

Its Present and Its Future Prospects as Presented to Home-Seekers by "The West Shore."

View of the Country that is asking to become a New County.

From The West Shore:

During its last session, Congress passed a bill establishing a new land district in Southeastern Oregon, and by designation of the proper authorities the land office has been located in Harney Valley.

At present the settlers of this region communicate with the outside world by means of a wagon road to Baker City, Huntington and Ontario, on the lines of the O. R. & N. Co. and the Oregon Short Line.

The valley is a comparatively level plain, in the center of which lie two lakes, Harney and Malheur, only a few hundred yards apart and connected by a narrow channel.

Silvies river rises in the mountains north of the valley, and flows a distance of eighty miles in a southeasterly direction through the valley, discharging into the lakes.

It is a rapid stream, and abounds in fish, including the gamy trout, Blitzen, or Dunder-und-Blitzen, river is fifty miles in length, and flows into the lakes from the southward.

With their tributaries and other smaller streams, they pour a large volume of water into the lakes constantly. Irrigation, so necessary in a large portion of the Snake river basin, of which this valley is a part, though having no surface communication by water courses, is not required here, crops reaching the highest perfection without artificial watering.

The soil is similar to that of the celebrated wheat belt at the north-western base of the Blue mountains, in Walla Walla and Umatilla counties, and though little wheat has been raised as yet, those who have cultivated that cereal are satisfied with the result.

A BILL FOR FORMATION OF HARNEY COUNTY
As introduced in the House by Hon. G. W. Gilham, and read first time January 6, 1889:

SECTION 1. That all of that portion of Grant county lying south of the following described line be and the same hereby is created and organized into a separate county by the name of Harney, viz: Beginning at a point where the west line of Grant county crosses the town ship line between townships 19 and 20 in said county of Grant, and running thence east on said township line to the west line of the old Malheur Indian reservation in said county of Grant; thence north following the west line of said Indian reservation six miles; thence east to the east line of Grant county.

SECTION 2. That the said territory shall comprise a county for all civil and military purposes, and shall be subject to the same laws and regulations and be entitled to elect the same officers as the other counties in this State. Provided, that it shall be the duty of the Governor, as soon as convenient, to appoint for Harney county and from its citizens the several county officers allowed by law to be elected in this State, which said officers, after duly qualifying according to law, shall be entitled to hold their respective offices until their successors are duly elected at the general election of 1890, and have only qualified according to law.

SECTION 3. It is hereby made the duty of the Governor of Oregon to locate the temporary county seat of the said Harney county, until otherwise ordered, as provided in the Act. At the next general election the question of the location of county seat shall be submitted to the legal voters of said county and the place receiving the majority of all votes cast shall be the permanent county seat of said county.

The county court of Harney county shall not expend a larger sum than five hundred dollars of the funds of said county for the erection of county buildings until after the first day of July, 1890.

SECTION 4. The counties of Grant and Harney shall constitute one representative district, and the legal voters of said district shall be entitled to elect jointly one representative to the legislative assembly of the State, and the counties of Grant, Morrow and Harney shall constitute one Senatorial district, and the legal voters of said district shall be entitled to elect jointly one senator to the legislative assembly of this State.

SECTION 5. The county clerk of Grant county shall send to the county clerk of Harney county, within thirty days after this Act becomes a law, a certified transcript of all delinquent taxes from the assessment roll of 1888 that were assessed within the limits of Harney county for 1888, and the said taxes shall be payable to the proper officer of Harney county.

The county treasurer of Harney county shall out of the first money collected for taxes pay to the treasurer of Grant county the full amount of the State tax on the assessment roll of 1888 due from the citizens of Harney county.

The said clerk of Grant county shall also make out and send to the clerk of Harney county, within the time above limited, a transcript of all cases pending in the circuit and county courts of Grant county between parties residing in Harney county, and transfer all original papers in said cases to be tried in Harney county.

crease in population has been very rapid, and the new comers are of the most desirable class, being farmers with families, men who by energy and good citizenship build up the country and develop its latent powers. They are erecting comfortable houses and barns, chiefly frame structures, and are using rails and wire for fencing.

Wells of living water are made in any portion of the valley by digging to a depth of from six to fifteen feet, and the water is excellent for drinking and domestic use. Except along the water courses, which are fringed with a light growth of birch and a dense growth of willows, the valley contains no timber, but the adjacent mountains are covered with a dense growth of pine, fir, juniper, mountain mahogany, etc., and several saw mills there supply the settlers in the valley with lumber at reasonable prices.

It will not be long before the period of isolation from the world's markets will be terminated by the construction of a railroad through the heart of the valley. The Oregon Pacific is already pushing eastward through the Cascades from Albany, and within two years, at the latest, the locomotive's whistle will be heard in Harney Valley.

When that day arrives, the valley will cease to be "way off" in the mountains, but will be as near market as many older and better known regions equally distant from Portland, but which have earlier enjoyed the good fortune of being reached by those great highways of commerce. Here is to be found the best opportunity now existing in Oregon to secure desirable vacant lands. Nothing but their distance from the usual routes of travel has kept them from being settled upon long ago, and now that the embargo of isolation is so soon to be removed, a great influx of settlers may confidently be predicted. In fact, the tide has already set in, and appearances indicate that when the railroad reaches the valley it will find the lands well occupied and prepared to give it a generous support. Stock and agricultural products will supply a large quantity of freight, and the road will be able to offer two seaports to shippers, one at Portland and the other at Yaquna Bay.

SECTION 6. The county of Harney shall be attached to the Sixth Judicial District for judicial purposes, and the terms of the circuit court of said county shall commence on the third day of May and second Monday in October of each year.

SECTION 7. The first term of the county court of Harney county shall commence on the fifth Monday after this Act becomes a law, and thereafter the regular terms of said county court shall commence on the first Monday of April, June, August, October, December and February of each year.

SECTION 8. Until otherwise provided, the county judge of Harney county shall receive an annual salary of three hundred dollars.

SECTION 9. Until otherwise provided, the county treasurer shall receive an annual salary of two hundred dollars.

SECTION 10. The county of Harney, within one year after its organization by the appointment of its officers as herein provided, shall assume and pay to the county of Grant, a just proportion of the indebtedness of Grant county, after deducting the regular terms of said county court of Grant county; and the county judge of Grant county and the county clerk of Harney county are hereby designated a board to determine the value of such property, and the amount of indebtedness to be assumed by said Harney county, and to report thereon to the county court of Grant county on the first Monday in May, 1890, and thereafter as convenient, and proceed with said work, and when completed file a report of their proceedings in duplicate with the clerks of Grant and Harney counties; and in case of disagreement between the said county judges of Grant and Harney counties in the use of the circuit judge of the Sixth Judicial District, whose duty it shall be to assist in determining as to what is just and equitable between the said counties of Grant and Harney, and shall have the casting vote in case of a tie between the said county judges. The said county judge of Grant county shall receive for his services the sum of five dollars per day for each day actually employed traveling to and from said county seat of Grant county, and for each day consumed in work for which they are appointed, and mileage at the rate of ten cents per mile in going to and returning from said county seat of Grant county, and such expenses shall be borne equally by Grant and Harney counties; and in case the said county judge is called to assist in said work he shall receive the same compensation as herein provided for the said county judges, to be paid equally by the said Grant and Harney counties.

SECTION 11. The county judge of Harney county shall file by contract to the lowest efficient bidder, the work of transcribing all records of Grant county, and all records situated in Harney county, and when concluded they shall be examined and certified to by the clerk of Harney county, and actually transferred to the several school districts of Harney county.

SECTION 12. It is hereby made the duty of the treasurer of Grant county within thirty days after this Act becomes a law, to pay over to the treasurer of Harney county the order or the school superintendent of said county, all school moneys then in his hands, to be paid to the several school districts of Harney county.

SECTION 13. Inasmuch as the citizens residing within the limits of the territory embraced in the proposed county of Harney labor under great inconvenience in the transaction of necessary business at their county seat (Canyon City), this Act shall take effect and be in force from and after its approval by the Governor.

Sec. 6. The county of Harney shall be attached to the Sixth Judicial District for judicial purposes, and the terms of the circuit court of said county shall commence on the third day of May and second Monday in October of each year.

Sec. 7. The first term of the county court of Harney county shall commence on the fifth Monday after this Act becomes a law, and thereafter the regular terms of said county court shall commence on the first Monday of April, June, August, October, December and February of each year.

Sec. 8. Until otherwise provided, the county judge of Harney county shall receive an annual salary of three hundred dollars.

Sec. 9. Until otherwise provided, the county treasurer shall receive an annual salary of two hundred dollars.

Sec. 10. The county of Harney, within one year after its organization by the appointment of its officers as herein provided, shall assume and pay to the county of Grant, a just proportion of the indebtedness of Grant county, after deducting the regular terms of said county court of Grant county; and the county judge of Grant county and the county clerk of Harney county are hereby designated a board to determine the value of such property, and the amount of indebtedness to be assumed by said Harney county, and to report thereon to the county court of Grant county on the first Monday in May, 1890, and thereafter as convenient, and proceed with said work, and when completed file a report of their proceedings in duplicate with the clerks of Grant and Harney counties; and in case of disagreement between the said county judges of Grant and Harney counties in the use of the circuit judge of the Sixth Judicial District, whose duty it shall be to assist in determining as to what is just and equitable between the said counties of Grant and Harney, and shall have the casting vote in case of a tie between the said county judges. The said county judge of Grant county shall receive for his services the sum of five dollars per day for each day actually employed traveling to and from said county seat of Grant county, and for each day consumed in work for which they are appointed, and mileage at the rate of ten cents per mile in going to and returning from said county seat of Grant county, and such expenses shall be borne equally by Grant and Harney counties; and in case the said county judge is called to assist in said work he shall receive the same compensation as herein provided for the said county judges, to be paid equally by the said Grant and Harney counties.

Sec. 11. The county judge of Harney county shall file by contract to the lowest efficient bidder, the work of transcribing all records of Grant county, and all records situated in Harney county, and when concluded they shall be examined and certified to by the clerk of Harney county, and actually transferred to the several school districts of Harney county.

Sec. 12. It is hereby made the duty of the treasurer of Grant county within thirty days after this Act becomes a law, to pay over to the treasurer of Harney county the order or the school superintendent of said county, all school moneys then in his hands, to be paid to the several school districts of Harney county.

Sec. 13. Inasmuch as the citizens residing within the limits of the territory embraced in the proposed county of Harney labor under great inconvenience in the transaction of necessary business at their county seat (Canyon City), this Act shall take effect and be in force from and after its approval by the Governor.
