The Road to Wealth. Cannot be successfully treated without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties God nature has endowed us with. These faculties cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors. DR. HENLEY'S English Dandelion Tonic excites a specific influence over the liver, excites it to healthy action, removes its chronic engorgement, and promotes the secretions; cures indigestion and constipation, charges the appetite, tones up the entire system, and makes life worth living.
