THE HERALD. HAS LARGEST CIRCULATION OF ANY NEWSPAPER IN THIS COUNTY. Official County Paper. Local News. HARNEY COUNTY ITEMS. SATURDAY, MAY 17, 1890.

Look out for Burns races in June. Good beds and nice rooms at Burns Hotel.

N. Brown has 125 acres sowed in grain near Burns. Peter Clemens near Burns has over 30 acres in grain.

Plenty lard, hams and side bacon in Burns for cash. The best of lady cooks at the Burns Hotel and table service the best.

Messrs. Canady & Marsh will open their photo gallery some time this fall. The N. Brown flouring mill will be in operation by the time grain is cut.

A fine, free, growing-rain pushed plants rapidly forward last Friday and Saturday. E. K. Taylor proprietor of the Burns Hotel has gone to spend two weeks on his ranch on the Blitzen.

E. B. Reed, general host of Fry Restaurant, with his wife to oversee culinary department are doing well. A continual feast of good things at the Burns Hotel and the people are fast finding it out, judging from the many that are crowding the tables.

Sheep shearing at six cents a head, is all the go; thousands of fleeces falling before the experienced shearer's implement of industry; O. D. Rusk who can fleece 130 sheep per day is said to be the boss shearer.

When in Burns don't fail to call at the Burns Hotel and get something to eat, it will do you good, and then you can tell your friends when coming to Burns where to eat and rejoice, being filled with good things.

Chas. Gunther can tell as large a chicken yarn as any care to hear, well, in fact Charley has chickens of almost every variety belonging to the chicken family. Call on Mr. G. he will sell you eggs at reasonable prices.

Our blacksmith, Mr. Adolph Tupker, seems to be contented and happy; cause—plenty of work, and as he is one of those sort of men who don't like to be idle, bring on your work, Mr. Tupker will do it, and do it in a workmanlike manner.

M. R. Biggs, attorney-at-law, whose shingle looms up in front of the HERALD, office, is an attorney of remarkably moral and temperate habits, honest and straight in his dealings with his fellowmen. We feel that we can recommend Mr. Biggs to the public, as a young lawyer worthy of its patronage and confidence.

Jno W. Sayer will have a heavy Mansfield saw, and carriage, with a gang edger, to put with his big engine in the Burns saw mill. Thus leaving the old mill complete, which will remain on its present location. Mr. Cal. Geer, our Hardware and Machinery Merchant, will run in connection with the Burns Saw Mill, a five run Roller flour mill, he having a finely adjusted 70 horse power engine. That will enable the farmers of Harney Valley to have their wheat ground into flour at home, and there is no reason why, with a mill in our midst, we shouldn't have as good flour as is made in Oregon.

Don't forget when in Harney to call on Harry McClure; his saloon is supplied with the best of liquors and cigars. We have been told that several grain ranches were not seeded this season because of high water.

Plenty of beef, ham, bacon, flour, etc., in Burns, and loads of additional provision on the roads. J. C. Parker, Esq. keeps a first-class Boarding House, his table is furnished at all times with everything the market affords.

George Stancliff, of Anderson Valley, was in town this week; reports sheep, cattle and horses going splendidly, in his section of the county. Geo. W. Barnes, Jas. F. Moore, attorneys-at-law, and Alex. Connelly, and Henry Burmester, all of Prineville, came in on the Prineville stage last Wednesday evening.

Wm Page came in from Crook county last Monday and after consulting here with his attorneys, M. R. Biggs and Captain Waters, went immediately to Harney and surrendered to the authorities. When in Harney don't forget to call on L. Woldenburg & Co., dealers in clothing, boots, shoes, hats etc., which the firm sells at bottom prices. Quick sales and short profits is the motto of the house.

Just received, at the hardware store of Cal. Geer, an excellent assortment of pocket and table cutlery. Young Ralph Geer has just received the requisite tools for gunsmithing and is prepared to do any work in that line. Cal. Geer, our hardware merchant, started for Portland, Wednesday last, accompanied by his daughter, Miss Ida, who goes as far as Baker City and will remain with relatives until Mr. Geer's return. Mr. G. will order a large stock of hardware while below.

The Burns Hotel under the able management of E. K. Taylor, is doing a good hotel business. His knowledge of how best to please and accommodate his guests makes success assured, and time only is required for him to certainly get full share of the hungry travelers.

Miss Gunther, engaged in dressmaking, guarantees satisfaction to all customers, having come to our town from the East a short time ago; therefore almost a stranger in our town; we hope the ladies of Burns and Harney Valley, who desire work in her line will give her a call.

The Harney Hotel, in Harney, Robt Drinkwater proprietor, is one of the leading hotels in Harney county. Mr. Drinkwater keeps his table supplied with everything the market affords. The proprietor is affable and courteous, ever having a pleasant word for his many friends and guests.

T. J. Silman, one of the best saloon men in Oregon, will soon have a supply of the best brands of liquors, billiard tables, and other saloon furniture and fixtures. We call the attention of the public to the fact, that Tex spares no pains to please and accommodate his customers, all comers and goes him a call.

Highland Recorder (Va.): W. Cal. Byrd and son have recently become editors and publishers of a neat and well managed paper called the EAST OREGON HERALD, published at Burns, Oregon, where Mr. B. and family have lived for several years. We have the paper that indicates a change in its management by a well written salutatory by the new editors. In it they set forth the chief object of the paper, which is the further development of their already growing country. It has a decided stand in politics, which every one who knows the Byrd family might guess. We wish them success.

For a fragrant cigar go the Postoffice Store. Mr. M. M. Briery spent several days in Burns this week. Enterprise school opened last Monday, with Miss Roberts, teacher. J. Durkheimer & Co. received on last Wednesday 9 loads of freight. J. D. Shaw, Ike Baer, C. A. Sweek, W. W. Cardwell took in Harney, Friday.

HERALD is only \$2.50 a year; now is the time to subscribe to a live local newspaper. J. L. Poujade, of Cow creek, visited THE HERALD office last Thursday. He reports everything flourishing in his section. Black English currants, red and white currants, gooseberries, and cherries in blossom in the gar- plat of D. L. Grace in Burns.

T. J. Hellen, of Harney, contractor and builder, is employed, we understand, by Captain Kelley, of our town, to erect his residence. M. E. Stansell, Mr. McCoy, and C. Maey, of Canyon City, are in Burns. C. Maey will remain here and work at his trade, in the employ of P. F. Stenger.

W. G. Pierce, of Enterprise, was able to leave his bed Wednesday, but took a relapse and is again prostrate; recovery from inflammatory rheumatism is long and tedious. Mrs. W. C. Byrd is the recipient of quite a number of fine cabbage plants from Mrs. Haskell, this week. Partier wanting cabbage plants, can be supplied by Mrs. H.

J. H. Loggan, Esq., of Harney, is always glad to see his friends, who live in Burns, and vicinity, do not fail to give him a call when in Harney, and any goods in his line, you wish to purchase, rest assured can be bought at bed rock prices.

Hon Henry Blackman, our very popular candidate on the Democratic ticket for Joint Senator, bought in Burns on last Wednesday, for the firm of I. Blackman & Co, 35 sacks of wool and 1150 sheep pelts, thus leaving in our midst several hundred dollars.

Roach & Brown have a large blacksmithing and wagon making establishment in Harney, and keep well supplied with a full stock of iron and hard woods. Persons desiring anything in their line can be as well supplied as in any of the larger towns in the State. Work done promptly and satisfaction guaranteed. Although not the earliest comers, they already have a very large trade.

The grass plat of the Texas saloon is being cleaned up; the grounds surrounding the residence of Mrs. M. A. Caldwell are being put in fine order; the water near the Harris, Cornelison, McKinnon and Jamison houses is drained, and grass taking its place; a well being dug on the new N. Brown lot; gardening and plowing going forward. "Anything and everything to improve Burns" is the citizens' motto in trifles as well as matters of greater import.

The firm of J. Durkheimer & Co., which is doing a very extensive business in dry-goods and groceries, in Eastern Oregon, opened a branch house in Burns, May 25th 1889, not quite one year ago, up to this date, May 14th, 1890, their books show sales amounting to \$75,000. These figures speak well for the firm, in business point of view, and very well for Burns and Harney Valley.

The Burns School under its present management is rapidly approaching the standard and taking its place among the best schools of this part of the State, being perfectly graded and systematically conducted, its operation cannot be otherwise than highly successful, obtaining results scarcely possible with the ungraded school. We take pleasure in pointing to this, and the fact that Burns will erect a costly and commodious school house during the present year, as being among the many superior inducements offered by our town to the home seeker and permanent settler.

Tex Silman is giving his saloon a new coat of paint. Lumber for the Ralph Geer tin shop brought in to-day. T. J. Silman is building on his lot next to the Jamison residence. For good smoking and chewing tobacco go to the Postoffice Store. J. Durkheimer, of the firm of J. Durkheimer & Co., is now in Burns. An hour-and-a-quarter wind storm held its own Wednesday afternoon.

The Burns Brass Band Boys have engaged the able services of Prof. McCoy, late of Canyon City, as instructor. Fred Lunaburg will in a few days have a full stock of Eastern made boots and shoes, of the latest style, and best brands. On Monday I. A. Allison brought in 2700 lbs. of postal and express matter to the Burns post-office and the stage office, respectively.

Hon. H. Blackman is buying large quantities of wool and pelts, in Harney county. He will leave eight or ten thousand dollars with the citizens of Harney county; a good rustler will make a good officer, remember that, when you go to the polls. The millinery establishment, under the control of the Gage Sisters, is doing a good business, and the young ladies are making many friends and gaining custom. They now have a full stock in their line, and are always pleased to show their goods.

Mr. Cal. Geer has taken his departure for Portland, to attend to the shipping of the machinery designed for the saw and flour mill of John Sayer, to avoid by proper attention, all unnecessary delay, in the erection of that much needed addition to the town of Burns, also to make arrangements beneficial to himself in the hardware line, to accommodate his customers.

W. R. Gradon, County Surveyor, has just received one of the finest Smith's patent Solar Transits we have ever seen, manufactured by Young & Sons of Philadelphia. This instrument cost Mr. Gradon \$300.00 laid down in Burns. He takes pride in his work and is determined not to be surpassed in style or accuracy. Very few, if any counties in the State, are so well provided in surveying instruments as Harney county.

All persons are hereby warned when floating logs down Silves River, if they injure my dam I will hold them responsible for all damages. N. BROWN.

Burns Express Office. The only express office in the county is located at Burns, so, when your wife and daughter order from abroad, you have to come here to mail the Money Order, and to receive the goods at the Express Office—then if the country-seat be voted to Burns, one trip to town will answer a number of purposes.

Educational Notice. The Burns School under its present management is rapidly approaching the standard and taking its place among the best schools of this part of the State, being perfectly graded and systematically conducted, its operation cannot be otherwise than highly successful, obtaining results scarcely possible with the ungraded school. We take pleasure in pointing to this, and the fact that Burns will erect a costly and commodious school house during the present year, as being among the many superior inducements offered by our town to the home seeker and permanent settler.

HARNEY ADVERTISEMENTS. Harney Feed Station. Ira Boyer, Proprietor, Harney City, Or. Hay and Grain constantly on hand. Give me a call when at home.

HUNTINGTON ADVERTISEMENTS. OREGON & IDAHO WAREHOUSE. Carries a full line of FLOUR, SALT, SEEDS, GRAIN, SULPHUR, COAL OIL, BACON AND HAMS, in car lots. HAY, NAILS, BARS. Also, agent for the CELEBRATED OREGON MARBLE & LIME CO. And keep always a large stock on hand. Prices Lowest in Eastern Oregon.

The Oregon and Idaho Forwarding Company have just completed a large iron fire-proof warehouse at Huntington, and will be prepared to receive consignments of freight by the first day of April. The Company is prepared to make liberal advances on consignments of wool.

Notice. I, Mrs. M. A. Caldwell, have sold to my son, Lee Caldwell, all of my right, title and interest in the Red Front Saloon, and have taken the saloon accounts in part payment on said Saloon, and have put said accounts in A. W. Waters' hands for collection. Mrs. M. A. CALDWELL.

N. Brown's Store. In Burns, is the old reliable stand known to all in the county, as the place that can accommodate them with dry-goods, notions, men's and boys' clothing, hats, caps, groceries, all the goods usually kept in a Full-Stocked Merchandizing Store. No more energetic, enterprising business man resides in the valley than N. Brown.

The Burns Library. Is an undertaking for the purpose of establishing at an early date, in the trade-center of the county a well-stocked Public Library of new books by none but the best authors, and an attractive Reading Room, where farmers, stockmen, with their families, and transient guests in town, can always find a pleasant, quiet source of recreation during their stay in Burns. When completed it will be placed under the management of one of the most prominent temperance organizations in the State.

The French Hotel of Burns. Mrs. Louis Racine, proprietress of the French Hotel, came to Burns four years ago, and started a small restaurant. To-day the lady is at the head of the largest and neatest arranged hotel in the county, its tables supplied with all the country affords. The parlor is a model, and will compare very favorably with Eastern hotel parlors; the bedrooms are well fitted up, cozy and comfortably. Mrs. Racine also, owns a ranch of 160 acres, four miles east of Burns, nicely improved; with a good dwelling on it, and at this date, has sixty fruit trees in fine condition. And when this is told, not all is told as she is now making preparations to erect a large three-story hotel, upon which work will begin in two weeks, and will be completed and ready to be opened by September 1st. All this Mrs. Louis Racine has accomplished within the short space of four years, commencing without capital, but having (what is better than capital without it) industry, energy and perseverance.

NOTICE. All those indebted to Frank Implement Co., either by account must come forward to settle by June 1st, as all accounts not settled by that date will be put into the hands of a lawyer for immediate collection. Please come and settle at once. F. M. ...

Burns Postoffice. The distributing office of the Express Department under the management of Mrs. E. A. postmistress by appointment present Administration numbers of citizens from Harney, Silvie, and country, have their accounts sent to this office in preference to business convenience, and nearer local offices.

The following is a statement of the business transacted at the office, beginning September 1st up to date, May 14, 1890. Money Orders issued, \$17.00; Postal notes, \$17.00; Cash from Department, \$30.00; Order advices received, \$30.00; Postal notes paid, \$30.00; Letters and parcels registered, \$30.00; In transit, \$30.00; Delivered, \$30.00.

From Emigrant Co. Eda. HERALD: I am ready to correct, through the HERALD, a report, in circulation, and likely to injure to A. A. Cowing, for the office of sheriff of Harney for permanent election, and that this being against the interest of Burns, through the influence of this report is false to injure Mr. Cowing for other purpose. The voters of this community should have the office, distinctly known, that they should support Burns for coal, first, last and always.
