

LEGAL ADVERTISEMENTS.  
ATTORNEY FOR LIQUOR LICENSE.  
The Hon. County Court, of the State of Oregon, for Harney county:  
We, the undersigned, your petitioners, would respectfully request that we are each and all licensees and lessors of Breweries, would sell county, and we ask that a license be issued to J. M. Kelly, to sell and dispense spirituous, vinous and malt liquors, in less than one gallon in each precinct, for the period of six months from and after the 1st of October, 1890. Dated this 12th day of September, 1890.

—Baker City has had, lately, a saloon ascension.  
—Peter French was in Burns a day or two last week.  
—Will. Mahon of Happy valley, is in town this week.  
—W. S. Sterling of Portland, is in our town this week.  
—The New York central strike was declared off Sept. 18th.  
—Peter French, gave to the M. E. church of Burns, on last Monday, \$50.  
—Received at the Hardware store of Cal. Geer, a supply of doors and windows.  
—HERALD is only \$2.50 a year; now is the time to subscribe to a live local newspaper.  
—Attention is called to the card of Wm. Miller real estate agent.  
—We had the pleasure of shaking hands, this morning, with Chas. Clark and N. J. Lewis.  
—Some one said Henry Long was going to Idaho. "Come, Henry, we all know the meaning of that sort of a trip."  
—Mr. Ragon, who recently moved our town from the Island, had a somewhat little damage done.  
—Subscriptions for all newspapers and periodicals taken at the postoffice at publishers rates.  
—V. G. Cozad, the young and going attorney of the firm of Parish & Cozad, is visiting our town.  
—We are in the Grant County News that Duke McClain, who is well known here, has been arrested at Baker City, for forgery.  
—This office will feel truly thankful to all the farmers, and stockmen of Harney county, if they will kindly report to this office the amount of hay and grain raised by them.  
—Most every day we hear some one speak of having something to sell, or wanting to buy something. A 25 cent notice in your weekly paper will bring buyers and sellers together much quicker.  
—After you have weighed your fish or in the balance drop a single of fairness in the slot of self-examination, and ascertain your own moral avoirdupois.—Reveille.  
—Our old vil visited Harney lake last week, but little information we could get from him when he returned. He said he saw fish climbing trees, but failed to locate the trees.  
—Dr. H. M. Horton, our prominent dentist, is now permanently located in Burns, all wishing work done in his line of business, will do well by giving him a call. Office at this residence.  
—Persons desiring to publish their final proof notices in THE HERALD can leave their declaratory statements with the editor, who will attend to the necessary details at the land office.  
—To cash subscribers, sending us two subscriptions the money in every case to accompany the order, we will send them THE HERALD for one year at the regular price, and 25 good novels.  
—John Bellenbrock and wife, of Diamond valley, visited our town last week. John was a resident of our town two years ago, he is now in the employ of Peter French, and has been ever since he left here.  
—Fozy is very much on his "ear" because we called him handsome in our local last week. We take it all back Fozy, we know you are as ugly as a mud fence, wrong side out, staked with tadpoles, and lobsters on the side, still that does not hinder you from being one of the most popular saloon men in Harney county.  
—Mr. Cal. Geer, our Hardware merchant, has been very attentive to the wants of the country in his line of business and has striven hard to accommodate his customers, he has certainly kept constantly on hand everything in the Hardware line the country demands. In connection with the Hardware is the tin shop under the management of young Ralph Geer who is ready at all times to do repairing, or any work his trade calls for.  
—If you want THE HERALD and any of the following papers for one year, call at this office and you will be astonished how cheap you can get them. The S. F. Examiner, S. F. Call, S. F. Bulletin, National Democrat, Detroit Free Press, Toledo Blade, Portland World, and various other papers, also, different magazines and story papers; all of Harper & Bro's works; in fact anything in the reading line you can call for.

—Miss Ida Geer has been quite ill the last two or three days.  
—We had the pleasure of shaking hands with Walter Cross and his father, of Silvie valley, to day.  
—Notice in this issue, on this page, the adv. of Robinson & Mynatt. Give them a trial; they guarantee satisfaction.  
—Mrs. E. A. Vaughn, and John Robinson's baby, are receiving medical treatment from Dr. Ashford this week, but neither of them are dangerously ill.  
—Samual French, who lived near Prairie City Grant county, was in some way not known precisely how—thrown from his buggy near John Day, a few days ago and dragged to death by his team.  
—Robert Brown was arrested in Burns on Sunday evening Sept. 28th, by W. W. Johnson deputy U. S. Marshall, for disposing of whiskey to the Piute Indians. Fined \$8.75 and set at liberty.  
—T. J. Silman's Saloon is a favorite resort, and he deserves to be patronized, being a ways ready to lend a helping hand in cases of emergency. He also keeps the best of liquors.  
—John Morrell, one of J. S. DeVines ranch hands, left on horseback, one of the company ranches ten or twelve days ago, his destination, was (we understand) the home ranch. His horse came through all right, but John, himself, a lot been seen, neither he, or his friends heard anything of him.  
—Hay is selling at \$2.75 in Harney valley, while about \$8 is the ruling figure in this valley. When we take into consideration the fact that one ton of Grant county hay will do as far as two tons of the wild slough hay of Harney the disparity in prices is not great.—Grant County News.  
—The "News" is mistaken in the assertion that one ton of Grant county hay is equal to two of Harney valley hay. In the fact that the wording of the News item, is such as to lead people to believe that our hay is all wild slough grass, the facts are, there is not the one tenth part of our hay slough grass but it is principally blue joint, wild clover, red top, rye grass and millet, and we defy Grant county or any other county to beat it for stock, and furthermore we feel we can truthfully assert that one ton of our hay has just as much nutriment as the same quantity of Grant county hay.  
An old maid, of Georgia, whose age is 60, has never been but one and a half miles from the spot where she was born. The railroad is only three miles from her home, and she has never seen it. She has never seen a brick house.  
Notice.  
All persons knowing themselves indebted Lee Caldwell, please come and settle, for I am in need of money to send and get a winter stock of liquor.  
Beatty's Tour of the World.  
Ex-Mayor Daniel F. Beatty, of Burns, Washington, New Jersey, has returned home from an extended tour of the world. Read his advertisement in this paper and send for catalogue.  
Lost.  
On the afternoon of July 12, on the road leading from Burns to the Fry field a lady's red plush portemonnaie, containing a gold watch and some other small articles.  
The party finding the above mentioned portemonnaie, and leaving it at THE HERALD office in Burns, will be liberally rewarded.  
House and Lot for Sale.  
A good house and lot, situated in the town of Burns, can be purchased cheap, for cash. House well built and furnished inside, containing 4 rooms and one store room. Lot 50x160 feet. Warranted deed will be given. Apply at HERALD office.  
An Entertainment.  
The Burns Sunday School will give two entertainments during court week, (Oct 15th and 16th). The object of this concert, is to get money to buy an organ for the church. The program, will consist of music, recitations and dialogues. No pains will be spared by the Sunday School to make these entertainments interesting and enjoyable, and hope to receive a liberal patronage.  
Notice of Dissolution of Partnership.  
Notice is hereby given that the partnership existing under the firm name of J. Durkheimer & Co., has this day been dissolved by mutual consent. Isaac Baer retiring. J. DURKHEIMER & CO., ISAAC BAER.

Attention.  
Of all persons still indebted to undersigned on EAST OREGON HERALD accounts, viz: subscriptions subsequent to No. 28 1889, advertising and job work done prior to March 1, 1890, is called to the fact that payment must be made before 18th day of September, 1890, to save further cost of collection.  
D. L. GRACE,  
Burns Oregon Aug. 21, 1890.  
Gods blessing to humanity—So says an Oregon Pioneer Ninety Years Old.  
Forest Grove, Or., March 19—I have used the Oregon Kidney Tea and obtained immediate relief. It is God's blessing to humanity. I take pleasure in recommending it to the afflicted. I am now nearly ninety years old, came to Oregon in 1842 in the employ of the Hudson's Bay Company, and since I began using the Oregon kidney tea I enjoy good health.  
DAVID MUNROF.  
SAW MILL BURNED.  
Supposed to be the Act of an Incendiary.  
On the morning of September 30, about 2 o'clock, fire was discovered in the saw mill of Jno. W. Saver, one-half mile east of Burns. Nearly the whole town was there just as soon as possible, and immediate steps taken to save his dwelling house and as much lumber as possible. The house is situated probably 80 feet from where the mill stood. It was saved, and about 120,000 feet of lumber out of 400,000.  
The time, and the part of the building where the fire was first seen, and the circumstances connected with the burning of the building, proves conclusively that it was the work of an incendiary.  
The mill caught, or was set on fire in the planing room, some distance from the boiler with a partition between, and no fire has been kept in that room; also parties were in the room after 10 o'clock p. m., and there were no signs of fire; furthermore, one of the mill hands was up and around the mill after 12 o'clock—that he is positive—and saw nothing to indicate fire; still further evidence of the fire not being a real one, are two explosions, not far apart, supposed to have been caused by powder, which had been scattered pretty thick through the shavings, which, also, caused the fire to spread so rapidly, that—although discovered immediately after it started—the mill hands saw there was not a shadow of a chance to save the mill, and turned their attention to the house.  
Every circumstance points in the direction of a willful, malicious burning of the property by some one, for purposes only known to himself or confederates.  
It is no pleasure to newspaper men to publish an item of news of this nature. The burning of property accidentally does not lessen or increase the damage caused by the loss of the property, still if it is accidental there are extenuating circumstances connected with it which makes the loss more easily borne on the part of the one directly interested, as well as his friends and sympathizers; but when a fiend, incarnate, a devil not fit to associate with the imps of hell, a human so low, contemptible and vile in his nature as to set fire purposely to property, to avenge some wrong, or for gain, it hurts the loser to the heart's core, as also his friends; not only the loss of the property is our grief, but the greater loss of faith and confidence in our community. This is not the first fire we have had of which some HELLS miscreant was the instigator; neither will it be the last unless steps are taken to catch and punish the guilty party or parties as they deserve.  
Crop Weather Bulletin No. 28  
Of the Oregon Weather bureau, co-operating with U. S. Signal Service Central Office Portland, Oregon. For the week ending Saturday, Sept. 20th, 1890.  
WEATHER  
About normal temperature prevailed during the week. A few sprinkles of rain fell. The smoke was more dense. Frosts are reported from various sections, doing slight damage.  
CROPS.  
Cereals are all threshed and most all in mills and storehouses. Summer fallow is being worked and much wheat is already being planted. Rain is generally desired. The largest yield of wheat reported

is 80 bushels per acre, from near Forest Grove, Washington county, where fruit is fair in quantity and good in quality. The codlin moth did less damage in that vicinity than formerly. The weather is fine for curing the onion crop. Potatoes are ready to be dug. Tomatoes are ripening fast. Fall pippin apples are being gathered. Leaves of maple quite yellow. Corn harvest in full blast in Sherman county. At Heppner ice formed on 12th. Ice in foothills on 6th. Wheat at Heppner sells at 56 cents per bushel. Corn was injured by frosts on 11th, at Eight Mile, Morrow county; at Hardman, same county, melons, squashes and beans froze on 13th. Corn cutting in progress. Grass poor. Rains badly needed. Wells and springs are drying up in Umatilla county. Early apples are being gathered in Grant county. Through Harney, Klamath, Lake, Crook and Malheur counties frosts have been frequent, doing damage to vegetables. Hay is plentiful and stock in good condition.  
Harvest is over; crops gathered. Good reports as to yields come from every county; the year has been one of general prosperity to the agriculturist; the grains of the cereals are large and plump; hay yielded well and a large supply has been secured; peaches were somewhat short in quantity, but good in quality; garden products plentiful and stock in good condition.  
R. S. GAUGE,  
Observer, U. S. Signal Service.  
Dear-est Magazine.  
The ideal magazine should be like a perfect dinner: seasonable, tempting, satisfying, never heavy, each course perfect in itself, with dainty entrees and enticements to give zest and piquancy, the whole affording such pleasure and satisfaction that it leaves a desire for a repetition of the feast. This is the case with Demorest's Family Magazine for October, just received; when one has read it all through (and everyone who takes it up will do so) there is a desire to begin at the beginning and enjoy it all over again.  
The October number takes us visiting again, this time to the palatial residence of Senator Hearts of California; and when one has looked through the magnificent illustrations, one feels quite at home "upstairs and downstairs and in my lady's chamber." The young folks will all be interested in "The Game of Golf for Ladies," which is quite new on this side of the water; and old and young will read with interest and profit the curious facts about animals embodied in "Disguises in Annual Life," and soft-shell crabs will be invested with a new interest after on has read about "The First Armor-Wearers." In fact, every page is as good as it can be. Demorest's Family Magazine is the ideal magazine.  
But this month there is a special attraction; the new List of Club Premiums. Not only is there a host of handsome as well as useful articles offered, including material for an elegant silk dress, but the more than liberal offer is made that if this generous list does not include the thing or things desired, the prospective getter-up of a club may write to the publisher stating what would be liked better, and special terms will be made for the coveted article. The offer is unprecedented, anything from a paper of needles to the complete furniture of a house being obtainable without paying out a cent!  
Published by W. Jennings Demorest 15 East 14th St., N. Y.
