 THE HERALD acknowledges receipt of invitation to attend the Fourth Annual Commencement Exercises of St. Francis Academy, of Baker City, Or., Thursday, June 13th, 1889, in Rust's Hall. The program is an attractive one, and is a credit to the management of the academy.

 EXCHANGE NOTES.  
 Silver State: Following is the best estimate of the loss of life and property yet prepared:  
 Mineral Point—Lives lost, 16; property, \$100,000.  
 East Conemaugh and Franklin, the town borough—Lives lost, 38; property, \$1,200,000.  
 Woodvale—Lives lost, 300; property, \$3,500,000.  
 Johnstown and Millville—Lives lost, 7,000; property, \$18,000,000.  
 Kernville—Lives lost, 600; property, \$300,000.  
 Cambria—Lives lost, 1,100; property, \$750,000.  
 Minersville—Lives lost, 8; property, \$15,000.  
 Morrellville—Lives lost, 1; property, \$10,000.  
 Sheridan and Coopersdale—No lives lost; property, \$75,000.  
 Pennsylvania Railroad, \$15,000,000.  
 Total lives lost, 9,063; property, \$34,075,000.  
 The loss of life in Johnstown proper is but little more than guess. It is too large a place for anybody to know everybody, and the survivors are so scattered that the registration of the living which has reached 12,000 in the district, indicates nothing. The loss in the smaller towns named is obtained from the leading men in each, who have in a measure got their heads again and are able to think with some coolness.  
 Roseburg Plaindealer: Hon. L. D. Montgomery of Galesville was in the city this week and filled his bonds as agent of the Indian Depredation Claims; S. Abraham and W. F. Benjamin bondsmen. Mr. M. will assume his duties as soon as he receives his commission.  
 J. E. Ragon who has been a citizen of Roseburg for several years, left us Sunday for Harney valley with his family to permanently reside. Mr Ragon's long residence in Roseburg has endeared him and family to all his neighbors, and they will join with us in wishing they may find a pleasant home and enjoy life as they richly deserve.

We will often think of them "When the candles are lit in the parlor and the stars in the calm azure sky."  
 Roseburg sent the Johnstown sufferers \$100 by telegraph Tuesday, and the ladies relief entertainment raised about \$50 more.  
 J. M. Taylor brought to this city, Saturday, a large panther, cougar or California lion killed about ten miles east of the city. It measured 7 feet from tip to tip.  
 Silver State: Joseph Lorentz left here Saturday evening for Stauffer & Sweetser's ranch, four miles above town, and told his family he would be back at 7 o'clock next morning. His son, a lad about ten, went up the road yesterday morning to meet his papa, but not seeing him on the road, continued on to the ranch, where he saw the team his father had been driving partly hitched to the wagon. The boy went to the house, which he found locked, and called his papa, but got no answer. He took a box, placed it near the window, and looking into the house, saw his father lying on the bed. Again and again he called, but getting no answer, realized the cause, ran back to town and told his friends that his papa was lying on the bed looking pale, and would not answer him. Charley Neth and John Cradon drove to the ranch and Fred Stauffer Jr. took Dr. Kent along. They found the door locked, and Mr. Lorentz lying on the bed a corpse. It appears that while hitching up the team to come to town, he was kicked and trampled upon by the horses, as there were wounds on the head indicating the skull fractured. Doubtless dazed by the kick, Mr. Lorentz went to the house, locked the door inside, took off his boots and lay on the bed, where he evidently died in a few minutes, and without a struggle. Deceased came to Winnemucca from Alsace, eight years ago, was an industrious, inoffensive man, and he leaves a widow and three children.  
 Prineville News: A few fields of spring-sown grain in this vicinity are "burning" (turning prematurely yellow) for want of rain. Fall-sown crops are not suffering so badly.  
 It is unlawful for any person or persons to put any part of the carcass of any dead animal into any river, creek, pond, road, street, alley, lane, lot, field, meadow, or common, or if owners knowingly permit the same to remain in any of the aforesaid places, to the injury of health or annoyance of citizens, every person so offending shall be fined not less than two dollars nor more than twenty-five dollars.  
 Bayard Taylor's Famous Book—Offer Good Only till July 1.  
 "Views Afoot or Europe Seen with Knapsack and Staff," by Bayard Taylor, the most popular book of travels ever published by an American author, of which large editions have been sold at \$1.50, is now published in a handsome, big-type, cloth-bound volume of 481 pages at the remarkably low price of 50 cents, or three copies for \$1.10 post-paid! This price is to continue till July 1st only. It is one of Alden's Literary Revolution schemes to attract attention to his large catalogue of standard books. He ought to sell a million copies! No traveler ever saw more than Taylor, or told his adventures in more vivid language. His pen pictures are charming, his book an American classic. Aside from its literary merit this story of the plucky lad who was determined to see Europe with or without means, serves as an inspiration to all young men to rise above their surroundings and make a like success of life. You may order the book direct, or through any book-seller or news-dealer.—JOHN B. ALDEN, Publisher, New York, Chicago, or Atlanta.  
 Clinton Pennington the Rye valley murderer, of May 28, was convicted in Baker City, on June 16th, of murder in the first degree of Chas. B. Balcom, the jury's decision announced after an absence of only four hours.  
 THE author of "Joe Bowers":  
 "My name it is Joe Bowers,  
 I have a brother like,  
 I'm just from old Missouri,  
 Yes, all the way from Pike."  
 Is said to be living a hermit life in the neighborhood of Nestucca bay on the Oregon coast.  
 —Guardians of the school children's interest in this county will find the perusal of Prof. Baker's article of material advantage to them.

To the Patrons of the Public Schools of Harney County, Oregon.  
 By vote of the various County Superintendents of Oregon in December last, a new series of school books were adopted, the change to take effect October 1, 1889.  
 The new readers, (Barnes series) are to be exchanged free for a similar grade of the present series; the "exchange" offer will continue in effect from Aug. 1, 1889, to Nov. 1, 1889, when the regular retail price will have to be paid.  
 I have made arrangements with the Publishing Company to have the new books for exchange at all the principal trading points in the county, so the patrons may get the benefit of the exchange of books at the least trouble possible.  
 At Burns, Geo. McGowan will be the agent.  
 At Harney, D. J. Lessing.  
 At Drewsey, A. Robbins.  
 The Burns agent will be furnished books to exchange with the districts of Burns, Silver Creek, Poison Creek, and the two Upper Island districts.  
 The Harney agent will exchange with the districts of Harney, Rock Creek and the Lower Island district.  
 The Drewsey agent, the three districts in the vicinity of Drewsey.  
 I shall make arrangements with the district clerks of Blitzen and Diamond valley districts, to collect the old readers and I will deliver them the new books.  
 Should any one wish a new book and not have an old one to exchange, the books can be bought during the "exchange" period for the following price: 1st Reader 10 cents; 2d Reader 20c; 3d Reader 25c; 4th Reader 35c; 5th Reader 45c; after which time the regular retail price will be; 1st Reader 25c; 2d Reader 45c; 3d Reader 60c; 4th Reader 85c; 5th Reader \$1.15.  
 Have the children gather up all the old readers, and see what books they need for the fall and winter term and get the full benefit of the "exchange" offer.  
 The books will be on hand on and after Aug. 1, 1889.  
 The Elementary and Written Arithmetics are also to be changed. The exchange price will be the old Elementary and 15c for a new one; the old Written and 30c for a new one of similar grade.  
 Don't forget the exchange date, Aug. 1, 1889.

THE SECOND YEAR OF  
**THE EAST OREGON HERALD,**  
 Began on Thursday, November 29, 1888.  
**Now is the Time to Subscribe.**  
 AND TO RENEW EXPIRING SUBSCRIPTIONS.  
 Will be the representative, at all times, of the Interests of the People. At all times advocating measures that look to the "greatest good to the greatest number," in accordance with the principles of Democracy  
**AS A LOCAL NEWSPAPER,**  
 THE HERALD acknowledges no superior in Eastern Oregon. It points with pride to its well-filled columns the past year, and to its evident progressive influence upon the prosperity of the great Harney valley. As in the past so in the future it will strive to make prominent note of every enterprise calculated to benefit the people; to record every advance made in showing up the resources of the Valley; to advocate Law and Order under all circumstances; to frown upon all attempts to foment discord among the people in the interest of any individual, clique or faction; to give the news of the day impartially and as fully as industrious effort and the aid of friends may enable us to obtain it; to give all the Local and Personal gossip of our section, suitable for publication, with all else of interest in this department;  
**IT WILL BE AN EPITOMIZED HISTORY OF THE VALLEY.**  
 Who know that in the rapid growth and wide proclamation of the advantages of Harney Valley lies their own best road to prosperity  
**Should Subscribe for the Herald, Themselves AND SEND EXTRA COPIES TO EASTERN FRIENDS.**  
**The East Oregon Herald**  
 Has successfully maintained itself through an ordeal of local opposition, vindictive and unscrupulous to a degree seldom equalled in country journalism; has advocated unflinchingly the rights of ALL the people of East Oregon generally and Harney Valley especially against the machinations of all organized petty cliques that sought by fraudulent misrepresentation to advance the private interests of a few at the expense of the many. Believing that "The sober second thought of the people is always right and always effective," and that "Truth is mighty and will prevail," THE HERALD has steadfastly followed THE RIGHT, and the people have given it a moral and material support that renders its permanency beyond question. As it has worked indefatigably and unselfishly in the interest of the people, it now asks for patronage that will yield something more than a bare existence. It has become valuable to all as a general newspaper, and  
**Is Now a fixed Institution of the Valley**  
**THE EAST OREGON HERALD**  
 Has, from the initial number to the present, persistently and impressively maintained that the Harney country was one of the finest agricultural regions in the Union, needing only the presence of industrious farmers to develop its wonderful resources. To prove the truth of the strong language in its columns, the proprietor gave up a part of his office room to the exhibition of the products of the Valley, and urgently asked for specimens of actual growth and for everybody to call and inspect them. Attached to each specimen was the name of the producer, often with the mode of cultivation. This was a tangible, practical presentation of the matter, which any one could verify. How successful this movement has been, hundreds can testify. All THE HERALD asks in return for its efforts to serve the people, is an increase of public patronage—a modest request when it is considered that it returns to each patron more than his money's worth. If each resident of the Harney country will subscribe or renew for himself and take one or more copies to send abroad, it will so extend THE HERALD'S sphere of usefulness as to enable all to claim that it  
**Is a true Advocate of the Harney Country.**  
**MEDIUM OF ADVERTISING,**  
 THE HERALD presents unusual advantages. It is centrally located in a new and rapidly growing country, where manufactures of all kinds are needed. We will soon have direct railroad communication with Portland and the East. Live business men of both sections should use THE HERALD'S columns to secure this great and growing trade. Its rates, proportioned to its circulation, are reasonable.
