Harper's Weekly gives the fol-
owing succinct account of the Johnstown horror; this week's edi-
tion will contain full particulars profusely illustrated.
on Fridas M, May which held a lake in chack a dam which held a lake in check in the
mountains of Cambria County,
Pennew Pennsylvania, gave way, and be.
fore the inhatitants of the valley were fully aware of their danger the waters were upon them, and the
towns and the people were engulfed.
The latest wimate places the loss The latest estimate places the loss
of life at six thousand, and the of life at six theosand, and the
damage to property at many millions of dollars.
Johnstown a flourishing
the place, at the eastern terminus of the
western division of the Pennsylva nia Canal. It is the county seat of
Cambria County, and is situated in a valley of the Alleghany Mount
ans, at the junction of Conemer Creek and Stony Creek, which form cight milesa from Rititsburgh. number of small villages along the creek and river are incorporated in
Johnstown torough. The inhabi-
tants of the borough number above tants of the borough number abov
20,000 . The Cambria Iron Con pany has its works there, and em-
ploys several thousand persons in
 contains a number of tanneries,
flour, planing, and woolen mills,
several baiks, several banks, sixteen churchs, and
schools, Two schools. Two and a half miles
east of Johnstown is the site of the
ene reservoir, which was one of the
feeders of the Pennsylvania Canal. It is now owned by a corporation,
under the title of the South Park Fishing and Hunting Club. This water, formerly known as Cone-
maugh Lake, is from 200 to 300 feet above Johnstown. It is one
and threempuarter miles in and a mile to a mile and a quarter in breadth, and in some places 100
feet in depth. The dam which
held the water in check is 1000
feet wide, 90 feet in thickness at feet wide, 90 feet in thickness at
the base, and rises to a height of about 100 feet. It is over 20 feet broad at the top. The reservoir
held more water than any other of held more water than any other of
its kind in the United States. Along
the Conemaugh Creek, which flows from the reservoir or lake, are istuthe first of which is known as South
ther
ter Fork, of about 1400 inhabatiants.
Mineral Point, with a popultation of Mineral Point, with a population of
several hundreds, is below, and the several hundreds, is below, and the
other smanl towns, with the excepother small towns, with the excep-
tion of Cambria City, are incorporated in Johnstown borough.
Eighteen milos below, in the valley, is the town of Bolivar, Westmoreland county. The mountains on either side from South Fork to Bolivar form a perfeet roadway, which admits of no outlet, and through which the water flows. About
noon on Friday, May 31st, noun on Friday, May 3 stt, a low
rumbing noise was heard, which people could realize the dieater volume of water swept down the
ver narrow valley and carried every-
thing before it. The dam had
burst and the lake was emtying its burst and the lake was emtying its
