capitalize, paragraph, and punctuate carefully, or it is useless to the paper.

As we have but two type-setters and they offer no objection to copy written on both sides of the paper, all we ask of our friends when writing news for this paper, is to let all the items be reliably obtained, attach the author's name, sign a fictitious name if desired, write proper names carefully, and send right along to our address.
