

**Malaria**

Is believed to be caused by poisonous miasma arising from low, marshy land or from decaying vegetable matter, and which, breathed into the lungs, enter and poison the blood. If a healthy condition of the blood is maintained by taking Hood's Sarsaparilla, one is much less liable to malaria, and Hood's Sarsaparilla has cured many severe cases of this distressing affection.

**A Wonderful Medicine.**

"For malaria I think Hood's Sarsaparilla has no equal. It has kept my children well right through the summer, and we live in one of the worst places for malaria in Marysville. I take Hood's Sarsaparilla for that all gone feeling, with great benefit." Mrs. B. F. DAVIS, Marysville, Cal.

**Break-Bone Fever.**

"My daughter Pearl was taken with dengue (or break-bone) fever 2 years ago, and my friends thought I would lose her. I had almost given up hope until she began to take Hood's sarsaparilla. She took four bottles in four months, and gained 15 pounds. I thank Hood's Sarsaparilla for giving her back to me restored to health and strength." JULIA A. KING, Sherman, Texas.

\$10,000,000 for the first year and  
after that much larger, was hooted
