If Cupid (as some think) is the devil in disguise, he (the devil) will make his presence known occasionally, and the "bucket-wheat straw" argument always leaves one less in a family of girls, and the harder the parents kick the more certain the young couple, pierced with Cupid's dart, are to have their own way. On Sunday night, August 17th, Mr. Loyd Culp and Miss Callie McPheters, of our town, eloped, ac-

companied by Mr. Dan Wilson, a cousin of the bridegroom. The objective point, we learn, of the young couple, is the opposite side of Snake river, in the State of Idaho, where a properly licensed individual will be called upon to finish tying the knot already looped by cupid. NEWCOMER. COMMUNICATION. WASHINGTON, D. C. Now that President Harrison and Blaine have had their little cape May confab the administration organs are making believe that everything is lovely in the republican camp or as it was expressed in war times "All well on the Potomac." They would have it understood that Harrison and Blaine have the most cordial affection for each other and that Blaine and Speaker Reed embrace every time they meet. Perhaps they do, but from motives of delicacy no doubt the evidence of their Damon and Pythias friendship are guardedly concealed from the public. Indeed the relation of the two Maine men are so well understood here, and society has a keen understanding that they are never invited to sit down at the same table. Possibly though they will give more proofs of brotherly love in the future, particularly as both are after the presidential chair in 1892. In truth Blaine never would have been snubbed by the ways and mean committee when he formally suggested his reciprocity plan. His spring, had not Tom Reed given it out that the Speaker and not the Secretary of state is responsible for legislation. The fact is the republican party are leading a cat and dog life just now. Harrison, it is true, subserve his own ambition has attempted to snatch up a peace and the invitation to Cape May was solely intended to placate Blaine. The secretary however is not the man to throw up his hand when he holds the trump, and the series of interviews held in the syndicate cottage resulted as it always does in the weaker being forced to accept the conclusions of the stronger man. Harrison, therefore left Cape May a Blaine captive and not Blaine a Harrison captive. The secretary has without doubt won the fight at least in this preliminary skirmish, and now he will proceed to rout the Reed McKinley crowd, horses, foot, and dragons. Look out for another reciprocity letter before many days. Grandma Hear has got so far along with the force bill as to report it to the senate. He does not however, speak with confidence as to its future prospects of his handling. He has battered the Lodge bill so badly though that you can see day-
