The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties God has endowed us with. These conditions cannot exist unless the system is in perfect working order; and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of its accompanying horrors.

DR. HENLEY'S English Dandelion Tonic

exerts a specific influence over the liver, excites it to healthy action, removes its chronic congestions, and promotes the secretions; causes indigestion and dyspepsia, obviates the appetite, tones up the entire system, and makes life worth living.

THE ONLY TRUE IRON TONIC

WILL Purify the Blood, regulate the Liver and Stomach, and remove all impurities from the system. It is the only iron tonic that is pure and safe. Address: DR. HENLEY'S MEDICINE CO., EL PASO, TEXAS.

CLIPPINGS FROM OUR EXCHANGES.

California's Senator.

The senator fight is getting hot. Charles N. Felton came up and took the same rooms in Golden Eagle hotel which W. W. Stoe generally has. Stoe, himself is present. Estee is here but his lower jaw is resting on his shirt bosom. Felton seems to have come to the front. William C. Ralston, a young San Francisco attorney, who is very close to Felton, says that Mr. Felton feels that he has the fight already unless Humboldt goes back on him. Each candidate has detectives here watching to catch the other fellow buying votes. There are at least ten private detectives in town.

He had Eight Wives.

Fort Smith, Ark., March 11.—Marion Smith, a young man 21 years of age, was taken to Greenwood, where he will be tried for bigamy. Smith admitted that he had eight wives living in this country. He married the first one when 12 years old. He gave the names of the last two as Nancy Hobbs and Adeline Smith. He said none had children; that as fast as he became rid of one he married another; that they ranged in age from 16 to 25 years. Officer Dyer, who had Smith in charge said the eight wives would all be at the train to-night to meet the husband.

Baby left on Church.

Baker City Reveille.—While services were going on at the Methodist church the other night, somebody left a newly born baby in the hall leading to the church door. It was carefully wrapped in a shawl and placed in a basket. After the services had progressed fairly, and Rev. Woods had gotten down fairly to his work, the child commenced crying and attracted the attention of a gentleman who was sitting near the door, who went out immediately and brought in the basket, and right there the services ended.

Quick Retribution.

Parkersburg, West V., Mar. 11.—The men working in the Hatfield tunnel on the Norfolk & Western extension were paid off last Friday. All the workmen except five negroes got gloriously drunk, and during the night the negroes by a preconcerted arrangement robbed the others of over \$400. When the victims discovered their loss they appealed to the leader of the famous Hatfield band of desperadoes. After listening to their story he blew a blast on a horn, and six Hatfields, mounted and armed, responded to the call. The old man putting himself at their head, started in pursuit of the negroes. About seven miles from the tunnel they were overtaken, and instantly seven rifles were leveled at their heads, while they were told to deliver the booty. The entire amount of the stolen money was recovered and \$100 of the negroes' money was taken also. The Hatfield band kept the \$400 to whom it belonged, keeping the \$100, and tucked up at the end of the tunnel, the negroes work, the \$100. Any nigger found on these premises after to-night will be attended to.

John L. Knocked out.

Athens Ga.—An express messenger who arrived here last evening says John L. Sullivan was knocked out by a train-hand on a Georgian railway. Sullivan and his company were on their way to Macon, Ga., from Columbus, S. C. Sullivan was in bad humor. When in Augusta he had got long drunk and was just sobering up when a train-hand named Townsend came through the car, and was asked by Sullivan where the dinner station was. Up to Townsend Sullivan was in a bad mood. "Don't do that," he said, "I know whether you are a fool or not." Sullivan used other language too foul to print. Townsend stood it while and then jumped into the big fellow and punched him in the heart's content. He slackened Sullivan's eyes and choked him before he was hauled off by some of the company. Townsend weighs 135 pounds but is very game. Sullivan, after the whipping tried to bluff his opponent out of the coach and soon after Sullivan cooled down.

Made a Slaughter.

On the 14th inst., the citizens of New Orleans killed eleven Italians, who were the supposed murderers of chief police, Hennessy, which occurred the 15th of October, last. Six of the Italians murdered by the citizens had been acquitted by the jury the day before, three of them the jury disagreed and 2 had not been tried.

Democratic Victory.

General John M. Palmer (democrat) was elected U. S. Senator, March 11th, in the Illinois legislature, to succeed Chas. B. Farwell. The vote stood as follows: Palmer, 103; Lindley, 100; Streeter, 1. A joint committee of seven notified Mr. Palmer, returning with him he was greeted with applause. Speaker Crafts introduced him and he made the following short speech: "Gentlemen of the thirty-seventh general assembly: You might scarcely expect me to speak at this time. I fell more like saying: 'Ain't I glad to get out of the wilderness.' I thank you 100 members for vindicating the rights of the people by plurality of votes. It was the expressed desire of the people to select a senator, and this election is historical. You men who have labored so long to elect your independent candidate also deserve my thanks. [Applause.] My republican friends, I thank you too. You in this contest represented the old method of electing senators. I thank you that the contest has been free from personalities. [Applause]

A Family Magazine.

Physical culture! What is physical culture? The present aim and the certain result of this new "fad" include the attainment of good health and a fine form; a fine form outranks a pretty face in the popular estimate of physical beauty. Who is not willing to make some effort for such a desirable attainment? It is not so difficult, after all—if you only know how; and if you want to know how, you may learn from the April number of Demore's Family Magazine, that contains a splendid article on physical culture," by Prof. E. B. Warman A. M., giving a course of exercises, profusely illustrated, which will help everybody—man, woman, or child—to acquire a graceful, supple form and without going to a gymnasium or even spending a cent for apparatus.

A Curious Find.

Eugene, March 13.—One of the greatest curiosities in a geological sense that has yet come to light, was unearthed, yesterday, and brought to Eugene to-day, where it was seen by a reporter in company with several scientific men, among whom was Prof. Thos. Condon, of the Oregon State university. The discovery was made by Fred Ralston. He started down the Willamette river in a boat on a hunting and fishing trip, intending to go to the mouth of the river. When about six miles below Eugene the boat struck a snag, breaking it open, and throwing the outfit into the river, Ralston swam ashore and yesterday he went to recover his gun and equipments which were quite valuable.
